

How to set the default search on Coc Coc

On Coc Coc browser, there is also a default search engine setting. We can choose to use the search engine we want.

Like other browsers, Coc Coc also supports users with basic features of a browser. Especially, Coc Coc browser has the same interface and settings as that of Google Chrome browser, so it is convenient for us to use and manage this web browser. And in most web browsers there is a feature to set the default search engine, choose to use the main search engine in the list that the browser supports. With Coc Coc, we can choose Google, Bing, or Yahoo to set the default as a search engine. The following article [The network administrator will guide you how to set up the default search engine on Coc Coc browser.](#)

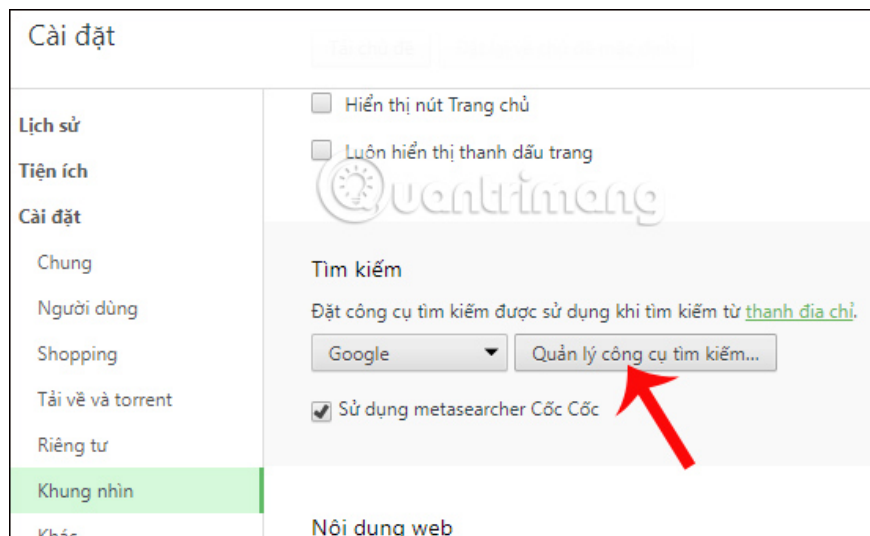

Step 1:

At the main interface on the browser, we click the Coc Coc icon in the top left corner of the interface and select **Settings** .

Step 2:

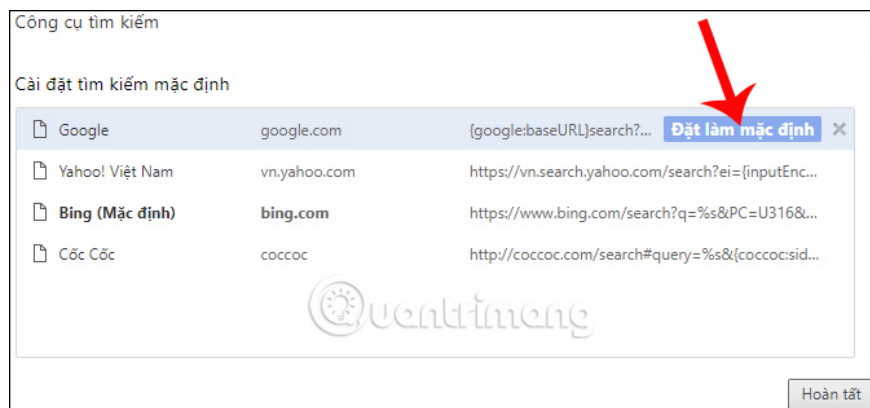

In the Settings view, on the options list on the left, we find a new Installation item and click on the View **item** . Look at the content on the right, the Search section clicks on the Search engine management button .

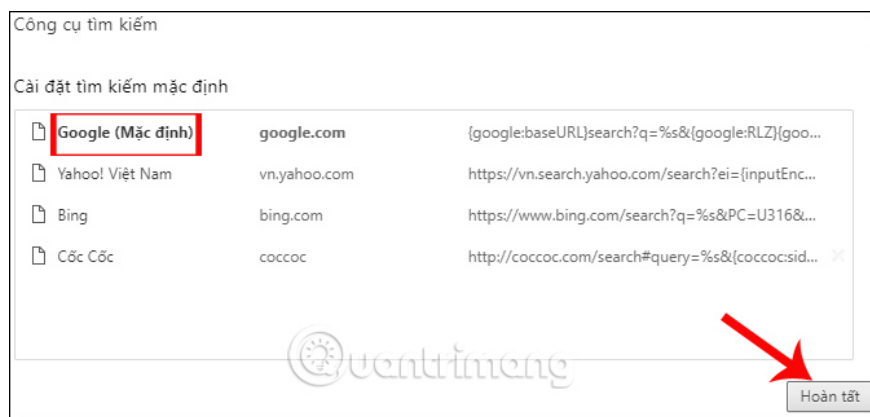

Step 3:

In the Search Engine dialog interface, you will see the search engines that Coc Coc supports users to use. Click on the search engine and select the **Set as default** button.

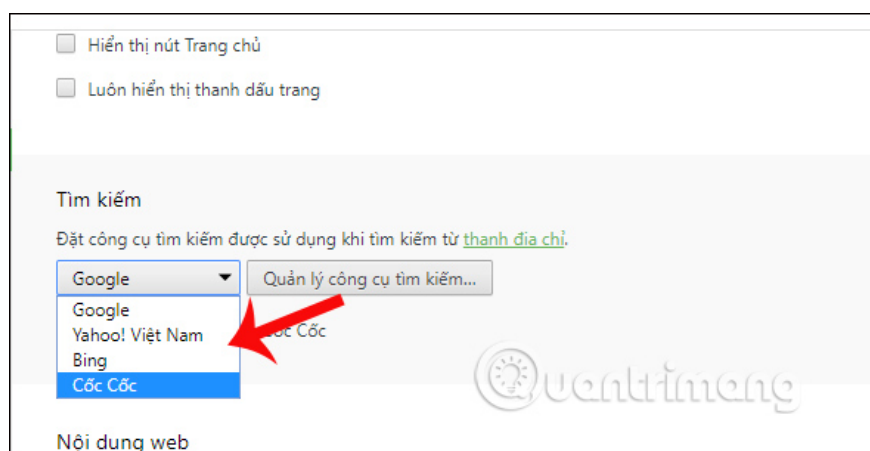

Here I will choose Google as the default search engine, due to the familiar user interface and popular search engine today.

At that point, we will see next to Google with the Default notification as shown below. Click Finish at the bottom to save the changes.

Another way to choose the default search engine for Coc Coc browser, which is outside the Search Parts view, you click on the tool currently used in the browser. Then select the new search engine from the drop down list.

In addition to placing Google as the default search engine on Coc Coc browser, we can choose other tools according to the way above. During use, users can change between search engines, depending on the needs and convenience of each person.
