2

Use a brush to dip a little shoe polish and apply it in a circular motion to the surface of the leather shoe. This will help the polish penetrate deeper into the leather and more evenly.

Apply shoe polish to the surface of leather shoes

3

Let it sit for about 10 minutes for the shoes to dry naturally.

Leave it on for about 10 minutes for the shoes to dry naturally

4

Use a shoe polish brush at a fast speed. This is the fastest and easiest way to add shine to your shoes for the ultimate polished look.
