

# How to record videos repeatedly on Zalo

The Loop Video feature on Zalo allows users to record videos repeatedly on video moments, creating extremely interesting videos.

With the newly updated Mini chat feature, Loop Video when recording video on Zalo moments is also added to this new version. Accordingly, users can record videos repeatedly when recording video moments, making videos more interesting and attractive.

When we open Loop Camera on Zalo, you still proceed to capture the video moment as usual but the video will switch to repeating mode. And the video will also disappear after 24 hours since you posted it on Zalo. Currently Loop Video feature has been updated on iOS Zalo and Zalo, so you just need to turn on Loop Camera to use.

Đấy được gọi là số phận.

Add an interesting feature on Zalo in this new version. Video moments now in addition to normal shooting mode, also add Loop video mode, repeating the video when recording. Besides, we can add more effects to video to bring unique video and share to friends on Zalo.

I wish you all success!
