

How to Get Word 2013 for Windows 8

The new Word 2013 is compatible with Windows 8. You can download a free trial of this program to try out on your Windows 8 computer. Search for 'Word 2013' in any search browser and select a site that has a free trial available, such as...

Method 1 of 2:

Free Trial

1.

Search for "Word 2013" in any search browser and select a site that has a free trial available, such as the one for Softonic.

2.

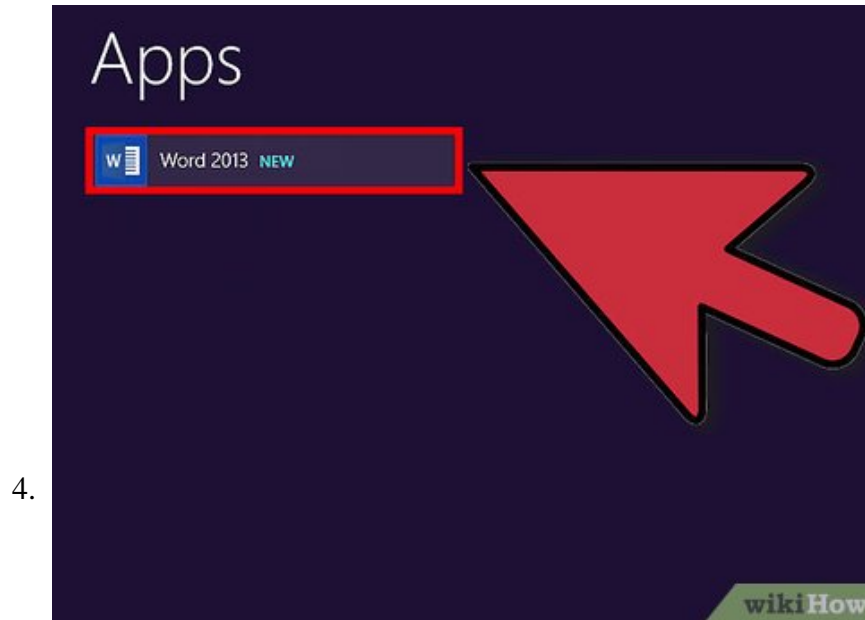

Click on the "Safe download" button in green under where it says "Word 2013" in the next page that appears.

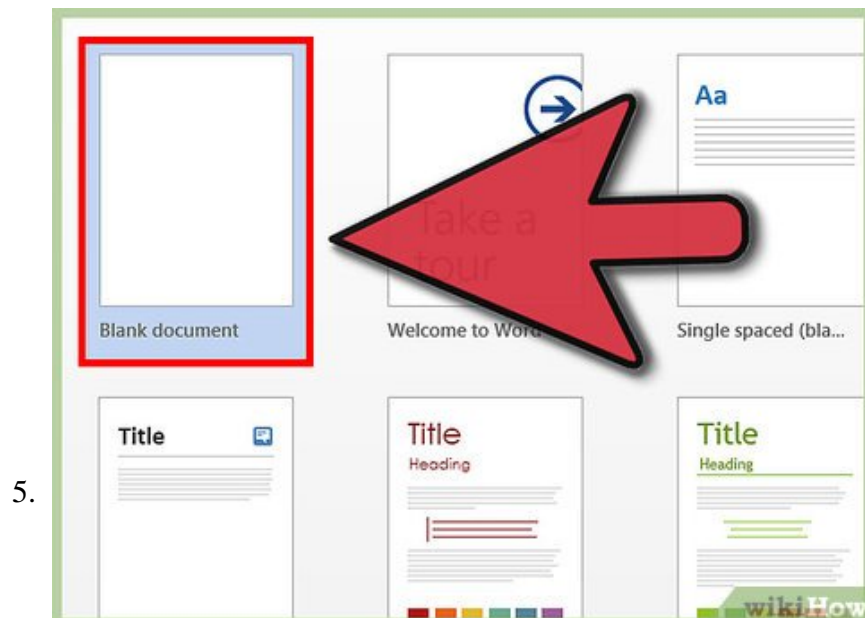

3.

Hit the green button once more, under the "free download" area. Click "Save" when the installation download screen appears. Open the file to install it on your computer after it downloads.

