

How to live stream on Twitter

Live stream on Twitter, play live video on Twitter is similar to when you stream live video on Instagram or live stream Facebook.

Live stream on Twitter, play live video on Twitter is similar to when you stream live video on Instagram or live stream Facebook. Twitter is also currently a social network used by many people, so the live stream feature helps us connect with more people. While recording a live video, you can invite a friend to join, or add a location for that live broadcast. The following article will guide you how to broadcast live on Twitter.

Instructions to live stream on Twitter

Step 1:

You access the Twitter interface, then click **the tweet icon** . Then click on **the camera icon** and select **Online** mode . In this interface you can invite more participants if you want. Click **Live** to begin.
