

# How to participate in the event 90% Free Fire discount

The percentage discount for this 90% Free Fire event will depend entirely on the player who is able to spin the percentage in the game.

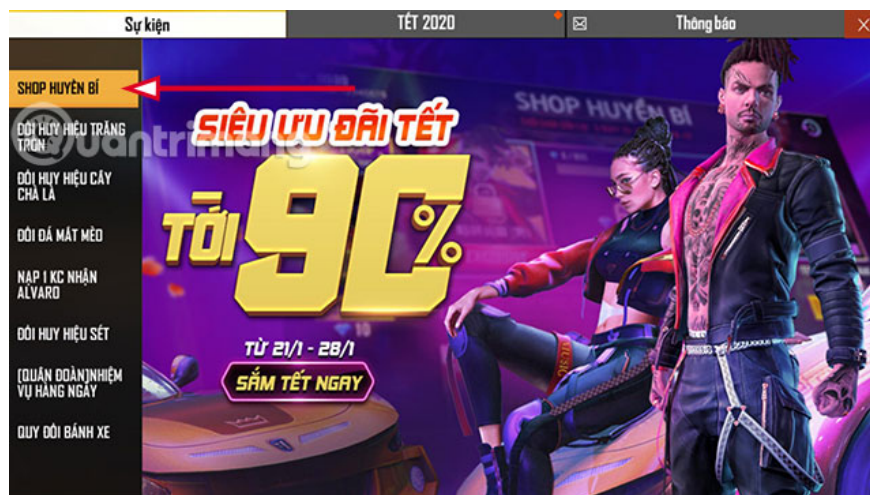

There are many Tet events taking place in Garena Free Fire to give players the opportunity to collect valuable rewards in the game. The biggest event taking place is the gathering of the Magic Box.

If you're lucky you can get valuable rewards in the game. Particularly on the first day of the Lunar New Year (January 25), only logging into the game, players can collect 40 pieces of cube boxes. When you have 100 pieces, go to the event section to open the Magic Box to receive the reward.

Besides, there is an event, though not completely free for gamers but also very interesting and attractive. It is a random discount event of up to 90%, called random because you will spin a round before receiving your percentage discount. Specifically, please follow the instructions below.

## How to join the event with 90% discount on Garena Free Fire

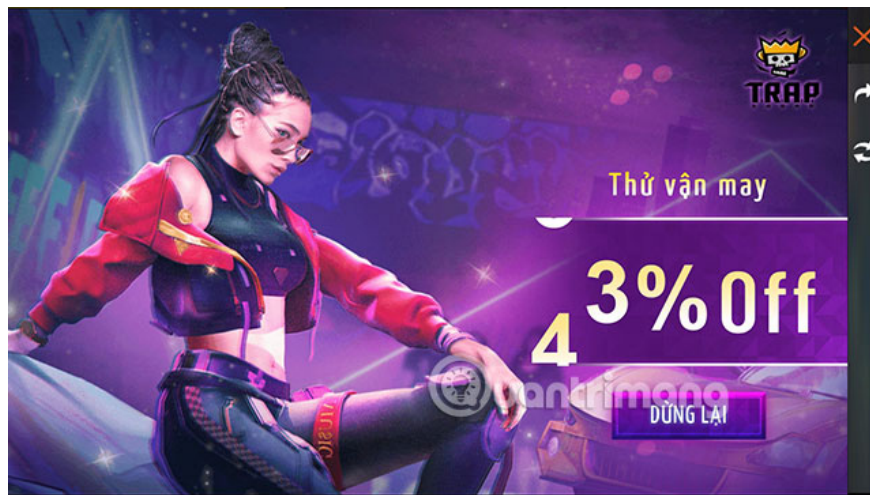

**Step 1:** First, go to Events> Mysterious Shop to join the event.

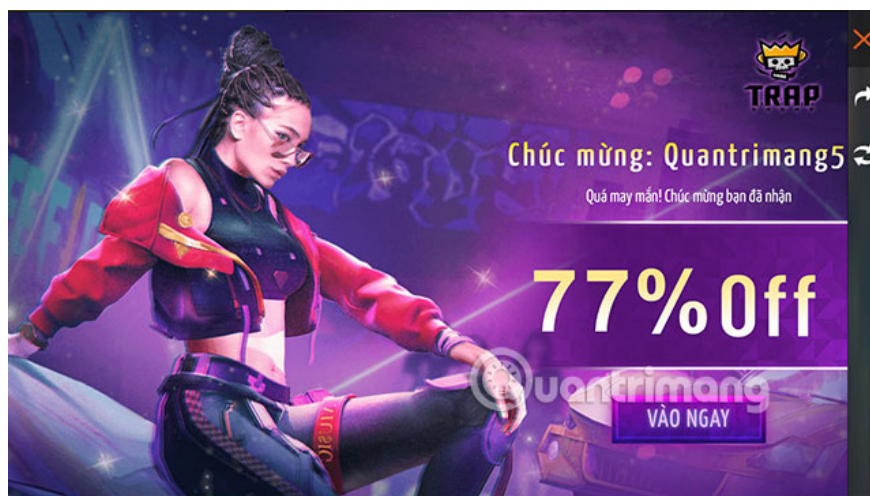

Click Try Your Luck.

Next you will be recording your random percentage discount. The trick is to wait until 50 - 60% press stop. This will give you a higher discount percentage.

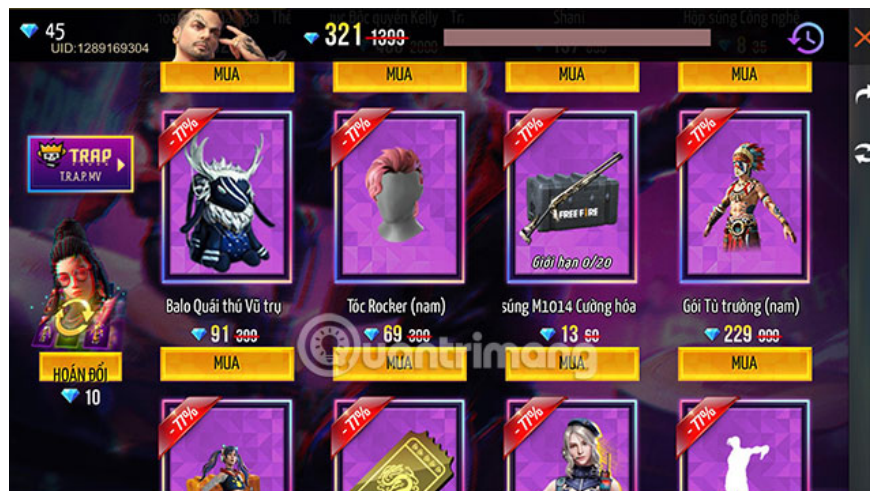

When the spin stops, click **Right Now** to receive your discount percent.

You can choose to buy skin packs, accompanied by the items below.

All items on the promotion list are discounted based on the percentage discount you have received.

Although not a 100% free event, this event is quite interesting when the percentage discount depends on the user. Remember to carefully watch the percent discount and stop spinning.
