

How to install and remove applications on Smart Samsung TVs

Samsung's smart TVs now allow users to install applications on TV, so they can enjoy the Internet on the big screen. So how to install and remove them?

On the market today there is no shortage of TV series that allows users to access the Internet and download any TV application, including Smart Samsung TV series. However, not everyone knows how to download them to TV and uninstall them when not in use.

In this article, we will show you how to install and remove certain applications on Samsung Smart TV following the steps below:

Instructions for installing applications on Samsung TVs

Step 1:

On TV control, select **SMART HUB** button to access Samsung Apps.

Step 2:

Appear the Smart interface, select the **Catalog section** to access the app store.

Step 3:

In the Category section, the tags appear such as: Games, sports, videos, . Depending on the application you want to install, choose the correct card. In this case we choose Games.

Step 4:

The TV will update the applications so that users can select and download.

After you have made your selection, click **Download** to proceed with the installation on the television.

Note , the speed of downloading applications to TV will depend on the speed of the Internet connection that the TV is connected.

Step 5:

When the installation is complete, click **Open** to access the game right on the TV.

Instructions for removing applications on TV

Step 1:

Go to **Samsung Apps** section, select the application to delete. Holding the selection for 3 seconds, the selection panel appears. Select **Delete** to remove the application from the TV.

Step 2:

The TV appears to confirm the deletion. Select **Yes**.

So you can download and remove any application right on Samsung TV already.
