

How to play Axie Infinity for newbies

Axies Infinity is a game with a simple way to play, but because it is a blockchain game, people will still need a tutorial to play Axies Infinity to understand more about this game.

Axie Infinity is not simply a turn-based card game like you often see like many other mobile or PC games. This is a blockchain game, where users can create their real assets on the game.

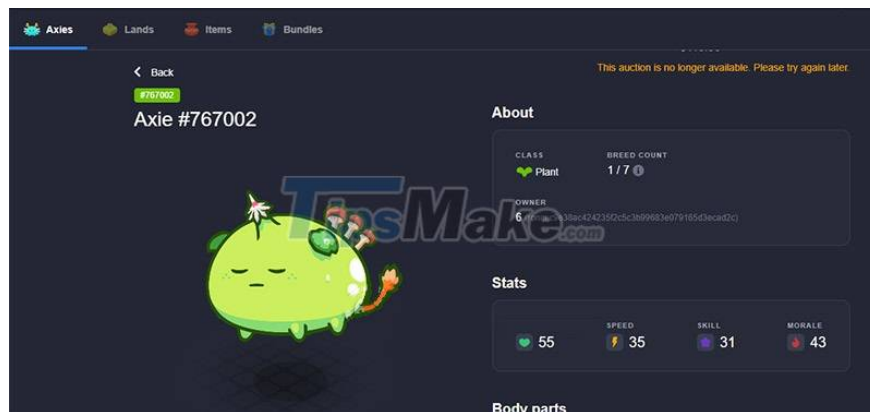

Players will have to spend money to buy digital pets called Axies in the Pokemon-style game. Use them to fight, raise and collect more Axies, build a kingdom on land.

Instructions to play Axie Infinity

What are Axies?

After downloading Axies Infinity, creating an account, you also need to activate MetaMask, Ronin Wallet to be able to buy Axies on Marketplace. Axies can be called battle and mission pets in the game and perform other features in the game.

Above you can also trade Axies, Land and other items with players around the world.

In addition to trading and exchanging Axies, players can do quests to receive more SPL - an in-game currency in PvP Arena (against other players) and PvE Adventure (story-driven missions).). The SPL can be used to make your Axies breed.

As pets, the Axies can be crossed to create new Axies, each Axie can only be crossed 7 times. Each Axie has 6 parts as well as body shape, with each part, an Axie has 3 genes and when crossed, these genes can be passed on to descendants.

Class	HP	Speed	Skill	Morale
Aquatic	39	39	35	27
Beast	31	35	31	43
Bird	27	43	35	35
Bug	35	31	35	39
Plant	43	31	31	35
Reptile	39	35	31	35
Dawn	35	35	39	31
Dusk	43	39	27	31
Mech	31	39	43	27

Besides, the Axies also have attributes such as Health, Attack Speed, support skills and damage. You will have to arrange an Axies team to balance the above stats so that the team can hit the most effective way.

What is Land?

Besides the Axies, Land is another element that players can use to trade in the game and is represented as a Non-Fungible Token (NFT). Lands are coded plots of land that act as the home and place of activity for the Axies.

Land owners can upgrade with a variety of resources and materials found while playing. Especially they can find AXS tokens on their lands. There are more than 90 thousand lots in Axies Infinity.

It sounds as simple as collecting Axies, upgrading Lands, trading and selling SPLs on Marketplace. But the money earned from Axies Infinity is precisely this way. The Axies can be worth up to 1 million dollars.

Until now, the developer Axies Infinity is still developing and directing the game to make it the most profitable game in the right direction.
