

How to make things in Minecraft games

Participating in Minecraft, you can be creative with your rich imagination like creating things. We can create items, objects, materials, blocks and tools in minecraft pe in many different ways.

The world of wisdom square Minecraft always brings interesting things for game players, when opening up large spaces and players will decide for themselves how to play as well as the ability to survive in many different directions. Your creative ability is also exploited vigorously, when we can freely create many objects that no one looks like.

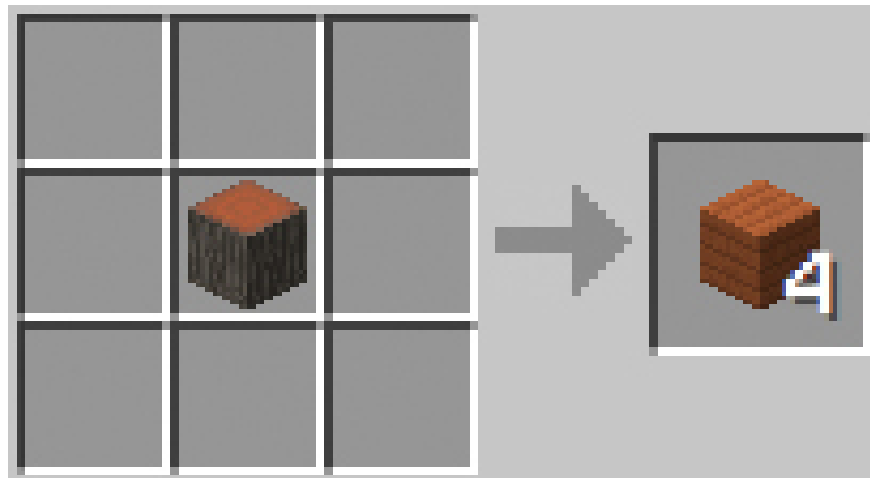

From items, objects, materials, blocks or tools in minecraft pe, gamers can create in many different ways, thereby creating many works in the game. There are two places that can be used to make, the area for making 2×2 cells in a bag (press the E key), to make simple objects. The second is the table making 3×3 cells used to make more complicated things

In this article, we will show you how to build basic objects in Minecraft games.

Manufacturing basic utensils in Minecraft

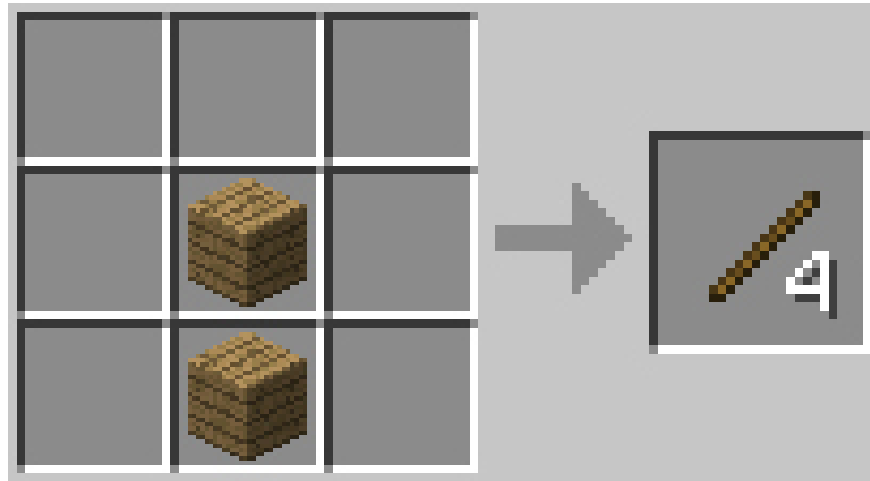

1. Wood planks

This is the basic construction material in the game and is made into different objects. **A wooden block can be made into 4 blocks of planks** . Other wood-based objects can be made from any colorless wood, except staircases and wood panels.

2. Wooden rods

The main component of the wooden stick is wooden board, **2 blocks of wooden planks will produce 4 wooden sticks** . If you want to create torches, names, signs, tools and weapons, you will need these wooden sticks.

