

# How to set up iCloud email, contacts and calendar on iPhone or iPad

If you want to set up and synchronize your iCloud email, contacts or calendar on your iPhone or iPad, follow these simple steps!

You can activate iCloud for the first time when setting up a new iPhone or iPad or activate an existing account anytime with the settings in Settings. And it's easy to set up iCloud email address, contact and calendar to synchronize on iPhone or iPad with the following simple steps.

1. How to create an iCloud account for free on your phone

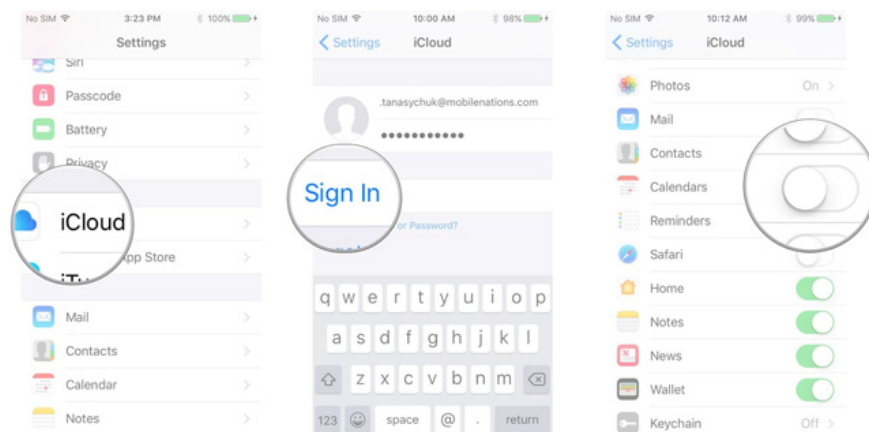

**Step 1 :** Launch the **Settings** app on iPhone or iPad.

**Step 2 :** Touch **iCloud** .

**Step 3 :** Enter your iCloud email and password and click **Sign In** .

**Step 4:** Touch **Merge** if you want all data to be integrated with iCloud memory. If not, touch **Don't Merge** .

**Step 5:** Touch the slider next to the services and applications you want to sync with your iPhone or iPad. By default, most iCloud services are turned on.

I wish you all success!
