Step 2:

Now you will see **the option to schedule** according to the time you need. We swipe to the time we want to schedule to send Instagram messages, up to 29 days before sending the message. Finally, **press Send** .

Step 3:

After scheduling an Instagram message, you will see the scheduled message in the chat box interface. We continue to set up other message schedules in Instagram if needed.

How to Manage Instagram Message Scheduler

Step 1:

We **click on the scheduled schedule** , then we will see **the list of Instagram messages scheduled to be sent** .
You **touch the message you want to change** .

Step 2:

Here we can send the message immediately without following the created schedule. Or if we no longer need to schedule sending Instagram messages, click Delete.

Hopefully in the next Instagram version, the option to edit scheduled messages will be updated.