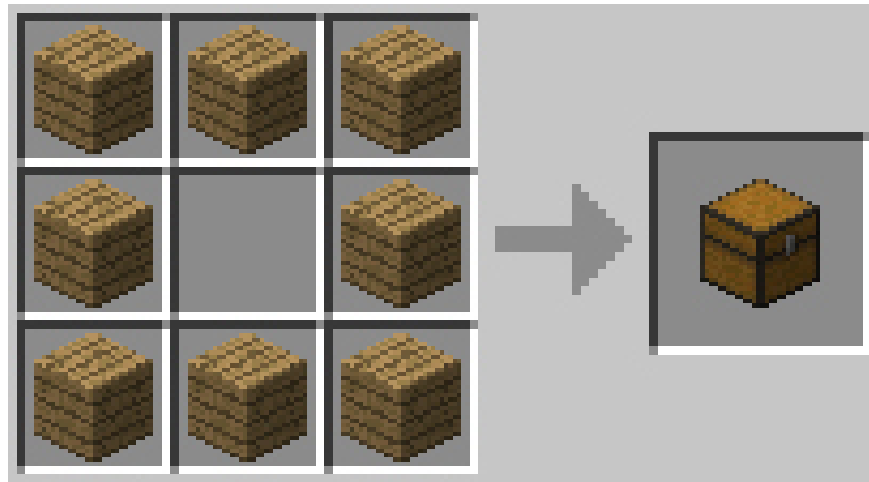

3. Table manufacturing

The table is made of wooden boards. And from **4 blocks of wood we can create a manufacturing table** . This tool will be used to make the majority of items in the game.

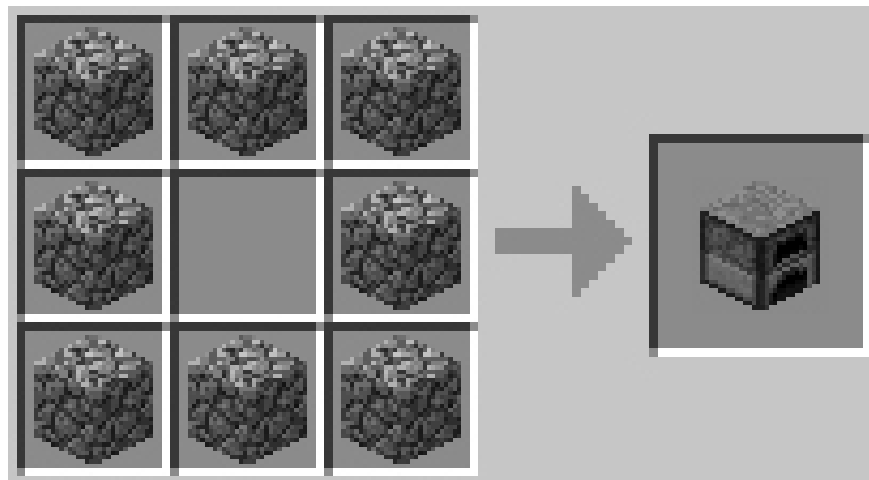

4. The chest

The main component of a chest is a wooden board, with a large number of **8 blocks of wooden planks forming a chest** . You can use the chest to store blocks, items or materials with 27 empty boxes. If you put two chests next to each other, create a new chest that is twice as big as the original one.

5. Furnace

We will use pebbles to make kilns. **8 pebbles will produce 1 kiln** , used for cooking or burning.

