

# How to review old Uber trips with invoices

To check the information of old Uber trips, users can check it right on the computer, without opening the Uber application.

Current technology taxi services are becoming popular, including Grab and Uber. Uber or Grab applications provide users with the necessary information and options right on the app, so you can look up. To search for information on previous trips on Uber, we can search right on the app but can also check on the computer.

You can search through Uber's main website for all travel information and may include an invoice if necessary. The process of viewing old Uber trips on the website is very simple, we will guide you in the article below.

1. How does Uber work? - Decoding Uber
2. Instructions for registering and using Uber Taxi
3. Prevent Uber from tracking location on iPhone when not using the application

## How to search Uber trip information

1. Download the Uber app for iOS
2. Download the free Uber app for Android
3. Download the Uber app for Windows Phone

### Step 1:

Go to the link below to visit Uber's homepage. Then enter your Uber account registration information. Click the Next button below.

1. <https://riders.uber.com/>

**Step 2:**

At the first login, users will need to open the application and conduct account verification via phone. When the account login verification interface appears, click **the Yes button** to agree. You wait for the login verification application to be available. This process will be a bit long, so please wait a few minutes.

# Login Request

Please verify that you are trying to log in to Uber.

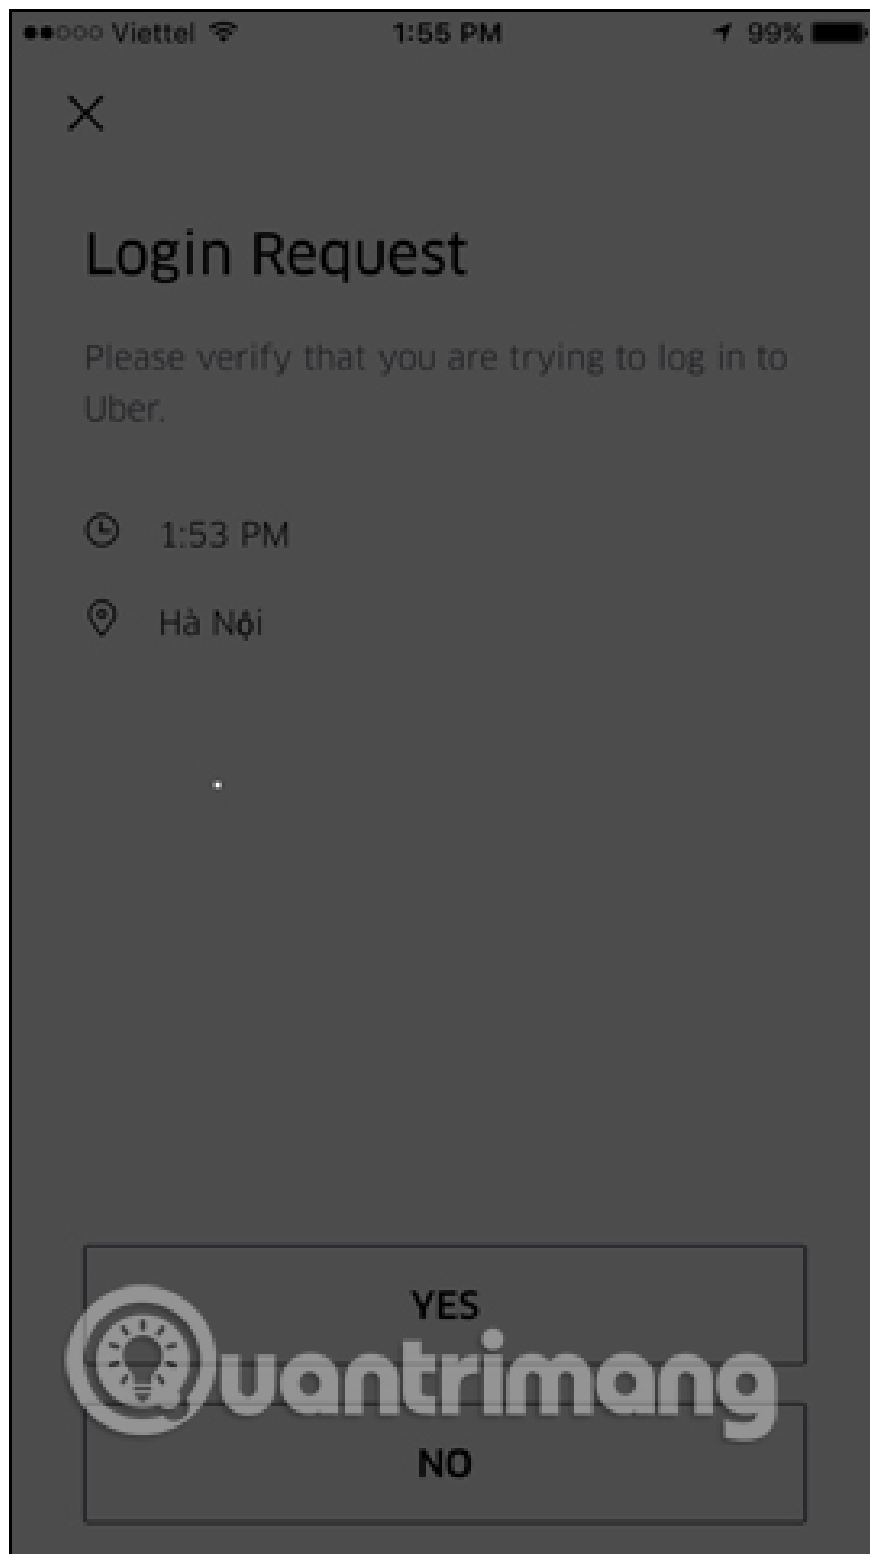

🕒 1:53 PM

📍 Hà Nội

 YES

NO

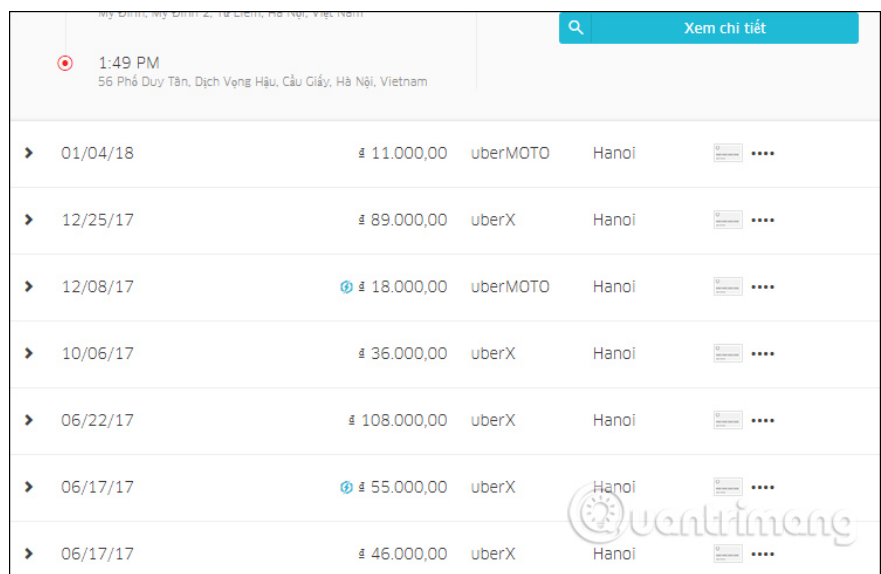

**Step 3:**

After the confirmation is successful, the user will be able to access the main profile of the page. Here click on **My Trips** in the list to the left of the interface.

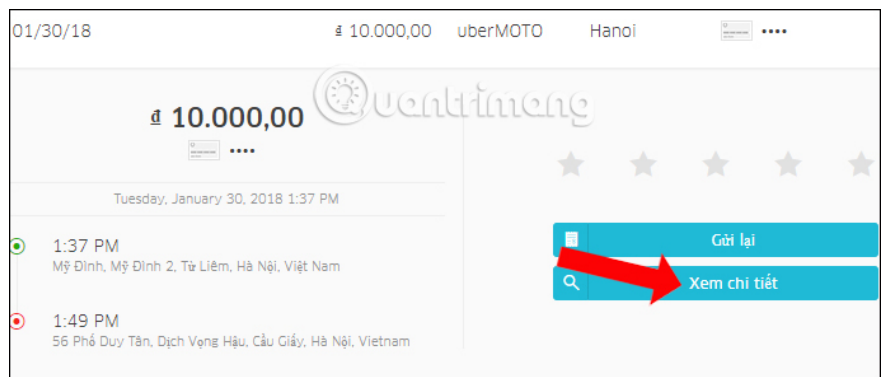

Looking at the content on the right, you will see the transfer list that has been placed on Uber, including trips made and canceled.

#### Step 4:

When you click on a trip you will see the trip time, location as well as the amount of money. Click **View details** for more information.

## Step 5:

In the trip details interface, we will have the location map, the number of kilometers traveled, the trip time taken and the detailed cost statement.
