**Step 3:**

So when we return to the Zalo message interface we will not see that conversation. To find the hidden message on Zalo, in **the search bar enter the name of Zalo account** . Click on the account name Zalo wants to open the hidden message. You will then be asked to **enter a pin** to open the conversation.

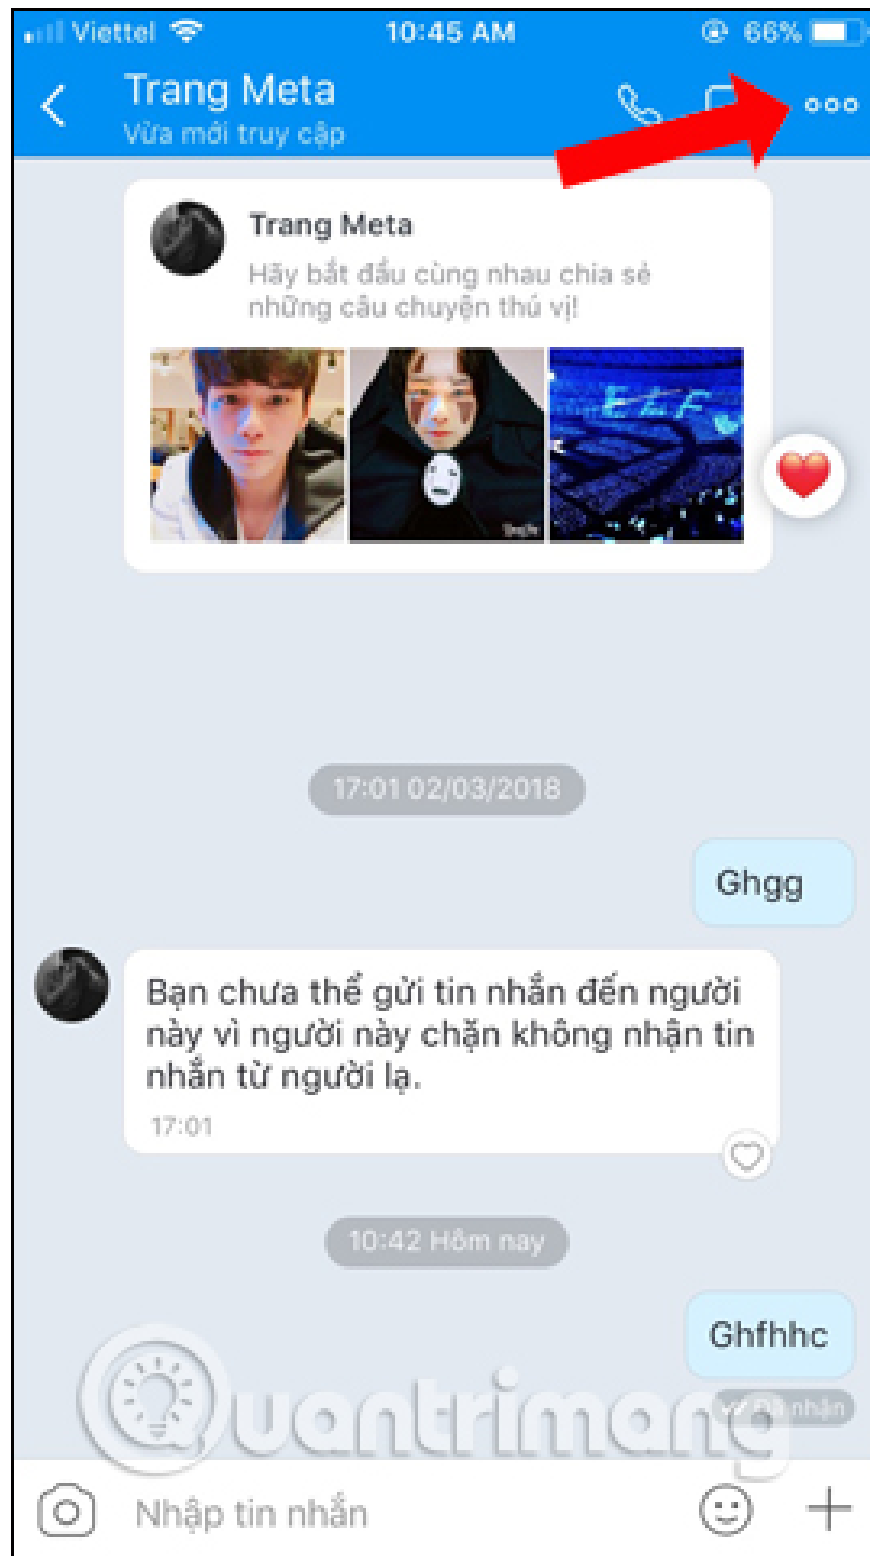

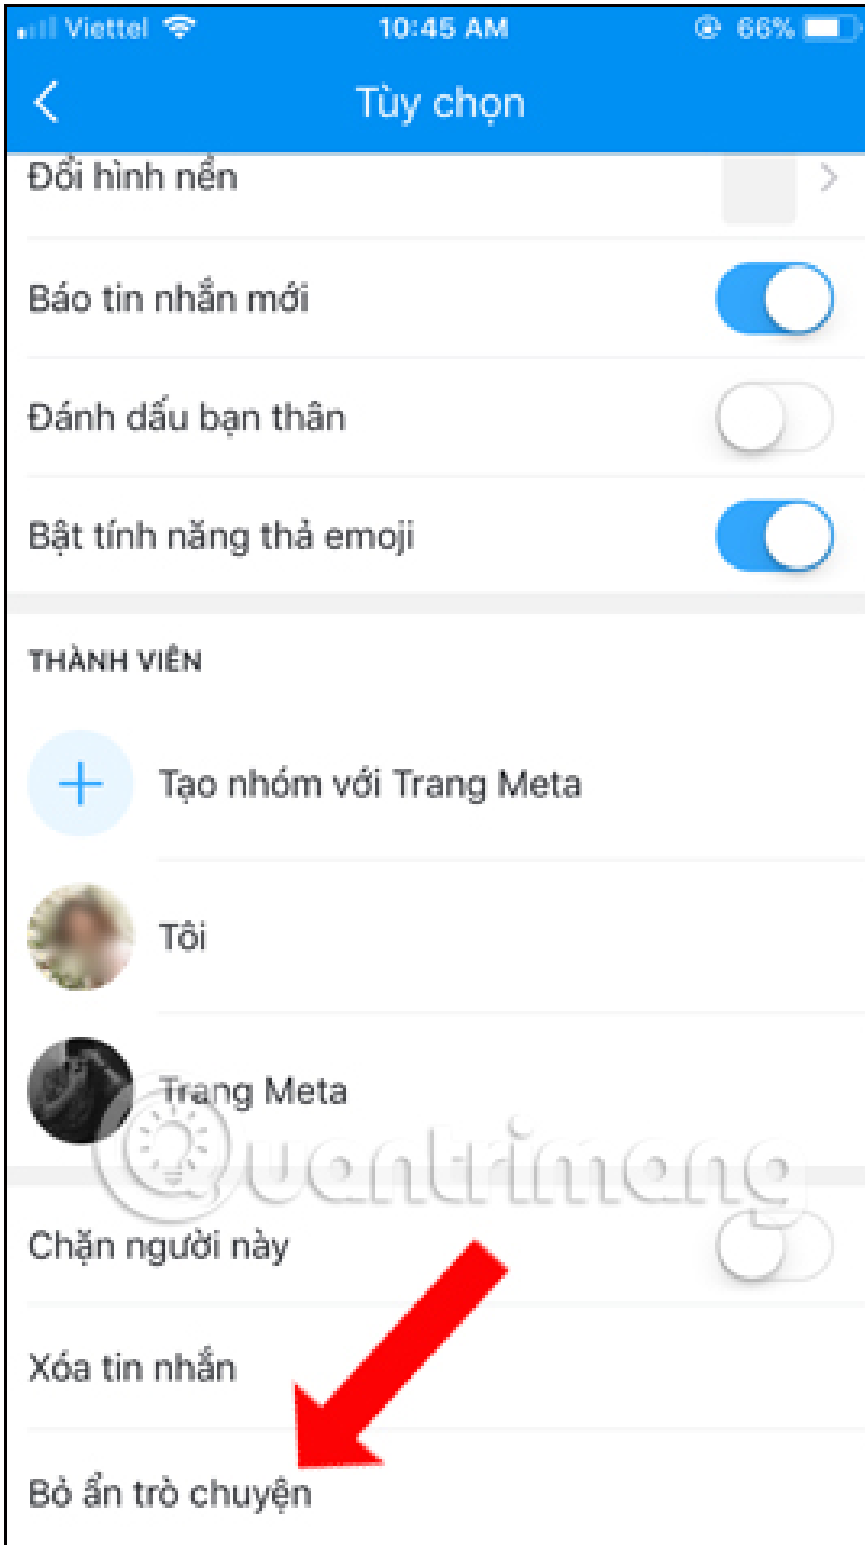