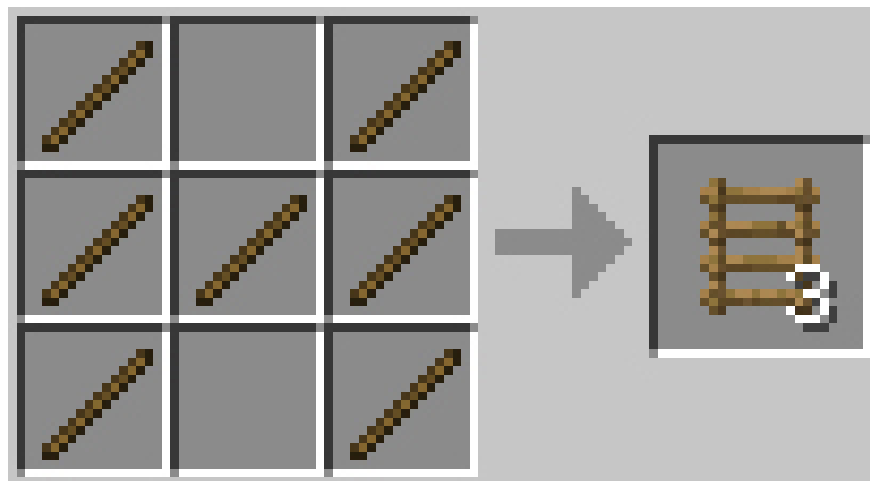

6. Torch

Made from two components **1 block of coal and 1 stick** , we will create **4 torches** . With the mission in the dark, the torch is a necessary item, or to melt the snow.

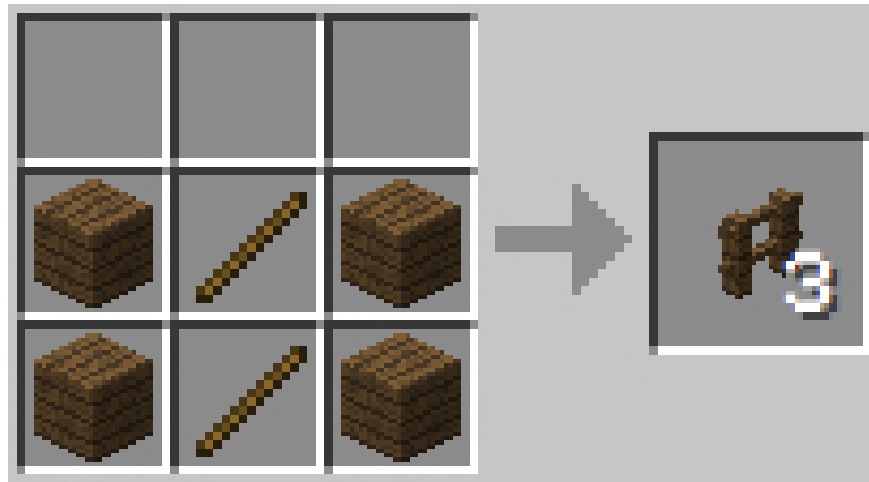

7. Ladder

You need **7 wooden sticks** to create **3 complete ladders** , used to climb up high.

8. Fence

The fence needs more materials.**6 wooden sticks** give **2 fences** , **6 blocks of hell coal** are **6 fences** , **4 wooden blocks combined with 2 wooden sticks** give **3 fences** , **2 wooden sticks with 4 blocks of bricks** to produce **3 fences** When using fences, monsters and wild animals will not be able to jump over, ensuring your safety.

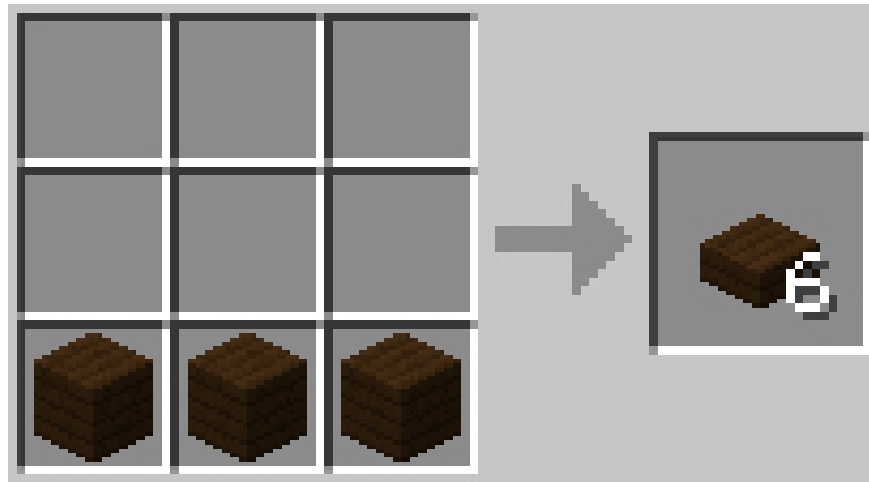

9. Boat

Created by **5 blocks of wooden planks put together** , the boat will help you to travel on water without any harm.

