

How to hide all old posts on Timeline Facebook

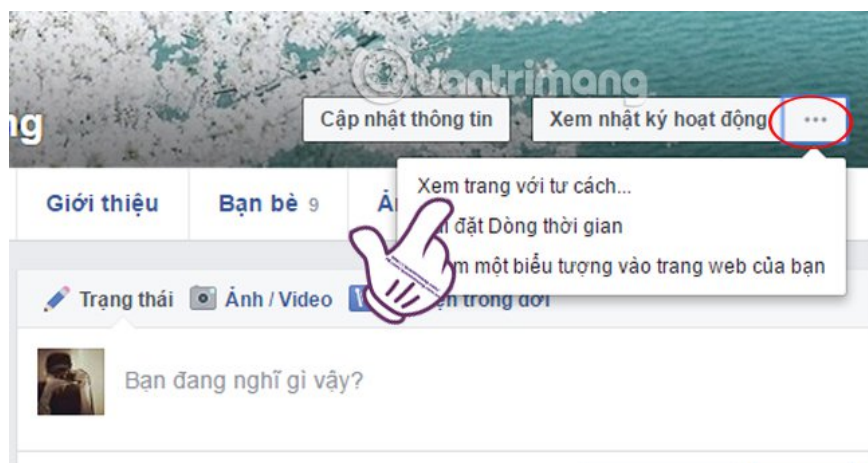

When you post a status on Facebook, you can make it public to your friends or just give some accounts a view. So what do the statuses written on Facebook want to hide?

Facebook becomes a place where we can socialize and make friends around the world. And can express your feelings through the status on Facebook. In addition, you can also use the novel style writing status to refresh your Facebook.

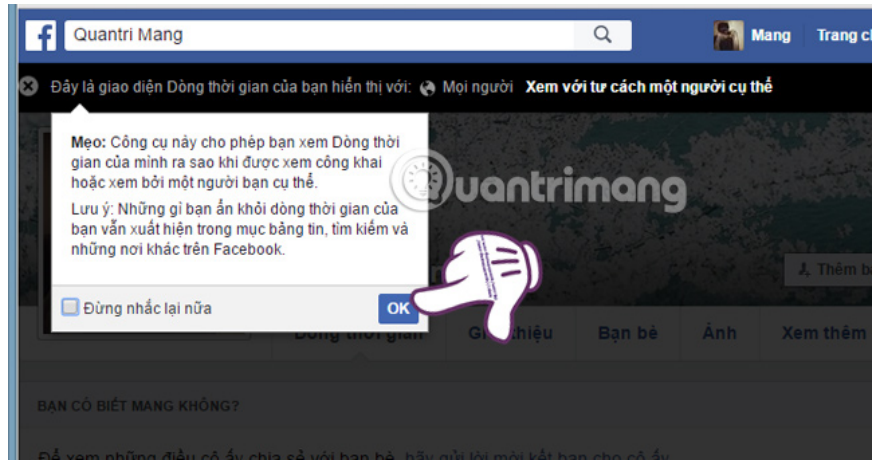

While posting status on Facebook, we can adjust post mode, like public, friends or just let some people see it. So with the old posts posted on the Timeline you also want to hide them, how to do it? In this article, we will show you how to hide old posts on Timeline Facebook.

Step 1:

Log in to **your Facebook personal account** . At the main interface, click on **3 dots** and select **View page as** . to see your Timeline as a friend.

After that, Facebook will reload the interface and the message will appear as shown below. Click **OK** .

Step 2:

We can delete posts posted to Facebook in Public mode. Click **the drop-down arrow** on each post and select **Delete**.

Appear the notifications panel, click **Delete** or **Edit posts** posted to Facebook.

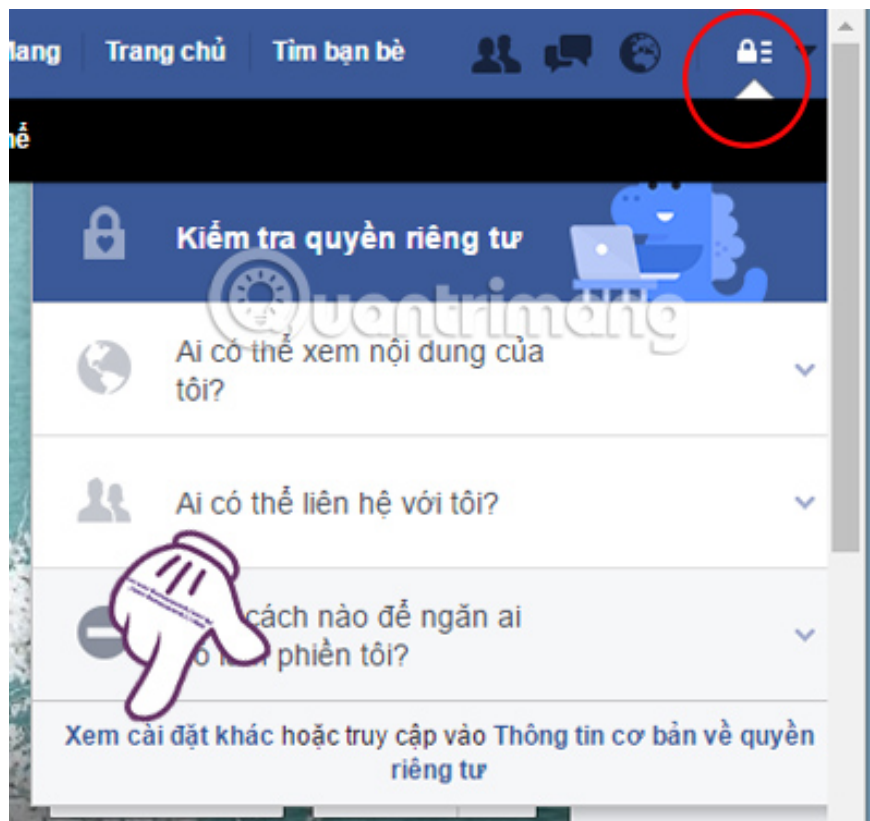

In addition, users can also click on **the lock icon** on the interface and select **Who can view my content?** Select a view for articles, People, Only me or Friends.

Step 3:

To **hide the posts posted to Facebook** before, we select **the lock icon** and select **View other settings** .

Step 4:

Next at the left interface, click on **Privacy** . Right-click content select **Limit previous posts** in **Who can view my content** .

You will then see a new notice panel appear. Click on **Limit old posts** .

Xem lại tất cả bài viết của bạn và những nội dung mà bạn được gắn thẻ

Sử dụng nhật ký hoạt động

Hạn chế đối tượng xem những bài viết cũ trên nhật kí của bạn

 Nếu bạn sử dụng công cụ này, nội dung trên nhật kí của bạn mà bạn đã chia sẻ với bạn của bạn bè hoặc Công khai sẽ thay đổi thành Bạn bè. Hãy nhớ: những người được đánh dấu và bạn bè của họ cũng có thể nhìn thấy những bài viết đó.

Bạn cũng có thể thay đổi riêng lẻ đối tượng xem bài viết của mình. Chỉ cần đến bài viết và chọn đối tượng xem muốn thay đổi và chọn đối tượng xem khác.

Step 5:

Notice and note when we change the mode for the whole article. Click **Accept**.

When you return to the Facebook interface, all the old posts on your Facebook Timeline have been switched to Friends mode. Those who are not on your friends list will not be able to view these posts.

Thus, we were able to transfer a series of old Facebook posts to friends mode, with just a few simple steps. Or users can delete, edit old posts if desired. This is much faster than if you turn each article into friend mode, if you don't want to make it public.
