

# How to Rent Movies on an Xbox One

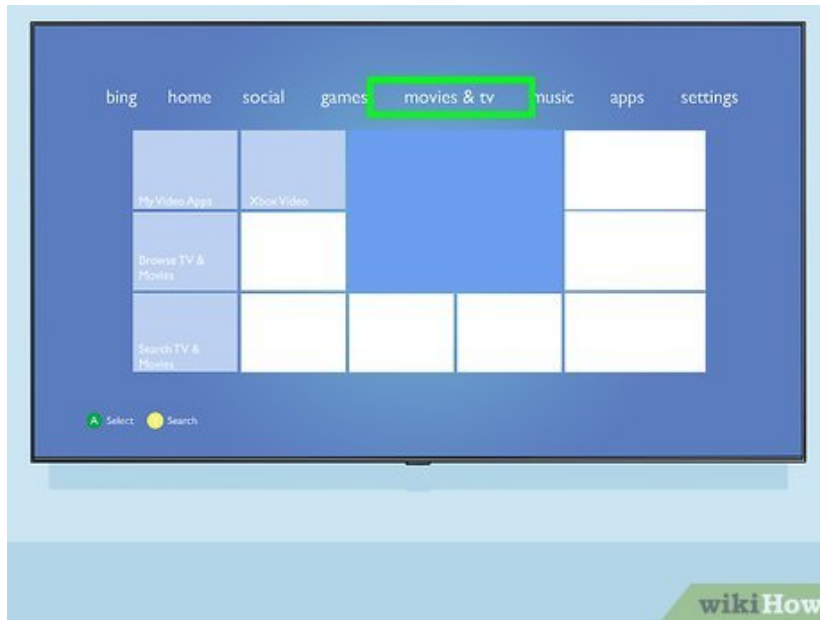

This wikiHow teaches you how to rent movies on your Xbox One using Xbox Video or Amazon Video. You'll need an active internet connection and a valid payment method to rent videos on your Xbox. Turn on your Xbox. If you're not already...

Method 1 of 2:

## Using the Xbox Video app

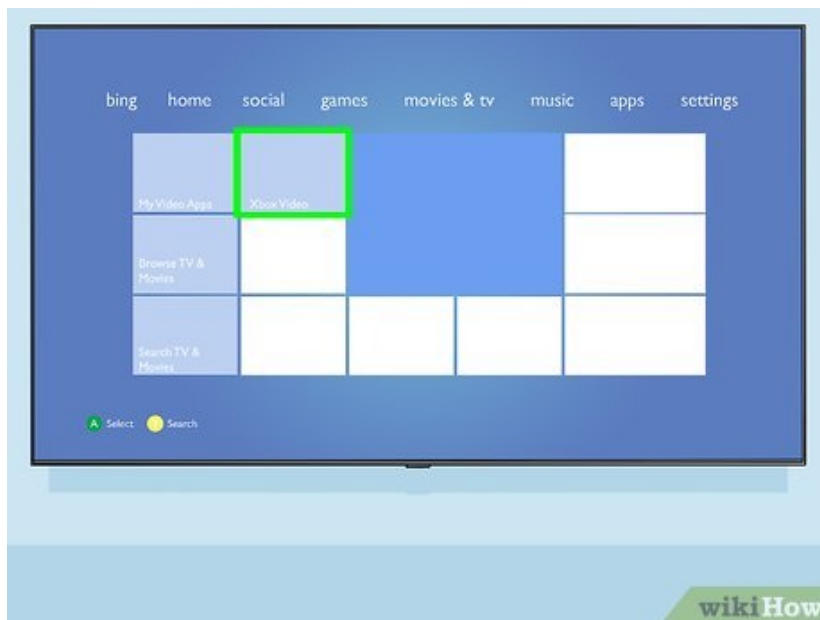

**Turn on your Xbox.** If you're not already signed in, follow the on-screen instructions to do so now.

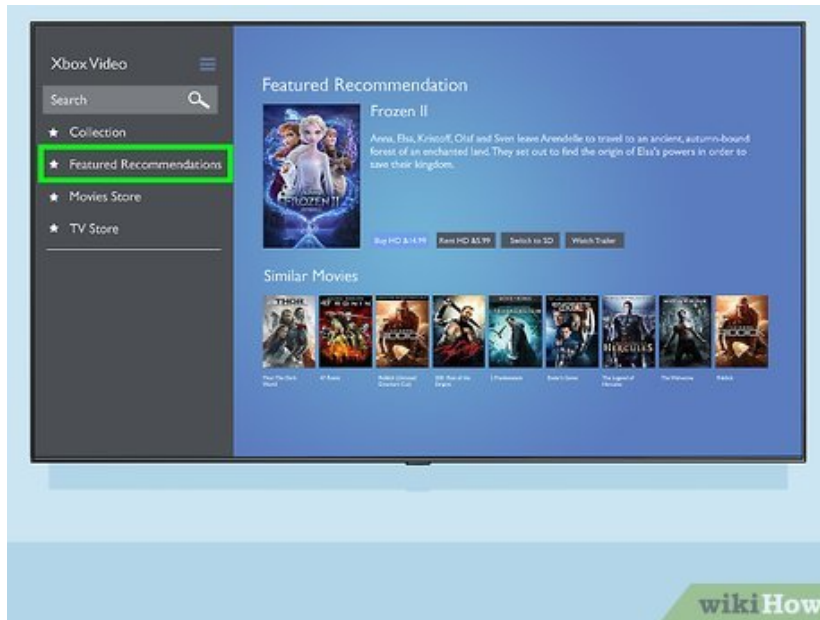

2.

Navigate to the **Movies & TV** tab. This is usually to the right of the Home screen.

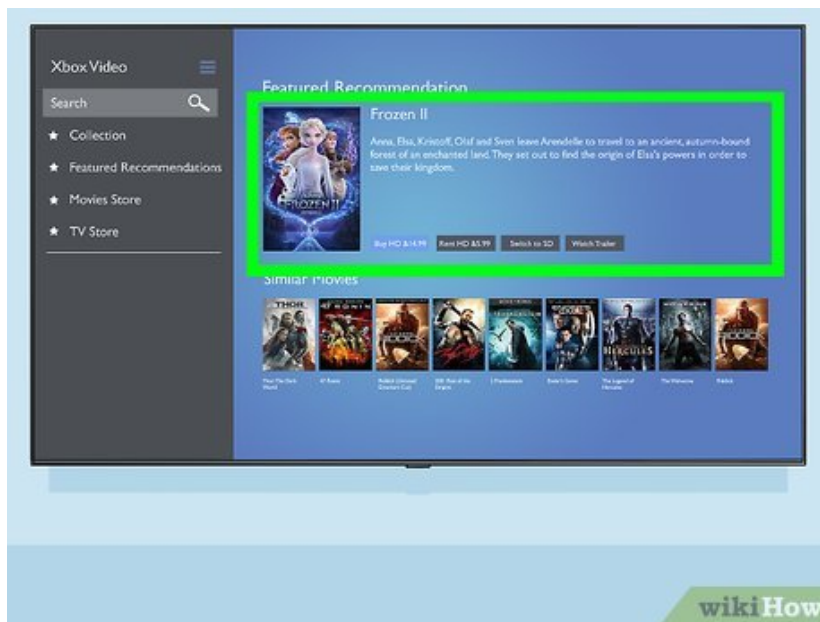

3.

Select **Xbox Video**. This should be a tile in the Movies & TV tab. If not, you can find it in **All Apps** in your Xbox menu on the far left.

4.

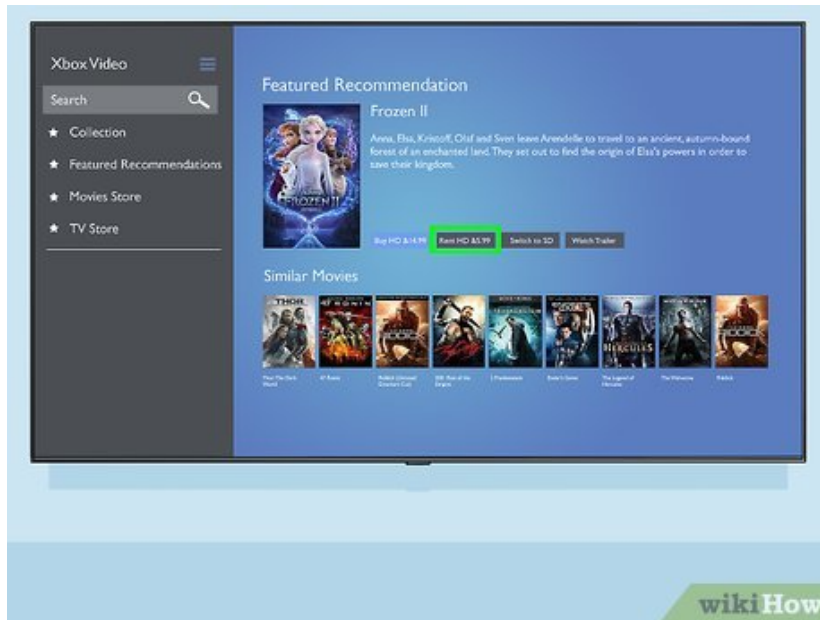

**Browse for a movie to rent.** You can select a movie from the "Featured Recommendations" or click **Video Search** to search for something specific.

