

How to Hack Ultimate Tactics

Here is how to hack UT it's a fun thing to learn this can basically be done with any game if you put your mind to it and your imagination Open Cheat Engine and Calculator

Method 1 of 3:

Health Hack (possible anywhere)

Enter a battle and look at your HP. Now, use the calculator and times it by 8 and enter it in the value box. Hit First Scan.

Move around until the enemy gets to you, now times the hp u have by 8 now type that into CE and hit scan.

There should be one value box left. Double click it, and change the value to 2000000000 and then freeze it.

1. Variation Mana Hack: Repeat the above steps, but use your energy numbers instead of HP.

If you want to use it on mana attacks just do the same as above but just keep using mana then freeze it.

Method 2 of 3:

Money hack (any store)

click on status while in a battle find the exp you have.Ex.exp 200 out of 300 do 200 times 8 and you'll get 160 put that in cheat engine that's the example so do that for the first one.

kill a monster and see how much exp you have now times that by 8 and put the number in cheat engine and hit next scan.

after that click on the remaining address and freeze it with however much experience you want.
(Don't do something like a million I did 200k and put on the 500xSpeed hack got up to like 4000Lvl and then changed it down to a low exp and just left it you keep the level though.)

freeze

1. you must do this for all your characters for each slot you have a character in.

Method 3 of 3:

Weapon and def and magic and speed hack and luck hack

first step is get a your old weapon and d equip that and then times the number you have for str by 8 and put it in cheat engine first scan

now time the number you have now by 8 and put in cheat engine and then hit next scan

what you basically want to do is all that for magic and everything you have.
