

How to Make Windows 10 Start Up Faster

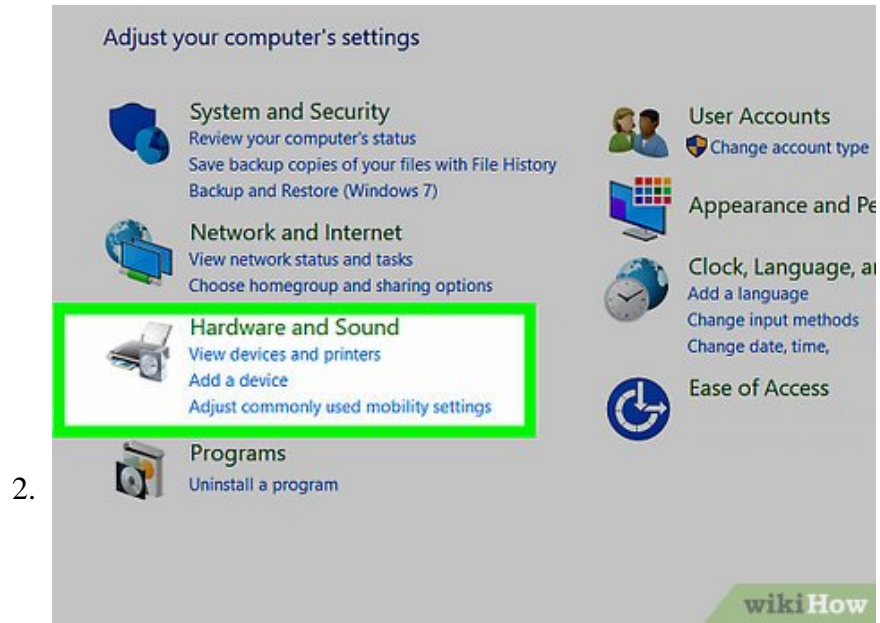

Since Windows 8, Microsoft has managed to significantly increase the boot time by modifying the startup process. <https://blogs.msdn.microsoft.com/b8/2011/09/08/delivering-fast-boot-times-in-windows-8/> This article will show you how you can...

Method 1 of 2:

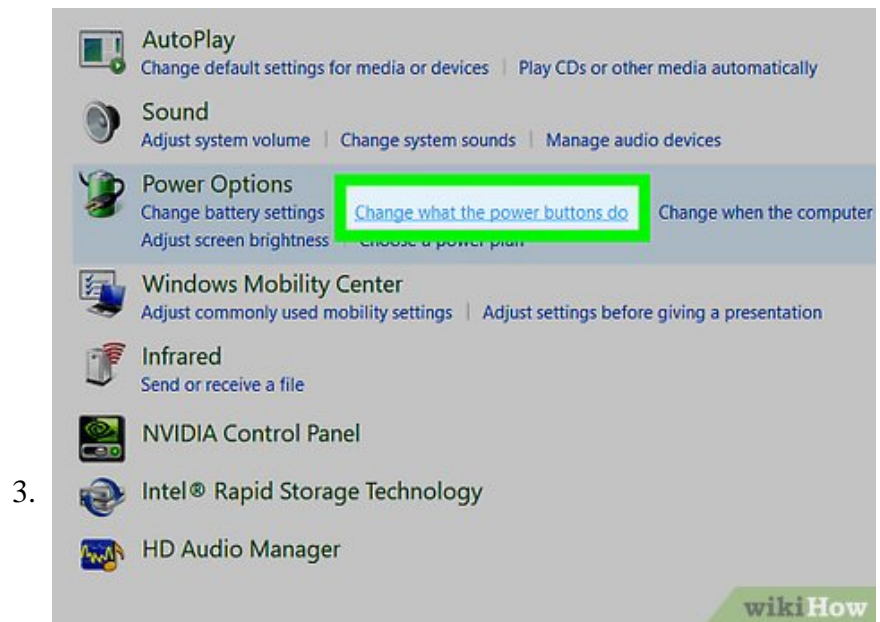

Enabling Fast Startup

Open the Control Panel. Launch the search feature, type `control`, and choose "Control Panel" from the search results.

Click the "**Hardware and Sound**" header.

