2. How to share a folder (folder) via LAN on Windows 10
3. How to share data between 2 computers via LAN?

## Instructions for sharing self-destruct files on Tresorit Send

### Step 1:

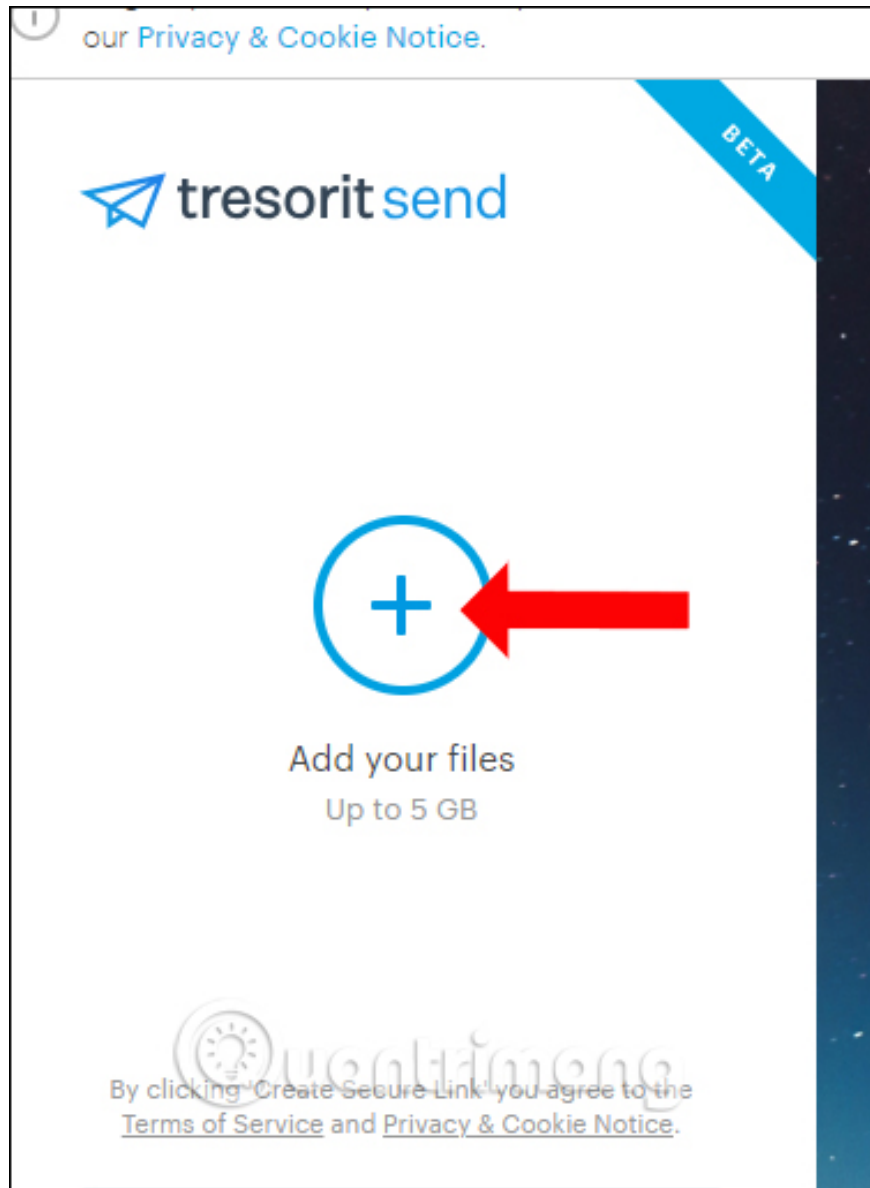

Users click on the link below to access the homepage of Tresorit Send.

1. <https://send.tresorit.com/>

Also, if you want to use it quickly, you can use Tresorit Send utility on Chrome browser.

1. Download the Tresorit Send Chrome utility

At the drag and drop page interface, drop the file into the white frame on the left. Or click **Add your file** to get the file. We can select multiple files at once in different formats to upload to Tresorit Send.

