

How to play Werewolf Imposter in Among Us

The game 'fighting' Among Us is inspired by Werewolf and now, players have found an innovative way to combine these two games into 1 with a new mod called Werewolf Imposter.

In this article, TipsMake will guide you on how to play Werewolf Imposter mod in Among Us.

At a time when thousands of Among Us players were eagerly waiting for the new map The Airship to launch with the first Among Us update in 2021, a Youtuber named SSundee has discovered a new way to make the game come back. should be more interesting. YouTuber recently released a video of him playing Among Us using the **Werewolf Imposter mod** . That's right, Werewolf Imposter mod is a new addition to the list of popular mods Among Us.

Unlike other Among Us mods, this mod is a little different because it turns an imposter into a werewolf. Since SSundee posted a video on YouTube, thousands of Among Us fans have been wondering how to experience this mod and if you are one of them, this is all you need to do.

Werewolf Imposter as Among Us

Once this mod is installed, the impostor will have the ability to become a werewolf and there is a Transform button on the left side of the screen in addition to the Kill and Sabotage buttons. Every 30 seconds, players can choose to transform into a werewolf. This will turn off all lights, reduce the visibility of all crew members, and increase the visibility and movement speed of the impostor and werewolf.

Werewolf Imposter also has the ability to find any of the crew members' locations on the mini-map, even when their transformation is inactive. This allows the werewolf impostor to track the crew members, find them, trap them, use the kill button to eliminate them and run away from the scene without being detected. When the effect

wears off, there will be a cooldown duration. Then the impostor will not be able to transform.

The goal of the game remains the same. The crew members need to complete all their missions or find and vote the werewolf to win, and the werewolf must kill each member of the spaceship to win. Werewolf Impostor can still vent his anger and destruction as usual.

At the time of writing, the only ones with access to the Werewolf mod were SSundee and his friends. There hasn't been a publicly available download file yet for other players to download and install. However, since it is still very new, there is always a chance that talented modders will create their own ideal version that can be shared with other fans in the near future.
