

How to increase free Dropbox storage

How to increase free Dropbox storage. Dropbox is one of the famous hosting services and the top quality today. However, if you are a free user, there is only 2Gb of storage for storage. 2Gb is a meager number if you need to save a lot

Dropbox is one of the famous storage services and top quality today, is trusted by many users around the world. The service has very fast data sync speed and very efficient file management. However, if you are a free user, there is only 2Gb of storage for storage. 2Gb is a very small number if you need to save a lot of data, to increase the capacity, you can buy more but the price is quite expensive. So in this article, ThuThuatTinHoc.vn will guide you how to increase Dropbox capacity completely free. Please refer.

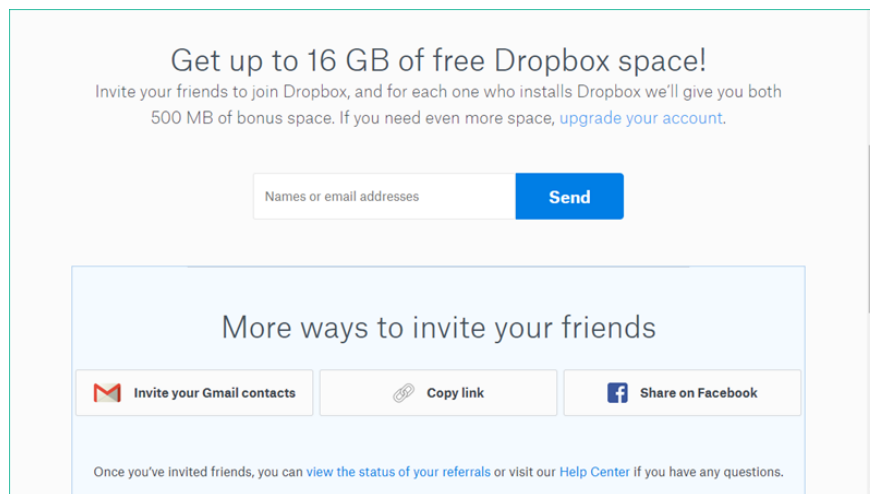

Method 1: Introduce Dropbox users

Dropbox has a program that offers 500Mb of permanent storage for those who invite new Dropbox users, up to 16Gb.

To recommend others to use Dropbox, please visit the address below:

<https://www.dropbox.com/referrals>

At the website interface you have 4 ways to invite others to use Dropbox:

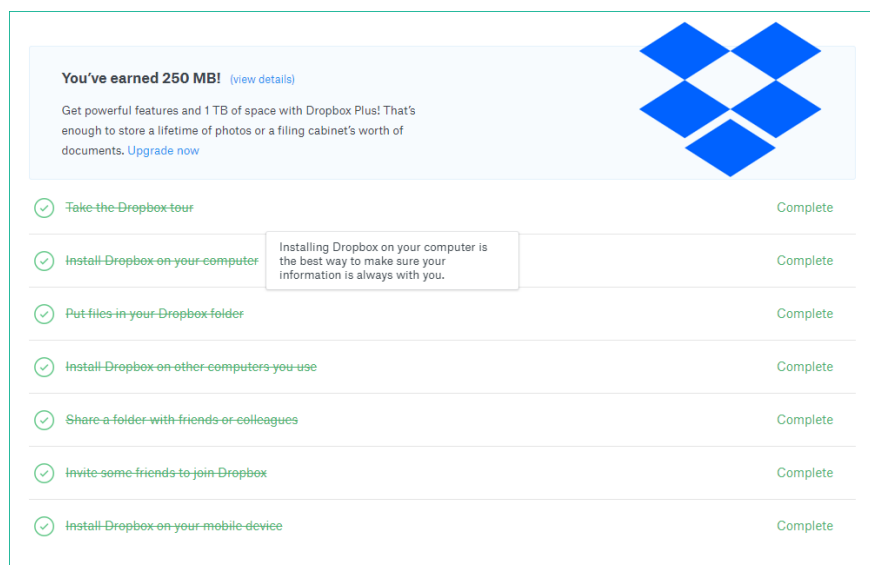

1. Enter the email address of the person you want to invite into the box and click Send.
2. Invite with your Gmail contacts.
3. Copy the invitation link and send it to a friend.
4. Share on Facebook for friends to use.

Note : After the invitation is finished, your friend must register to use Dropbox and must log in to your account on the computer for that invitation to be counted as successful and you will be added capacity. Up to 16Gb means you have to invite 32 users.

Method 2: Complete the Dropbox user guide for newbies.

This is the simplest way to get an additional 250Mb of free storage but most of us are unaware.

You just need to visit the address below and complete the steps as directed: <https://www.dropbox.com/gs>

You need to complete the introduction of 5 of the 7 requirements to be increased capacity:

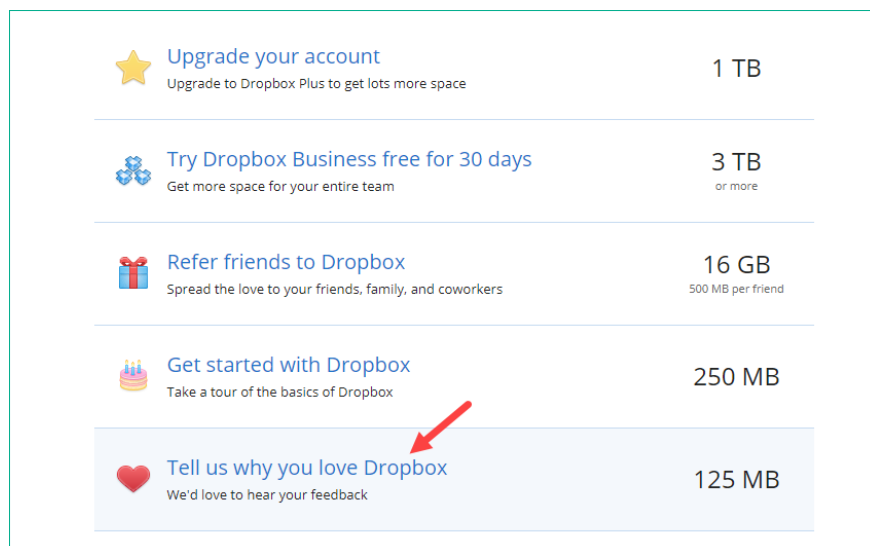

- **Take the Dropbox tour** : Click to see basic instructions in Dropbox, just follow the next page.
- **Install Dropbox on your computer** : **Install Dropbox on your computer**
- **Put files in your Dropbox folder** : Save any file to your Dropbox.
- **Install Dropbox on other computers you use** : Install and sign in your Dropbox account on another computer you use.
- **Share a folder with friends or colleagues** : Share a dropbox **folder with friends or colleagues** .
- **Invite some friends to join Dropbox** : Invite others to use Dropbox.
- **Install Dropbox on your mobile device:** Install Dropbox on a mobile device.

Method 3: Indicate the reason you like Dropbox

Just let Dropbox know why you love dropbox and you'll have 125Mb more free storage. Please visit the address below:

<https://www.dropbox.com/getspace>

Then click on Tell us why you love Dropbox, then a dialog box will appear. Enter that reason why you love and use Dropbox then click Send to Dropbox and you have 125MB right away.

Above are 3 simple ways to increase free Dropbox storage, hope you will find the article useful. Good luck.