**Step 4:**

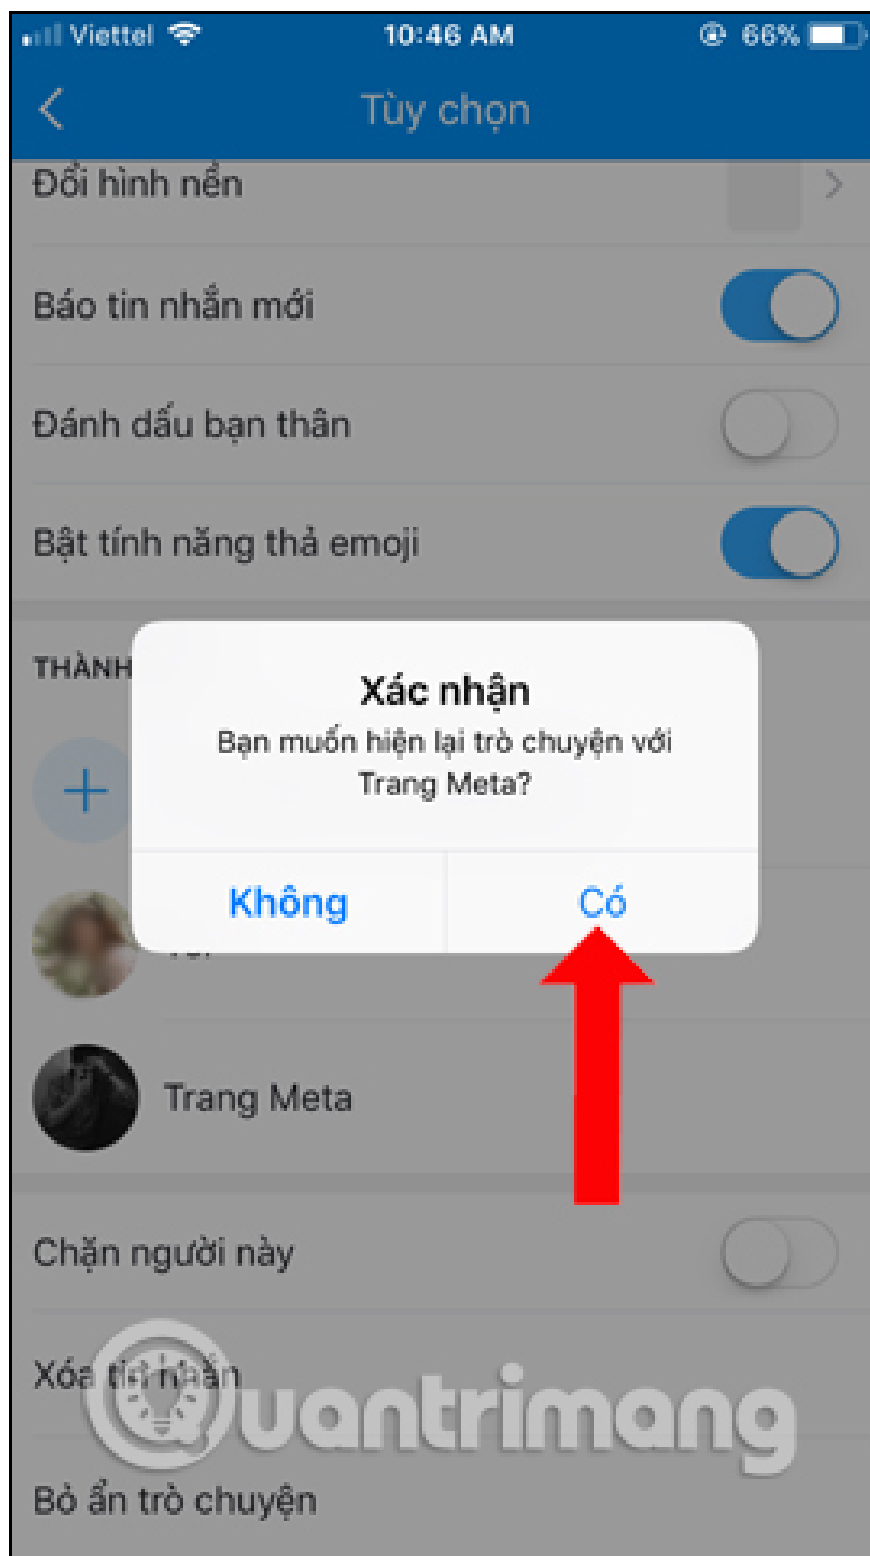

As such, we have access to the hidden conversation. However, when returning to the message interface on Zalo, the conversation will still be hidden.

To **remove the chat hidden feature on Zalo** with this conversation, click **the 3 horizontal dots icon** in the right corner of the screen. In the customized conversation view, scroll down and select **Unhide chat** .

Zalo will ask if the user is sure he wants to display this conversation, click **Yes** to confirm it is done.

With this extremely useful Zalo message security feature, you can hide secret conversations from others. The Zalo chat will only show up again when the user disables the hidden feature when accessing the chat interface.