Search for "Word 2013" in the Start menu and select it under "Apps" in the top left corner.

Hit "Blank document" to start a new document in Word 2013.

Method 2 of 2:

Buying Full Copy

1.

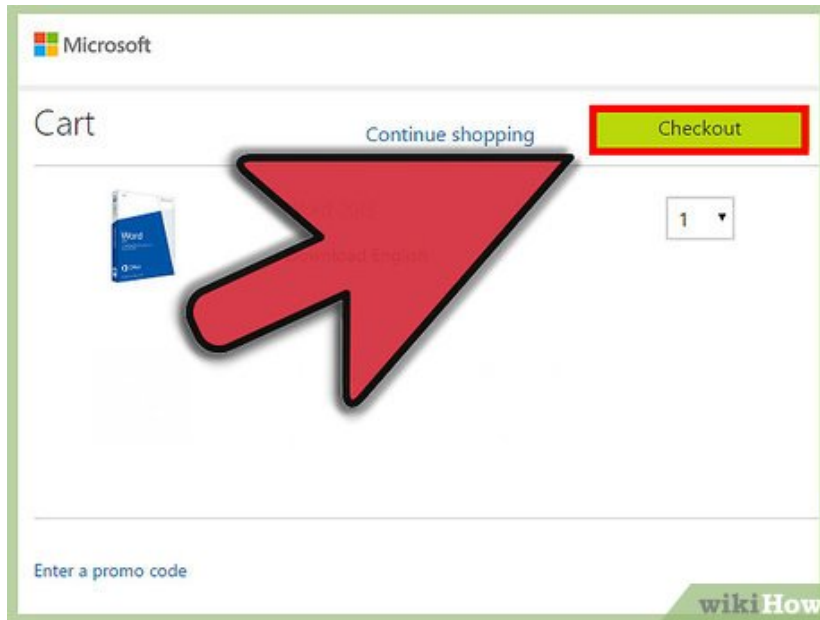

Go back to the main softonic page and click where it says "Buy now" in the orange box, as an example of where to buy the product. This will get it to you through email.

2.

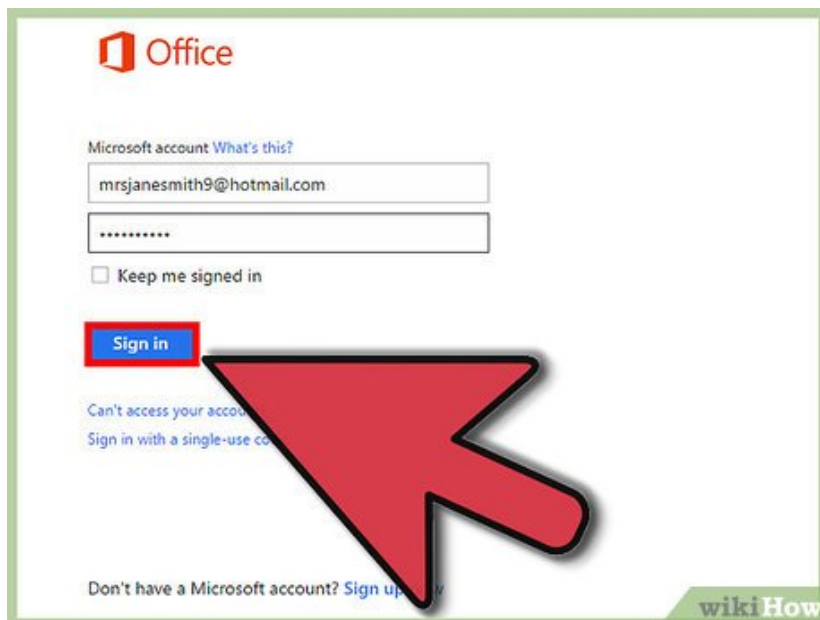

Click on the green "Add to cart" button.

3.

Hit the button in light green that says "Continue to checkout" after you've confirmed that you have the software you want.

4.

Sign in with a hotmail account, and then fill out the rest of your address and payment information. You'll then receive an email with the program and activation code for activating Word 2013.
