## How to identify nearby enemies in Rules of Survival

### 1. Location of cars

With the expert Rules of Survival players, it will definitely know the location of cars or vehicles. If you go to a place that sees these vehicles parked in a place where there is never a need, be alert. Maybe the enemy is hiding and waiting for you to attack.

### 2. Suspicious signs from the house

Careful observation of each house will also help you identify the enemy there. If the door is open, the window glass is broken, there must be an enemy coming into the house to loot, or anyone is still in it. In this situation, users can calculate to handle the enemy, taking advantage for themselves.

There are also many signs to recognize the enemy hiding in the house. Readers can refer to the article How to know the enemy hiding in the house on Rules of Survival.

### 3. There are many crystals around the location

When one is destroyed, their inventory becomes crystals. If the player sees them appear a lot at the position you set, then there is definitely a battle going on. And so, the winner can still stand there to loot things, or wait for some prey to deal with it. If you see things scattered around, go somewhere else to preserve life.

### 4. Notice the sound

The sound in Rules of Survival PC is very realistic, especially when you wear headphones. When wearing headphones we can pay attention to strange sounds around that location.

These are some ways to identify where an enemy is near you in Rules of Survival. Participating in this survival war, it is essential that you carefully observe the surrounding location. Thus, we will get the necessary

preparations to attack the enemy or defend.