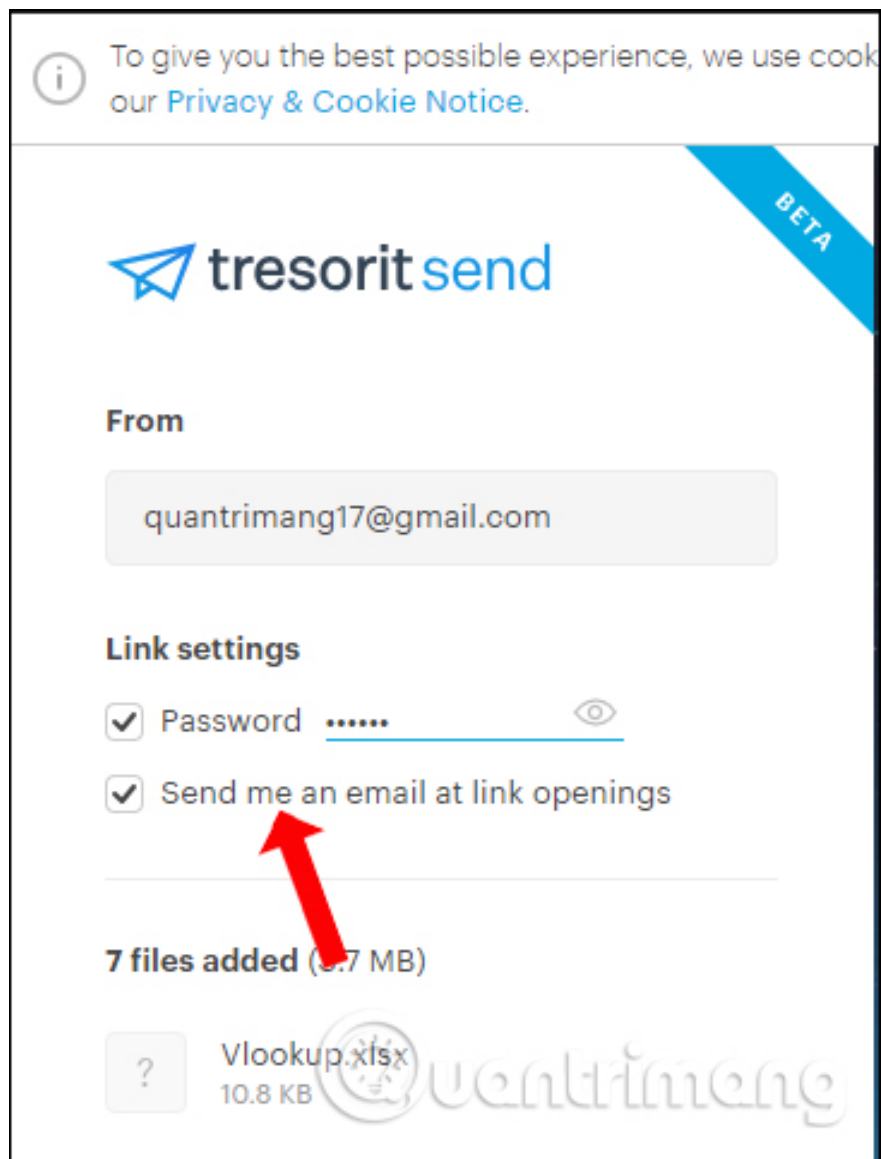

## Step 2:

In the next interface, users will be asked to **enter their email address** at the From section to receive the sharing link and notify when someone access the file download link.

Continue below **Link settings** section there will be 2 other options:

