

How to live stream with BIGO LIVE

BIGO LIVE is a miniature social network used to share video clips. The application allows you to participate in viewing and commenting on videos uploaded by users. And you can create your own streaming video channel and share it with many people.

The Live Stream movement becomes hotter than ever, when the "king" of Facebook social network resonates with this movement. Users can stream video on their phones to friends, or Live Stream video Facebook on their PCs using OBS software. And the new phenomenon emerged with the name BIGO LIVE, a social network for young people with a feature that enables us to live stream videos on iOS or Android phones.

When participating in BIGO LIVE, people can chat and meet with many friends through online videos. Or you will create a live video channel to everyone. In this article, Network Administrator will provide you with a tutorial on how to use BIGO LIVE to stream videos to friends.

How to stream videos on BIGO LIVE

Step 1:

You download the BIGO LIVE app on the phone under the link below.

Welcome to BIGO LIVE, have fun!

Tips: Real BIGO LIVE staff will not ask for personal informations.

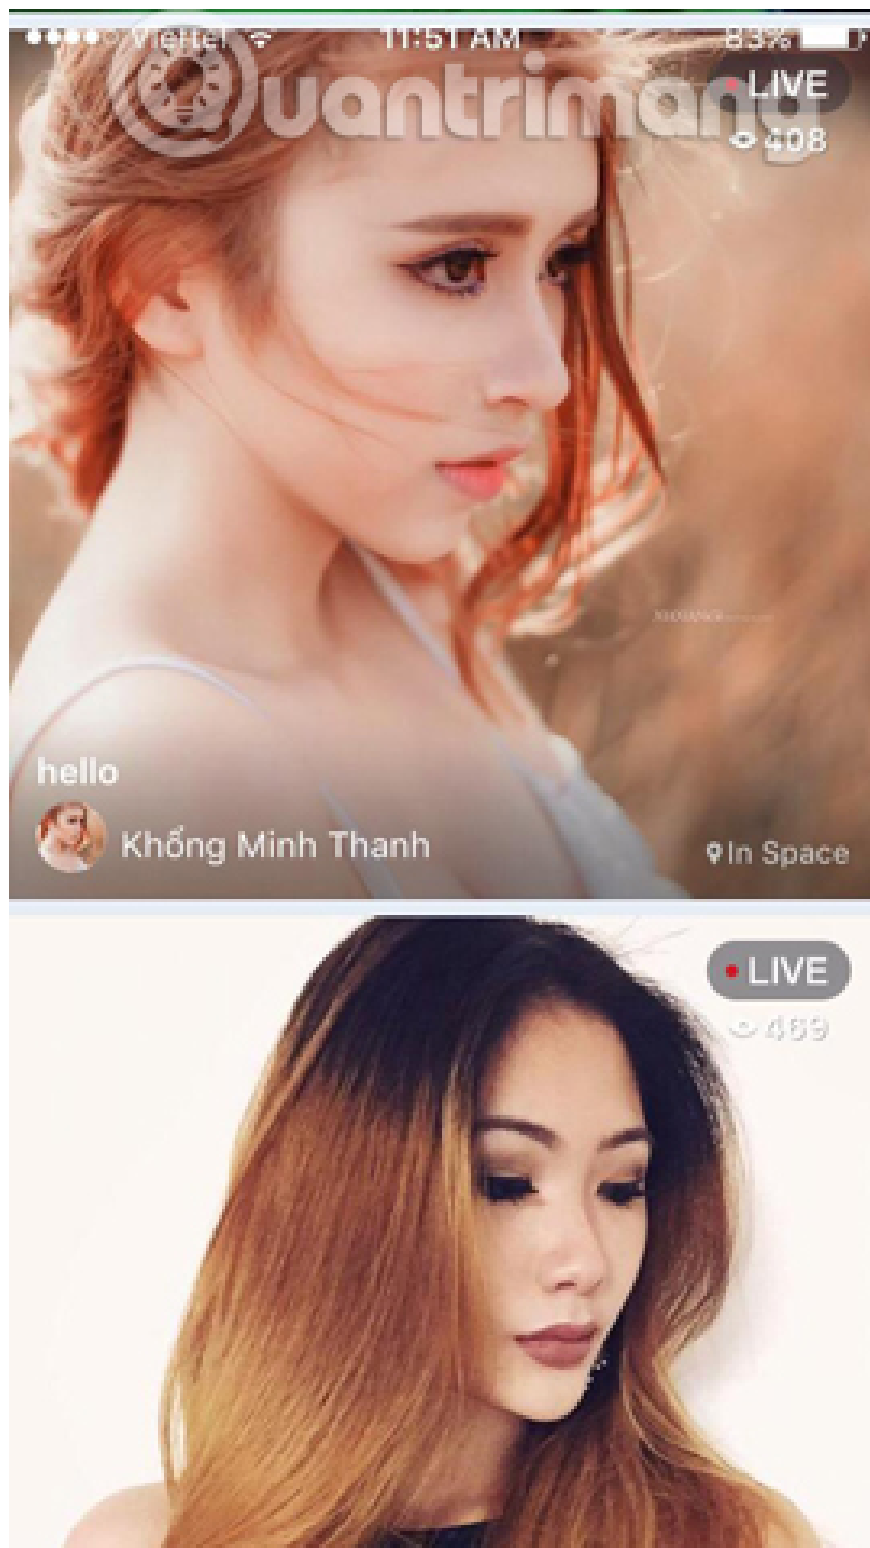

The **Live Ended** screen appears with the length of the video stream, the number of viewers, . Press **Home** to return to the main interface.