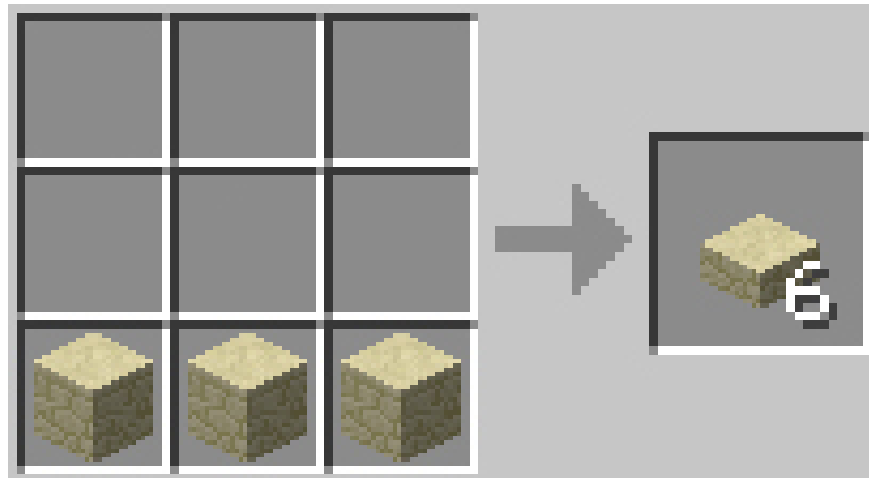

10. Wood slabs

Need **3 blocks of wooden planks to produce 6 wooden slabs** , which are basic construction materials in construction. Wooden planks used to make long terraces. 2 overlapping wood panels will create a block similar to wooden blocks.

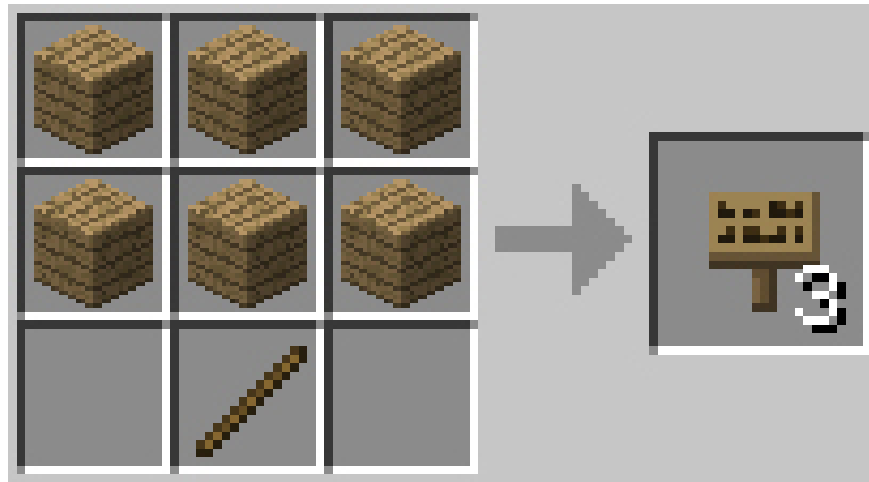

11. Stone slab

6 stone slabs were created from 3 blocks: Hard Stone, Sandstone, Pebble, Block Brick, Stone Brick, Brick Hell, Quartz . This is also the basic material used in construction.

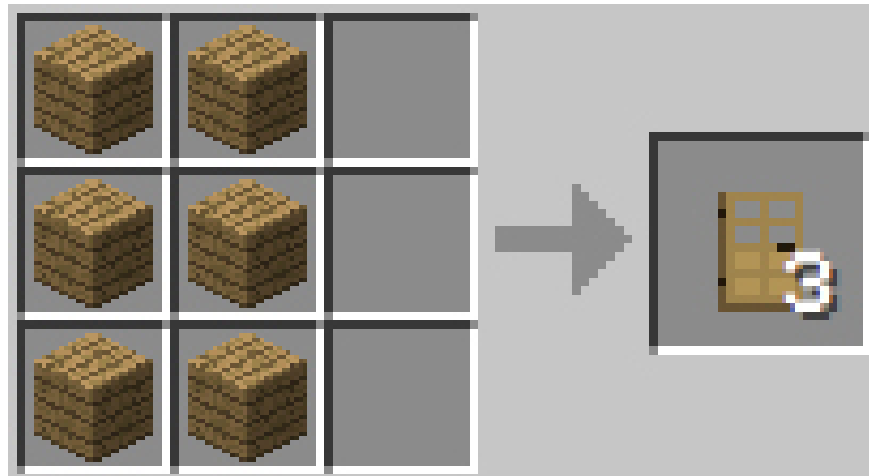

12. Plate

We will need **6 blocks of wood and 1 wooden stick to create 3 signs** . This item is used to write names, or write letters on the top.

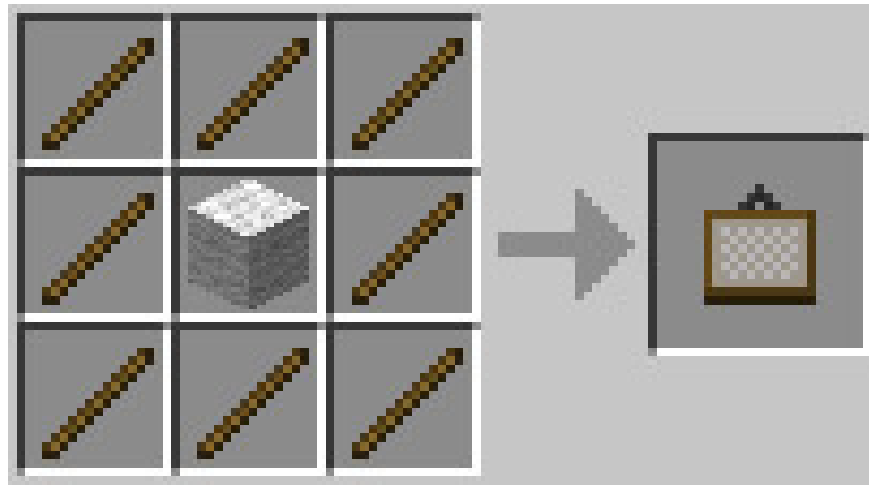

13. Door

6 wooden planks or 6 iron blocks will make 3 wooden or iron doors . Wooden doors can be opened by clicking or using a switch. Iron doors can only be opened with a switch.

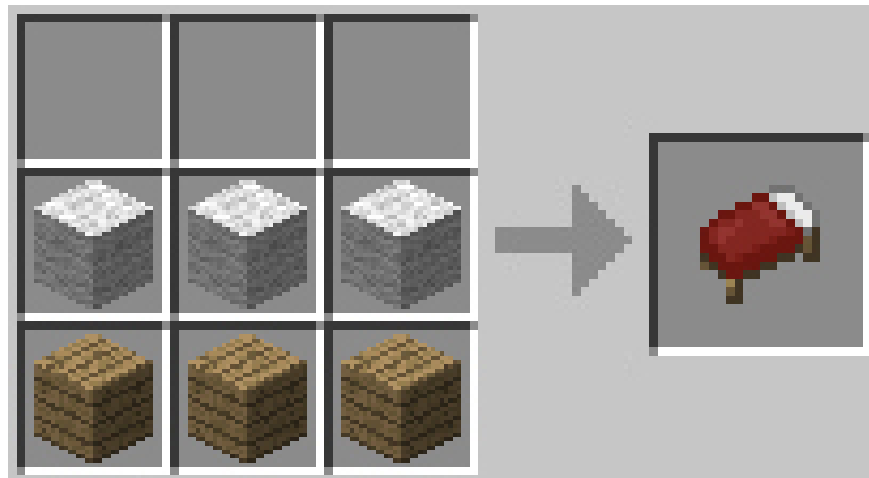

14. Picture

From **8 wooden sticks and 1 wool** will give a decorative picture .

15. Bed

3 wooden boards combined with 3 wools will create 1 bed . Used to sleep overnight, and to save a revival point if the character dies.
