In addition to photo and video editing features, users can edit text in Canva with many formatting options, as well as change text content. For example, you can insert YouTube videos into text in Canva to support the text content. The article below will guide you on how to insert YouTube videos into text in Canva.

## Insert YouTube videos into Canva documents using embedding.

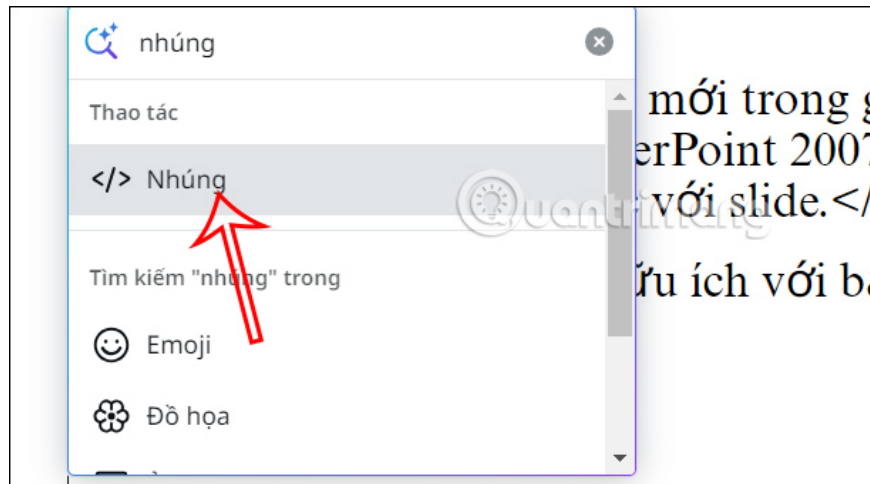

### Step 1:

First, open your document in Canva as usual, then proceed with editing if needed. At the location in the document where you want to insert the YouTube video, click the **plus icon** .

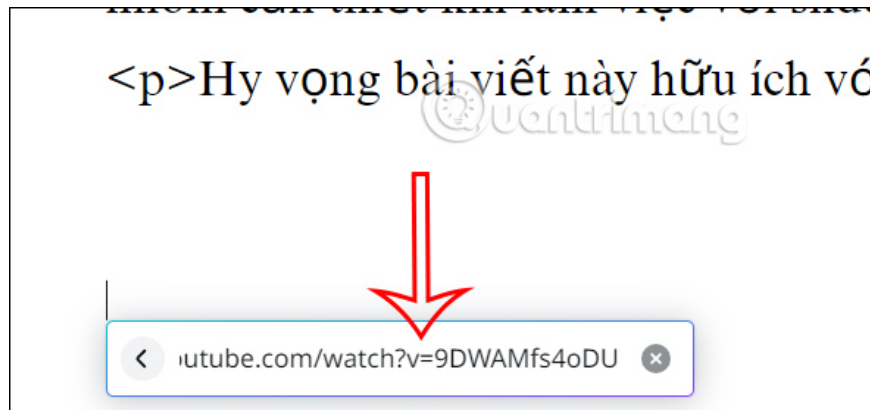

### Step 2:

Next, the interface for searching for the content to be inserted will appear. In the search bar, **enter the keyword "embed"** , then click on the search result below.

