

How to see who likes your Spotify playlist

You won't necessarily know who likes your Spotify playlist, but you can still see how many people like it.

When you create a Spotify playlist, you have the option to share your Spotify playlist through various methods. And when you share, users can see who has liked your Spotify playlist. Here is a guide to see who has liked your Spotify playlist.

How to see who liked your Spotify playlist on your phone

Step 1:

On the Spotify app interface, **click on Your Library** to access the playlist on Spotify. Switch to the new interface, **click on the playlist** you want to check the number of likes on the playlist.