5.

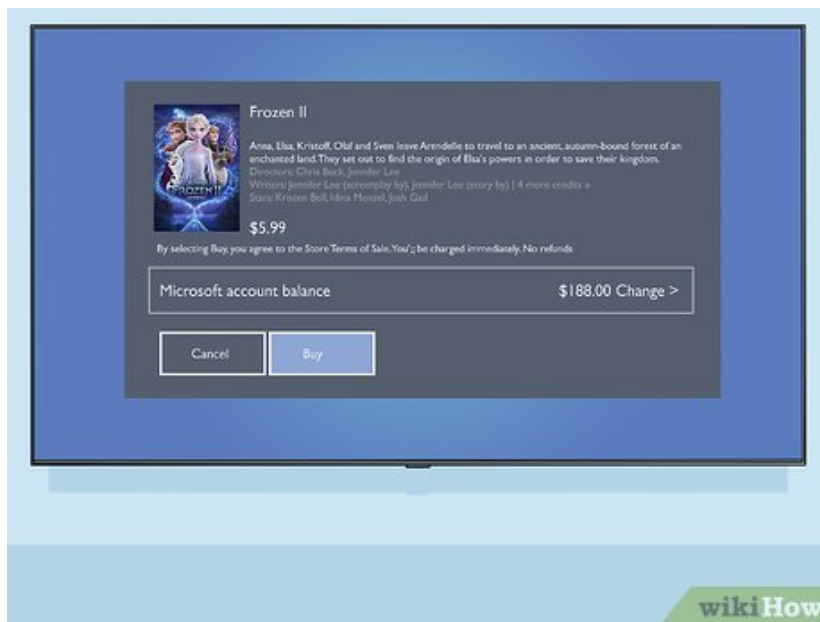

**Select a movie you want to learn more about it.** Details about the movie will appear.

1. Not all movies have a **Rent** option. If you don't see the option to rent the movie, you'll have the option to purchase it or download it for free instead.

6.

**Select a video format.** The default is HD (High Definition), but when you click the tile to change to SD, everything on the page reverts to SD. The price of the rental will update accordingly.

7.

**Follow the on-screen instructions to rent the movie.** You'll need to enter a payment method if you don't have one set up. Once you've rented the movie, you'll see how long you have access to the movie before the rental period expires.

Method 2 of 2:

## Using Amazon Video

**Turn on your Xbox.** If you're not already signed in, follow the on-screen instructions to do so now.

1. If you don't already have the Amazon Video app on your Xbox One, download it from the Microsoft Store.<sup>[1]</sup>
2. Since you can't make Amazon purchases through your Xbox One, you'll need to actually rent the movie from Amazon from a computer, phone, or tablet. Once you rent the movie, it'll be added to your library and you can watch it on your Xbox. See [How to Rent Amazon Movies](#) to learn how to rent Amazon movies on different platforms.