Step 11:

It also allows us to **interact directly with friends at live video channels** . On the main interface of the application are channels that are Live video. Want to chat with any channel you just need to click on that channel only. To switch to another channel, slide the screen up or down.

Step 12:

When accessing the channel that is streaming video, we can **join the chat** or **send gifts to friends when clicking on the gift box icon** on the right of the screen. Gifts for friends will be converted into diamonds. Depending on the diamond you have, choose the right gift.

If friends have more virtual gifts, they will increase their ranking on BIGO LIVE.

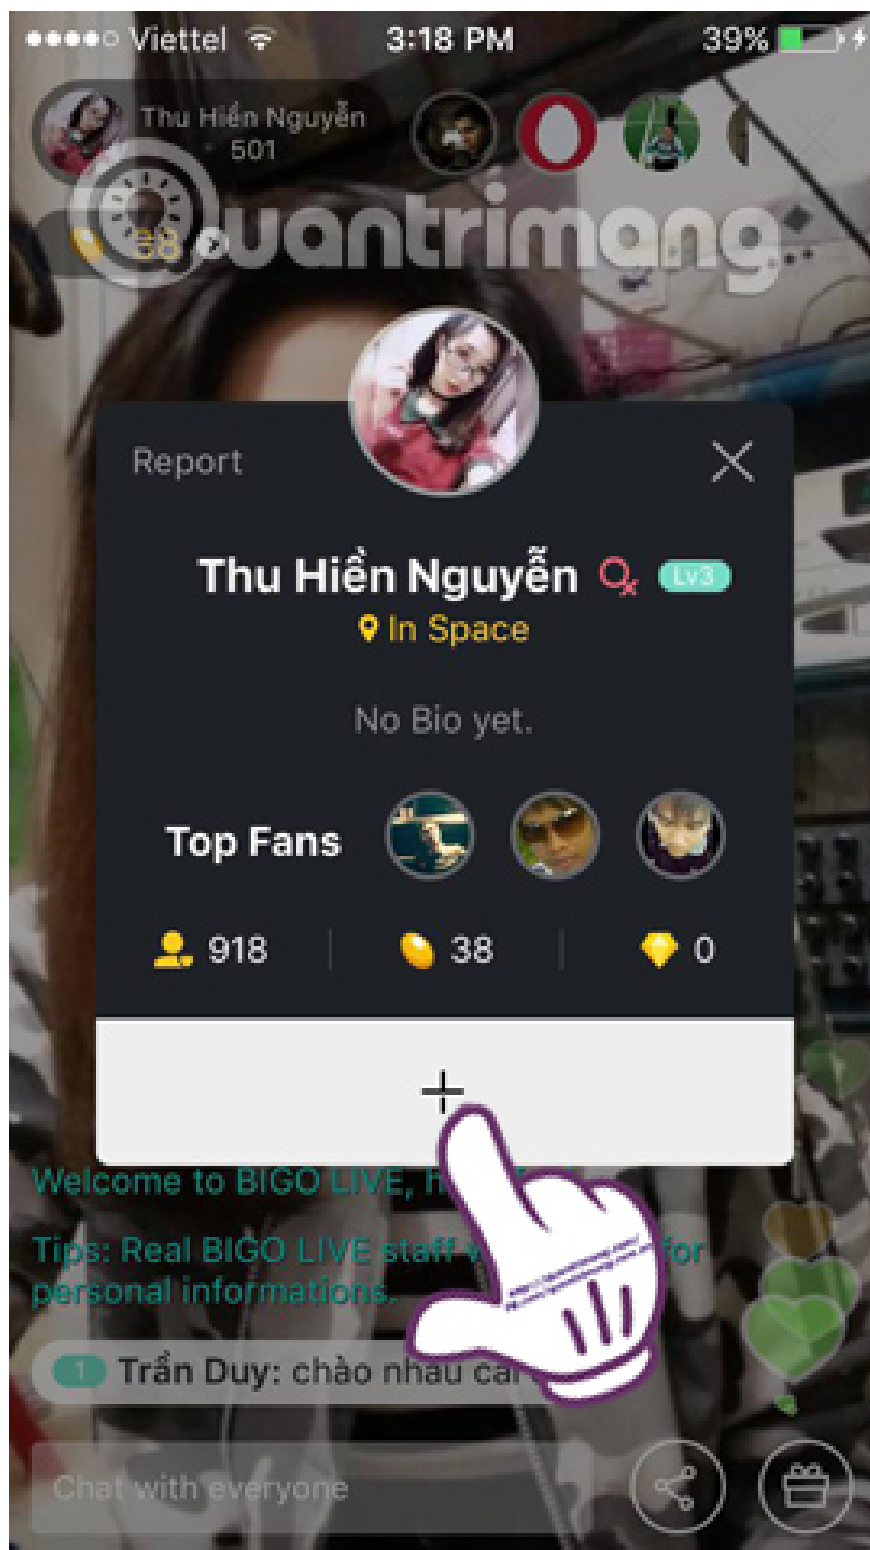

Step 13:

To **follow** anyone, **click on that person's name**. Soon new tables appear, you **Click the + sign** .

Above is a tutorial on how to stream videos and interact with you on the new social network BIGO LIVE. Although the number of BIGO LIVE users is not as great as Facebook, but it is quite interesting for you to discover BIGO LIVE. Join BIGO LIVE with the Network Administrator.
