3. If you don't see the login screen, select 'Sign Out' and delete all fields related to Apple ID.
4. Here, select 'Forgot Apple ID or Password'.
5. Enter the device's password.

Cancel

Enter iPhone Passcode

The passcode you use to unlock this iPhone
can also be used to reset your Apple ID
password.

[Forgot Passcode?](#)

1	2 ABC	3 DEF
4 GHI	5 JKL	6 MNO
7 PQRS	8 TUV	9 WXYZ
	0	⌫

6. Select the new password and then retype it to confirm.

Your Password Has Been Changed

From now on, use your new password to
sign in to your account.

Continue

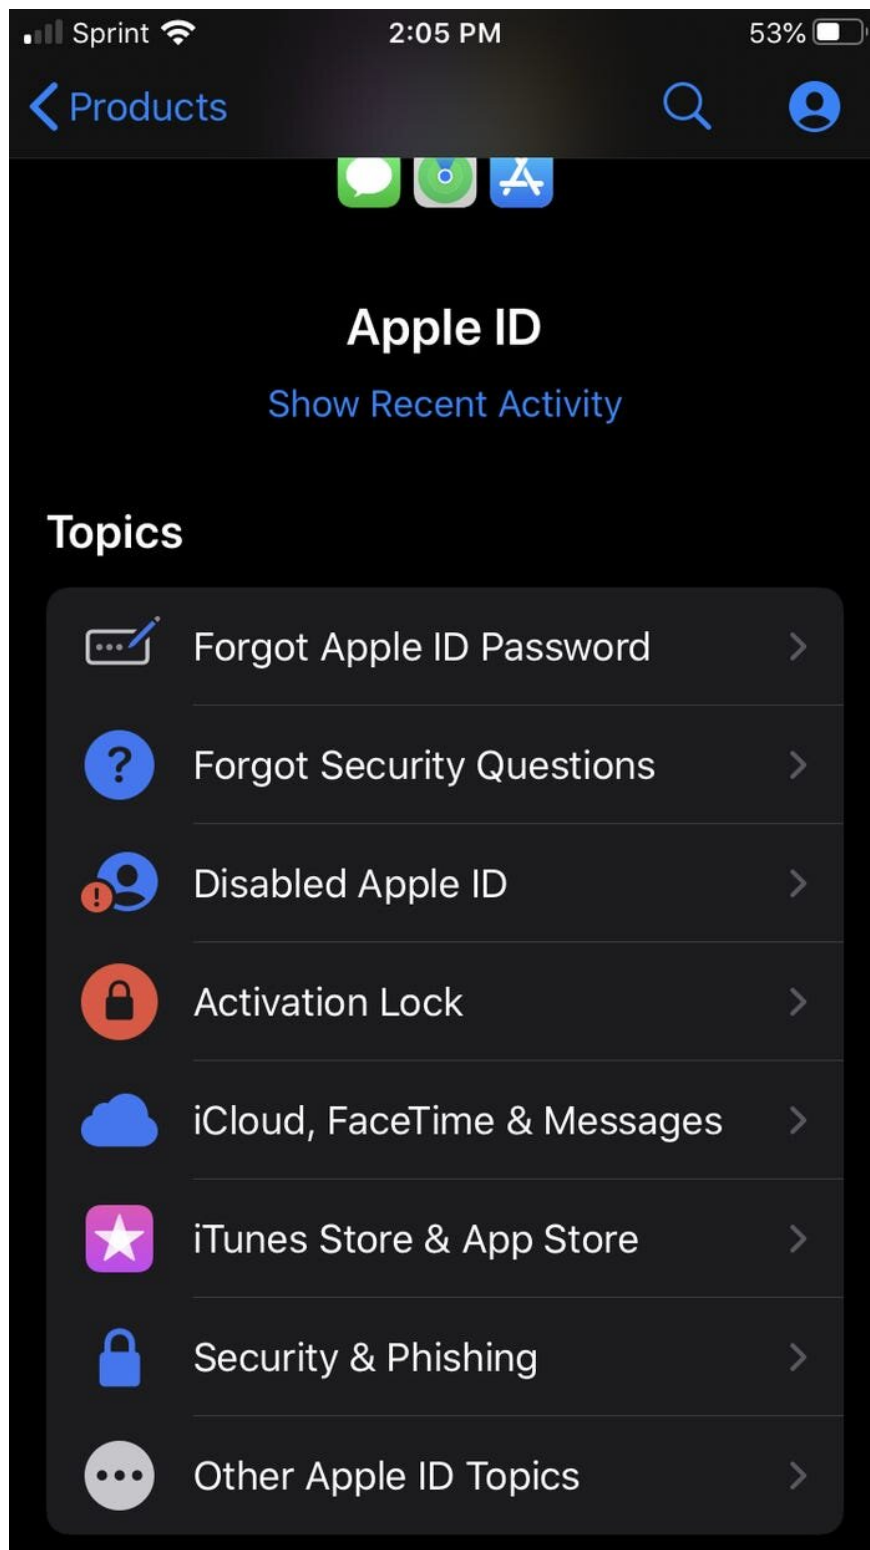

7. Select 'Next' in the upper right corner of the screen to confirm the changes.
8. Select 'Next' and follow the instructions to receive a password change confirmation.

How to change your Apple ID password with the Apple Support app on your device or someone else