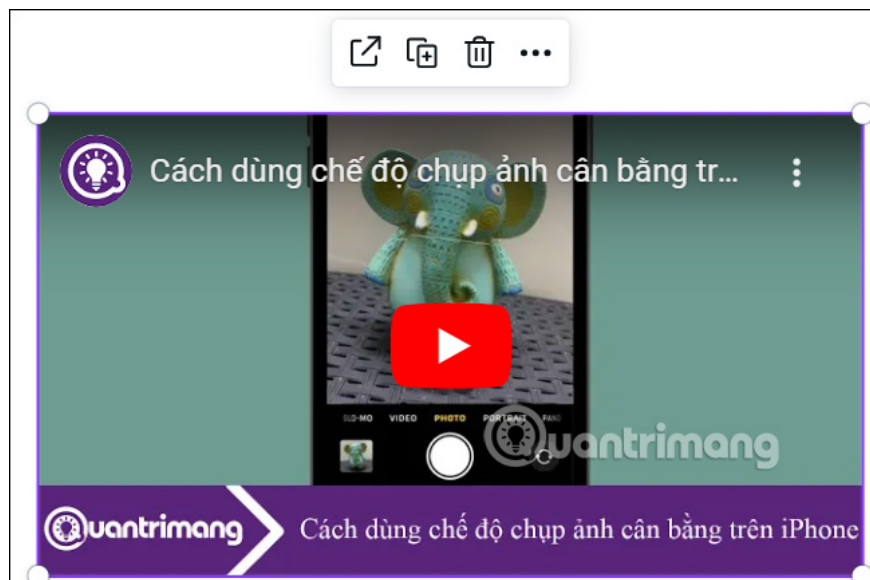

### Step 3:

Now, users simply need to **paste the YouTube video link** they want to embed into the Canva document and **press Enter** .

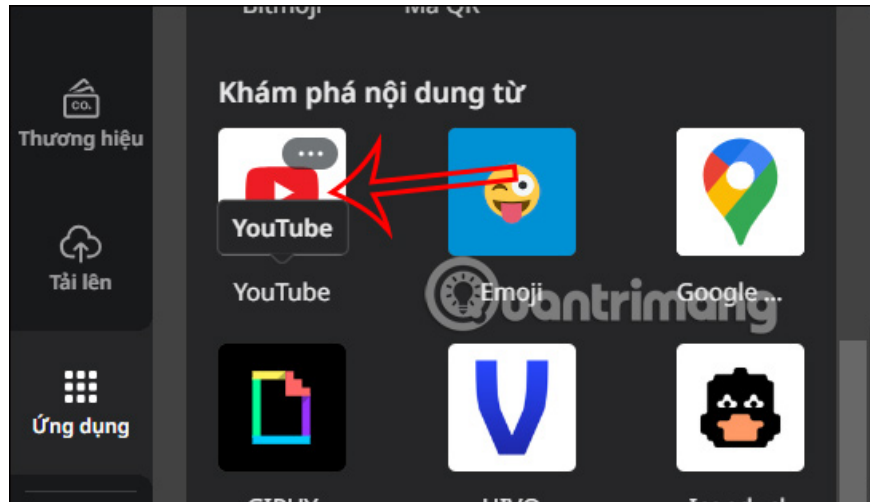

The result will be a YouTube video embedded in the text in Canva, as shown below.

## Step 1:

In the **Applications** group on the left side of the Canva interface, **find the YouTube app** as shown below.

