

How to open multiple chat windows on Skype

Normally, Skype only allows chatting with one person on one window at a time, but it will be difficult to observe. Is there any way to chat at the same time with many people on different windows? Please join us to learn how to open multiple Skype chat windows in the following article

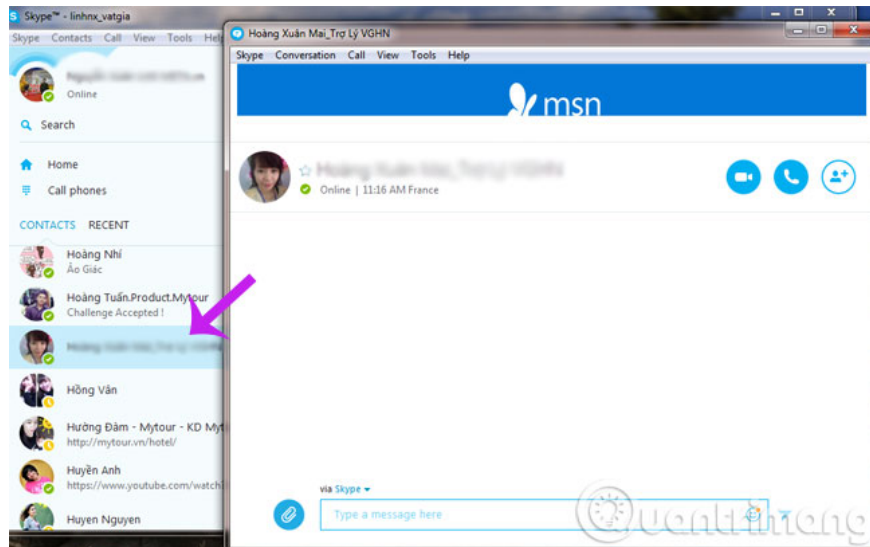

Normally, **Skype** only allows chatting with one person on one window at a time, but it will be difficult to observe. Is there any way to chat at the same time with many people on different windows for easy access? Please join us to learn how to open multiple Skype chat windows in the following article

1. How to block messages and calls on Skype
2. Instructions to fix Skype do not show online status
3. Instructions to retrieve Skype password

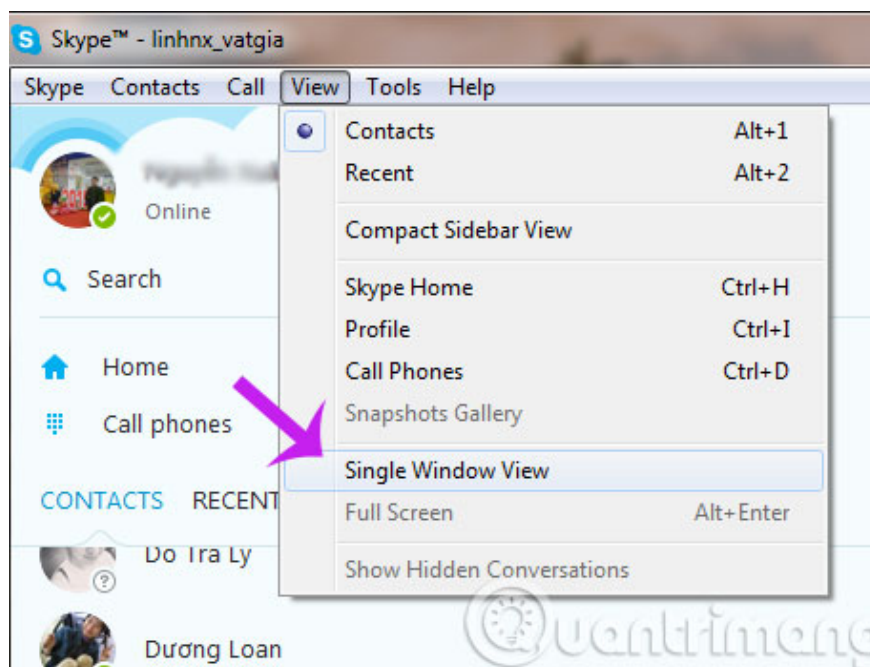

Step 1 : Open Skype, on the toolbar, click on the **View** menu, select **Split Window View** .

Step 2 : Now, you just need to click on any account in the directory, the chat frame will automatically split into separate windows. The main interface will only display contacts.

Step 3 : If you want to return to Skype interface like at first, click on **View** menu on the toolbar, select **Single Window View** .

Very simple but convenient, isn't it? Now you can comfortably chat with many friends at once.

Good luck!
