

How to send heart videos on Viber

Viber recently updated adding features to send heart-shaped videos for Valentine's Day.

The feature of sending video messages has been updated on Viber since last year, helping users to send video quickly to friends and relatives besides sending regular messages and voice messages. And to celebrate Valentine, Viber converted into a heart-shaped video instead of a circular video frame like before.

With a heart-shaped frame, we will integrate our face and send to the 'other half' these lovely words for this Valentine's Day. Video sent up to 30 seconds as the feature to send previous videos on Viber. During video recording, users can delete videos if they do not want to send them. The following article will guide you how to send heart-shaped videos on Viber.

1. How to hide, hide the chat content, chat on Viber
2. How to backup and restore messages on Viber
3. How to save and send Viber messages to email

Instructions for sending Viber heart video messages

Step 1:

First, users need to update Viber to the latest version and agree to let **Viber use the Micro** on the device. If not set up, go to **Settings** and follow the picture below.

- Q, Nhập tên bạn bè