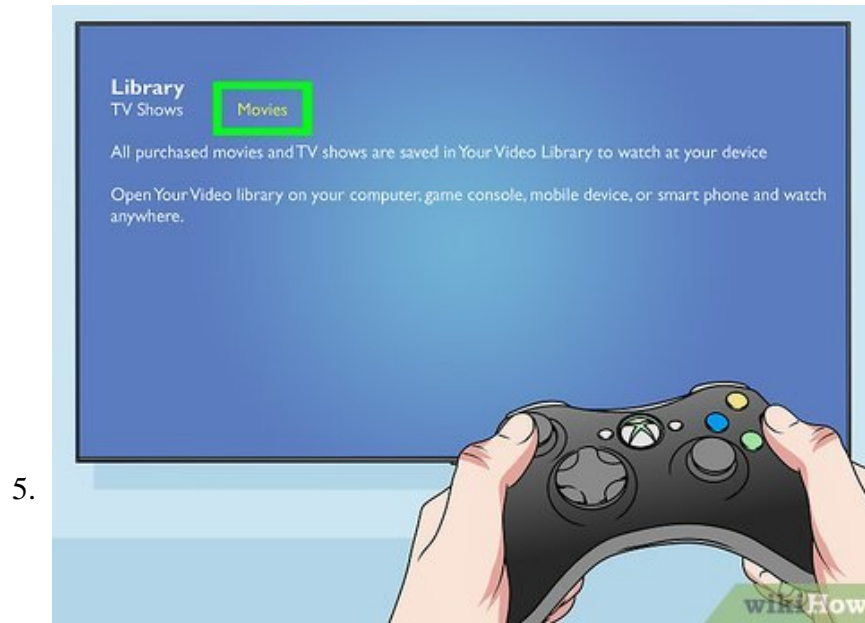

**Navigate to **Movies & TV****. This is usually on the right side of the Home screen.

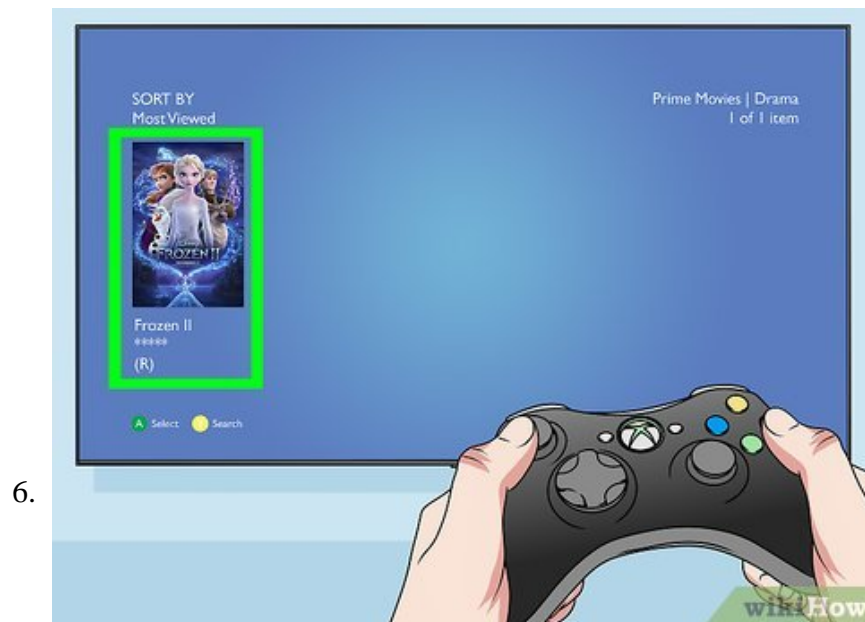

Select **Amazon Video**. If you're not already signed in to your Amazon account, follow the on-screen instructions to do so now.

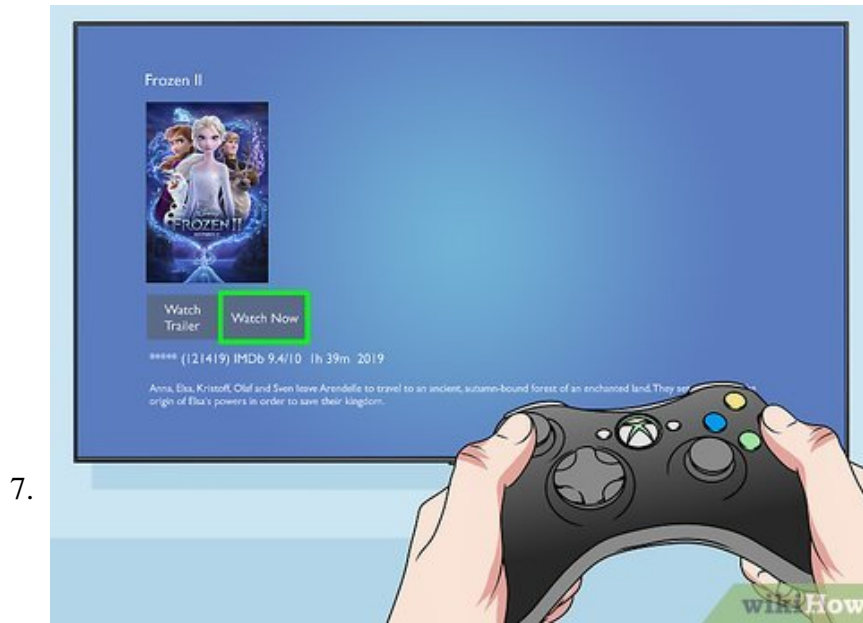

Select **Video Library**. You'll see this in the menu along the left.

**Select** . You'll see this at the top of the screen. This filters your content so you'll only see rented and purchased movies.

**Select a movie.** This takes you to the details page.

Select **Watch Now**. The movie will begin to play. You have access to the movie for 30 days after you rent it, or it will disappear from your Video Library.
