

How to receive free 15GB 4G, high speed from Viettel, for all subscribers

Viettel will give each subscriber free mobile Internet for 90 days (the system adds 5GB of data for 30 days and customers can use it on 2G / 3G / 4G data infrastructure).

Viettel will give each subscriber free mobile Internet for 90 days (the system adds 5GB of data for 30 days and customers can use it on 2G / 3G / 4G data infrastructure). Out of 5GB access according to the main data packet policy (if any). After 90 days (3 cycles), the system does not renew the data package and self-destruct the experience package. On the 90th day, the messaging system announced the expiration of the experience and invited customers to register the appropriate data package on the system * 098 # .

Please write the message: **DK DATATN** to **191** immediately to receive the offer! Applicable to all Viettel subscribers.

Prepare DK DATATN to receive free data from Viettel

Note:

1. The program is only applicable for subscribers on Viettel's list, if you are in the list of experience of this network, you will be automatically registered for this DATATN package without you having to do any more operations.
2. Also after 30 days if you have not used up 5GB, it will not be reserved but will be canceled and Viettel will add up to 5GB of new data.

Currently, there are many subscribers who have successfully registered this promotion program of Viettel, so please try it quickly:
