

# How to set multiple faces for Face ID in iOS 12

After much anticipation, Apple finally rolled out a host of new features for their devices at WWDC 2018, with the majority of the features focused on iOS 12 updates. But apart from all this, A great feature that Cupertino giant has launched in iOS 12 is the ability to register multiple faces for Face ID on iPhone X.

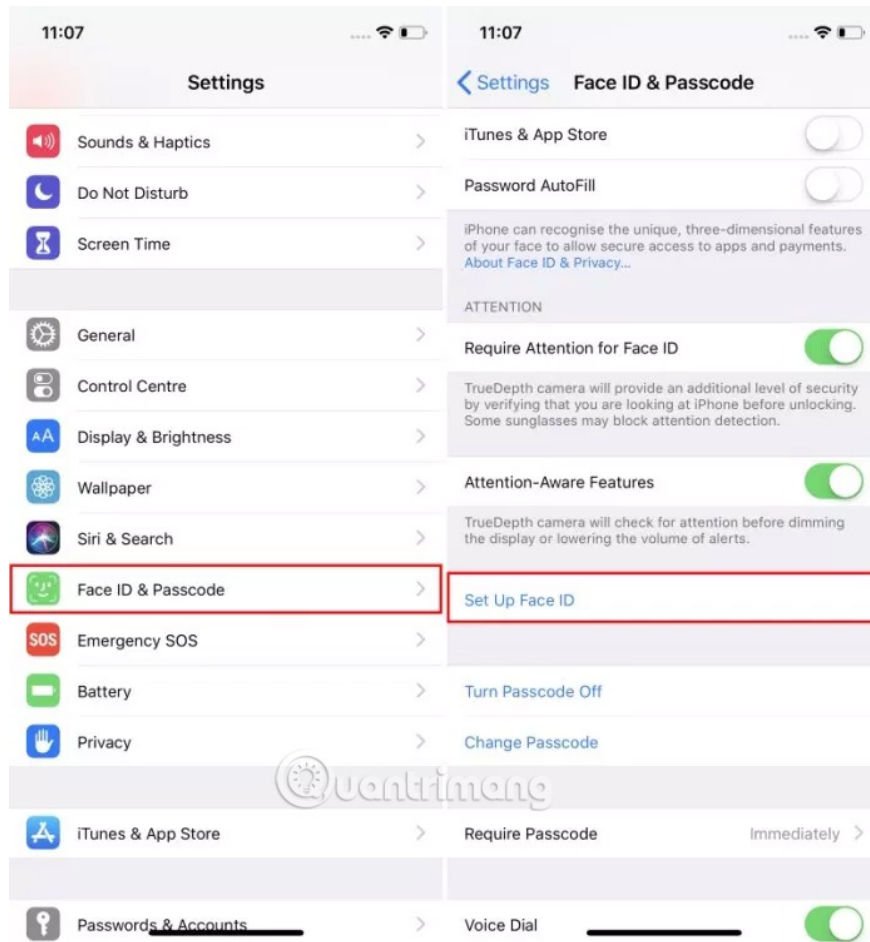

After much anticipation, Apple finally rolled out a host of new features for its devices at WWDC 2018, with the majority of the features focused on iOS 12 updates. The iOS 12 update will bring New changes like ARKit 2, digital tools, many Animoji (and Memoji if you want your own animation), Siri shortcuts, Group FaceTime and more. But beyond all this, a great feature that the Cupertino giant has launched in iOS 12 is the ability to register multiple faces for Face ID on iPhone X. Now you have more than one mold. face on Face ID.

1. These are new features on iOS 12, do you know?

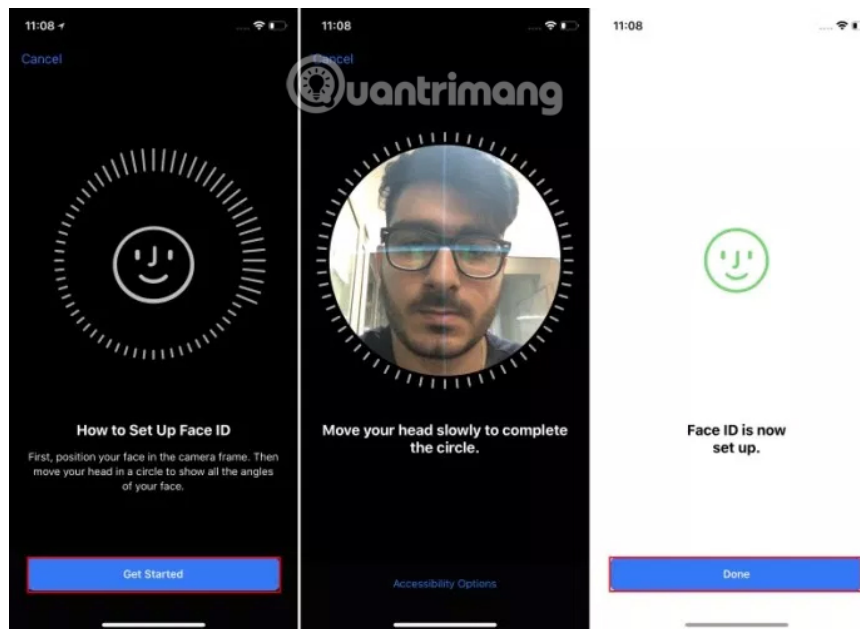

## How to set up multiple faces for Face ID on iOS 12

**Note:** The method below is done on iPhone X running iOS 12.0 Beta and works well.

**Step 1.** First of all, go to **Settings -> Face ID & Passcode -> Set Up Face ID** .

**Step 2.** Now, follow the on-screen instructions to set up the first Face ID.

**Step 3 .** After registering the first face, you will return to the settings page and add the second face by touching **Set up an Alternative Appearance**.