## Step 2:

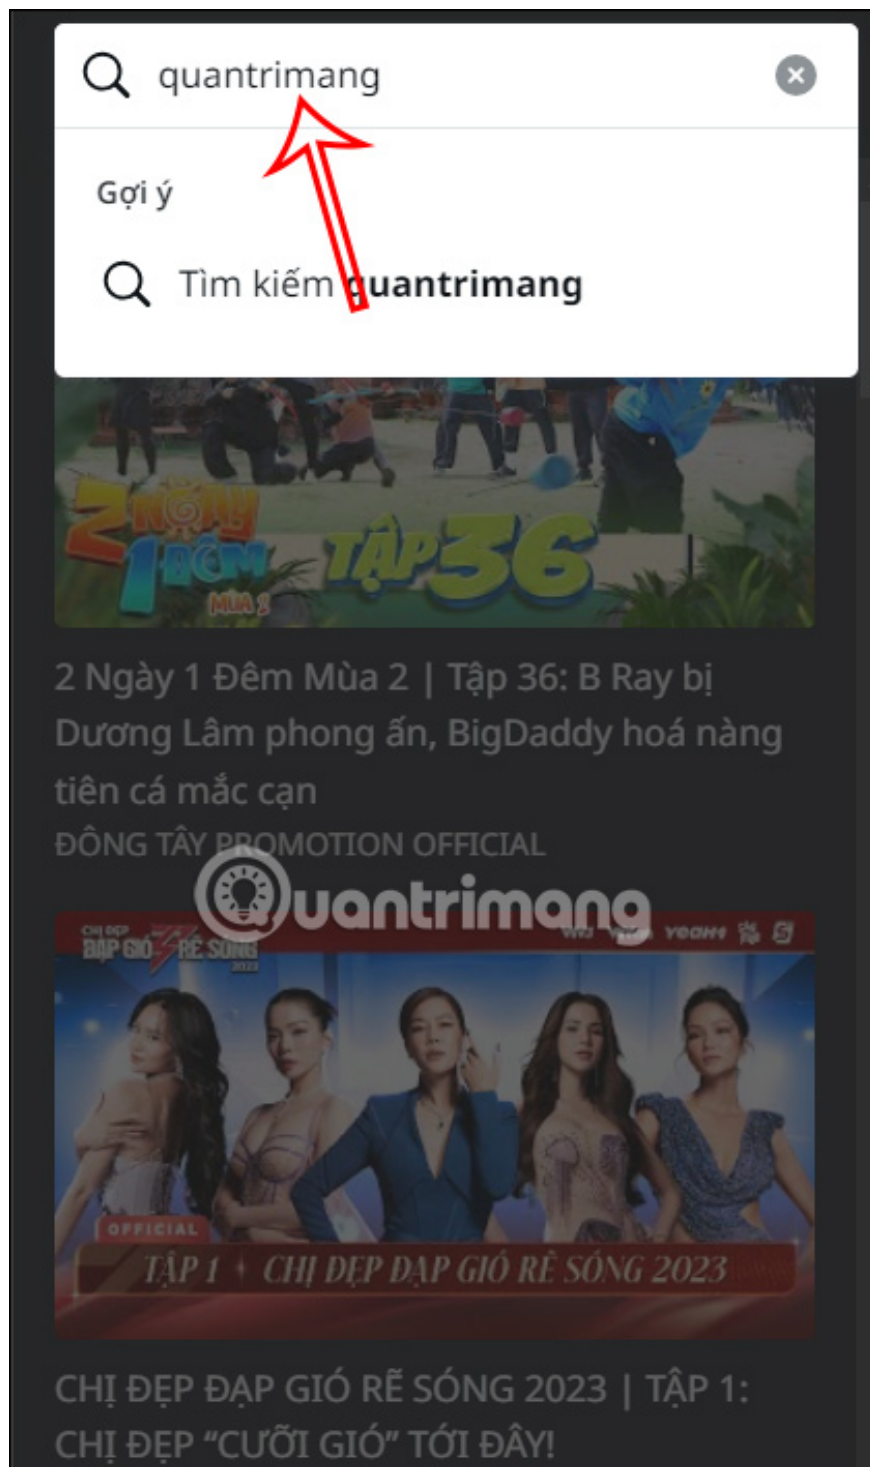

Now you will see the YouTube application interface in Canva ready to use; click the **Open button** to start using it.

The screenshot shows a dark-themed interface. At the top left is the YouTube logo and the text 'YouTube' and 'Tạo bởi Canva'. Below this is a video player with a red border and a play button. To the right of the video player is a right arrow. Below the video player is the text 'Thêm video YouTube vào thiết kế.' followed by a paragraph: 'Biến video thành một phần liền mạch trong bài thuyết trình tiếp theo. Thêm trực tiếp nội dung YouTube vào Canva và xem các video'. At the bottom is a purple button with the text 'Mở'. A red arrow points from the text 'Thêm trực tiếp nội dung YouTube vào Canva' to the 'Mở' button.

### Step 3:

The YouTube interface shown below displays trending videos. You simply need to **enter the keywords for the videos** you want to insert into your text in Canva.

**Step 4:**

This displays YouTube videos based on the keywords you enter. We will click on the YouTube video we want to embed in Canva.