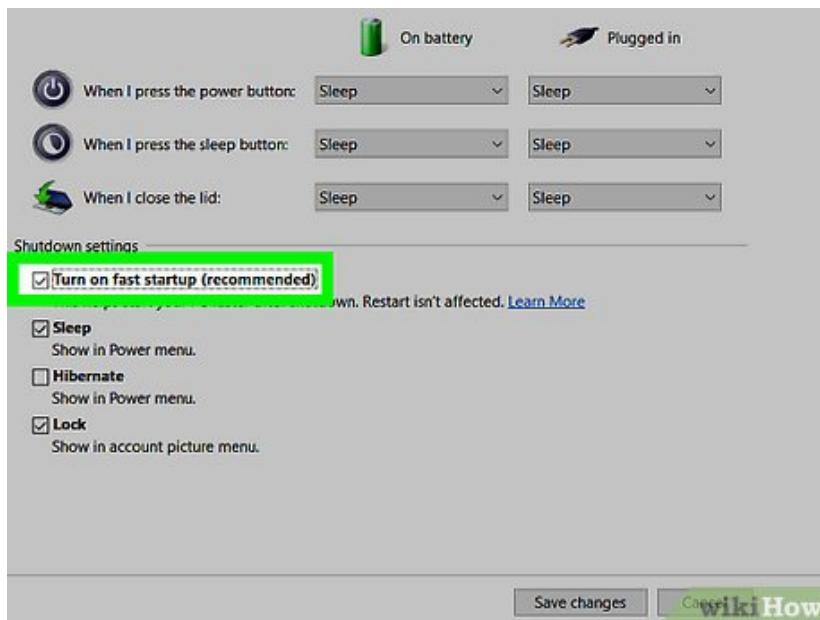

Click "Change what the power buttons do". This is below "Power Options".

4.

Unlock the settings. Click "Change settings that are currently unavailable". This is towards the top of the page.

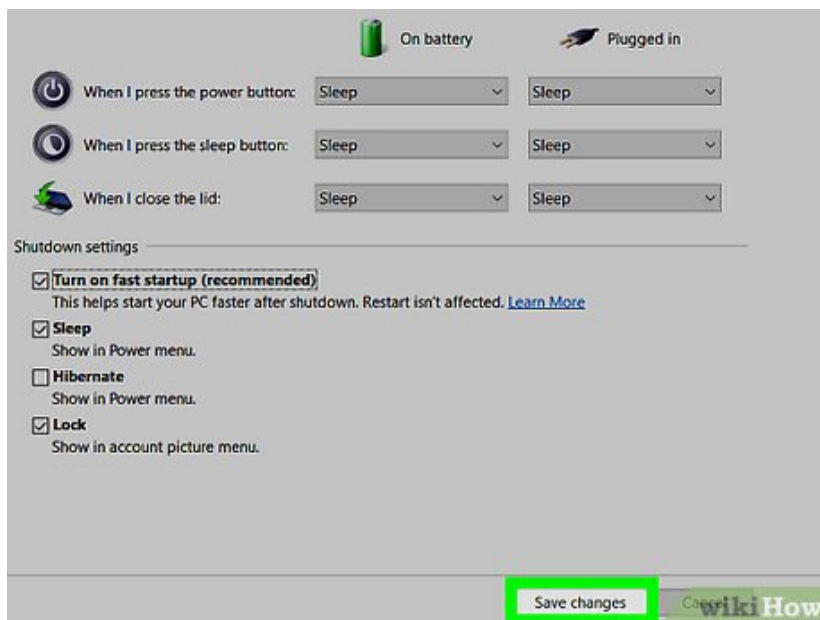

5.

Check the box

next to **"Turn on fast startup (recommended)"**. This is usually checked by default.

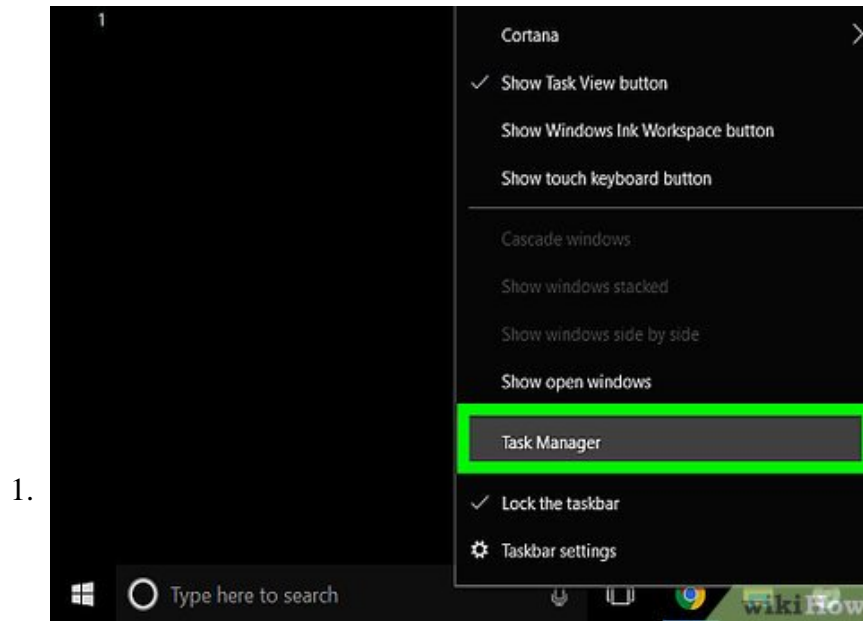

6.

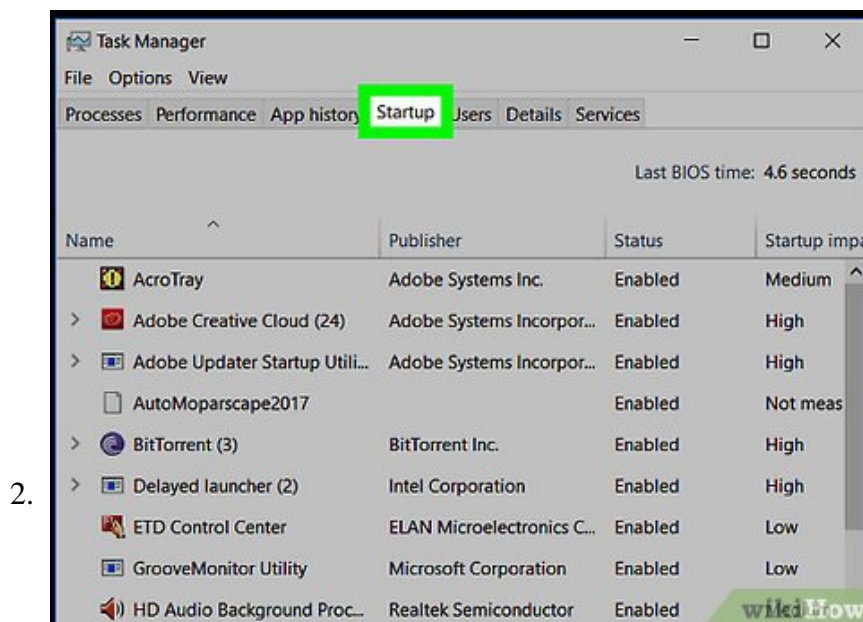

Click **Save changes** at the bottom.

Method 2 of 2:

Disabling Startup Apps

Open the Task Manager. Right-click an empty spot on the taskbar and click **Task Manager**.

Go to the **Startup** tab.

3.

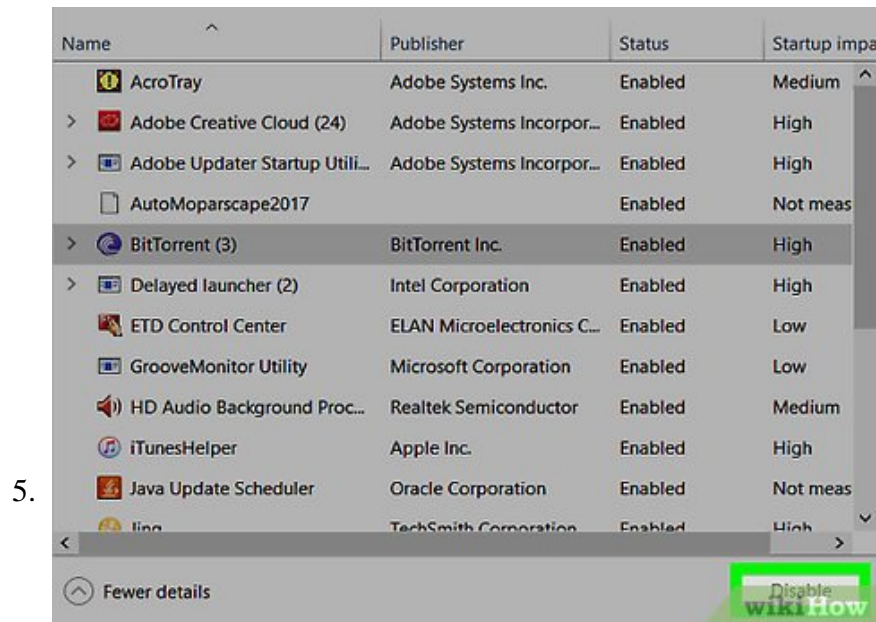

| Name | Publisher | Status | Startup impa |
|-------------------------------|----------------------------|----------|--------------|
| AcroTray | Adobe Systems Inc. | Enabled | Medium |
| Adobe Creative Cloud | Adobe Systems Incorpor... | Disabled | None |
| Adobe Updater Startup Utility | Adobe Systems Incorpor... | Disabled | None |
| AutoMoparscape2017 | | Disabled | None |
| BitTorrent | BitTorrent Inc. | Disabled | None |
| Delayed launcher (2) | Intel Corporation | Enabled | Medium |
| DivX Media Server Launcher | DivX, LLC | Enabled | Not meas |
| ETD Control Center | ELAN Microelectronics C... | Enabled | Medium |
| GrooveMonitor Utility | Microsoft Corporation | Enabled | Low |
| HD Audio Background Proc... | Realtek Semiconductor | Enabled | |

Review the list, finding enabled apps. Look to the far right column and find apps that list as "Enabled". This means that they will run while Windows 10 boots up, potentially slowing it down.

4.

| Name | Publisher | Status |

| iTunesHelper | Apple Inc. | Enabled |
| Java Update Scheduler | Oracle Corporation | Enabled |

Click an app from the list. If you're not sure what it is, you can right-click it and click [Search online](#) to obtain more information.

Disable the app from running at startup. Click the **Disable** button, located at the bottom right.