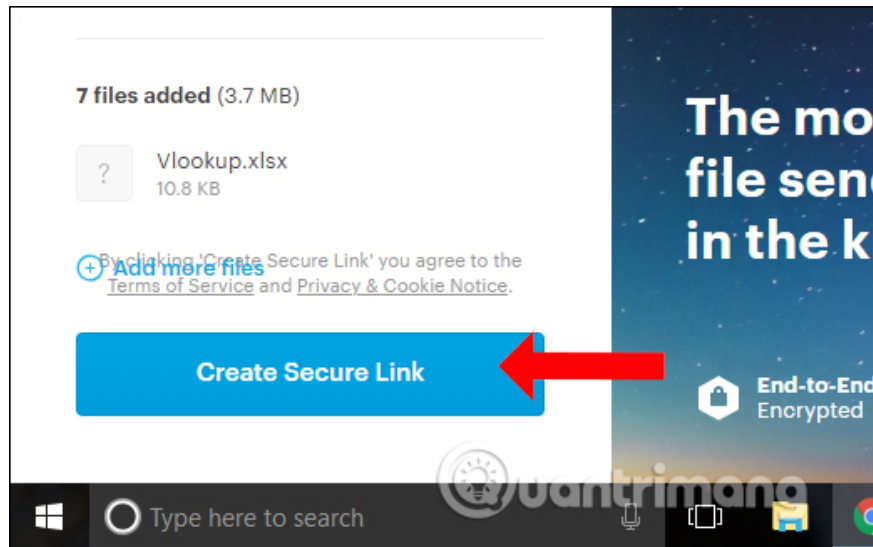

1. Protect link with password: Set password to protect the link.
2. Send me an email a link openings: Get notified when someone accesses the download link.

Below will be the total number of files as well as the total file size that the user has uploaded.

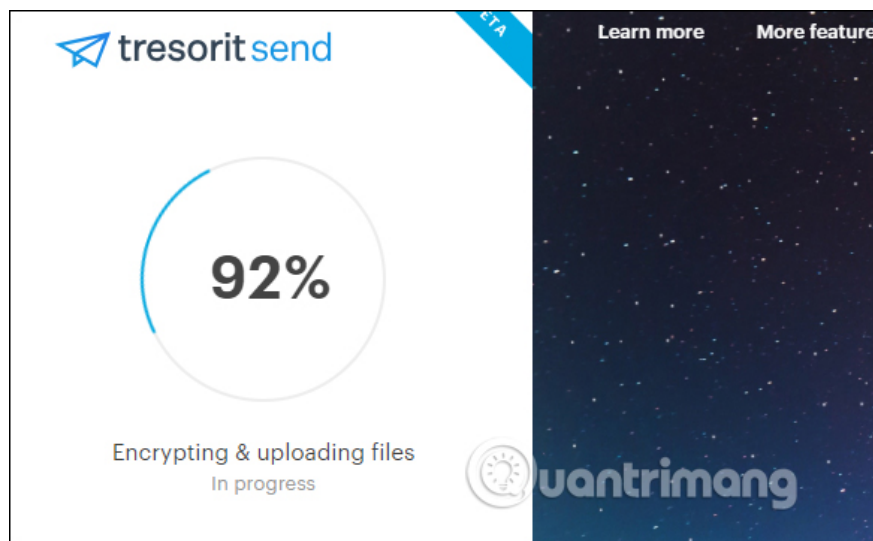

**Step 3:**

After downloading and setting up the download link, click **Create Secure Link** to create the link to download the file.

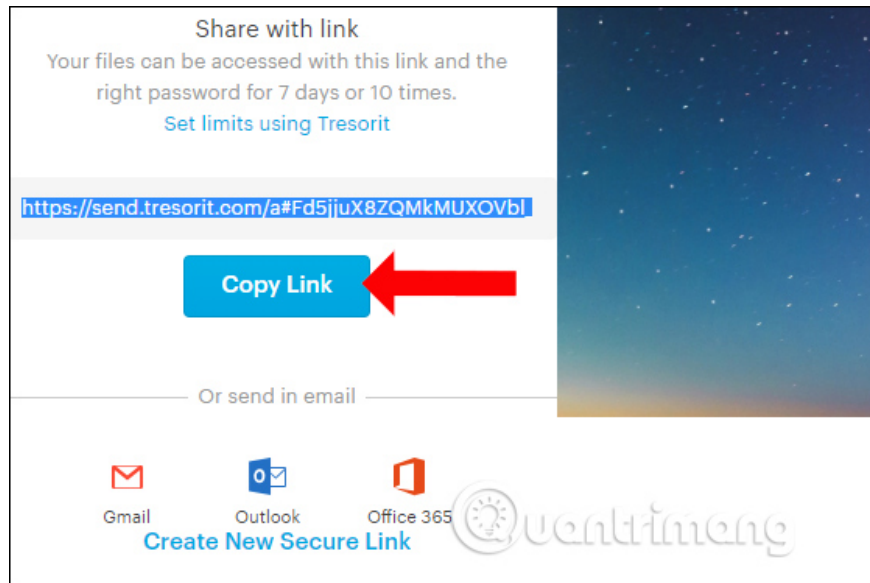

#### Step 4:

The process of uploading files to the system of Tresorit Send will take place shortly thereafter. Files are also encrypted. As a result, users will have the link to download the file to send to others.

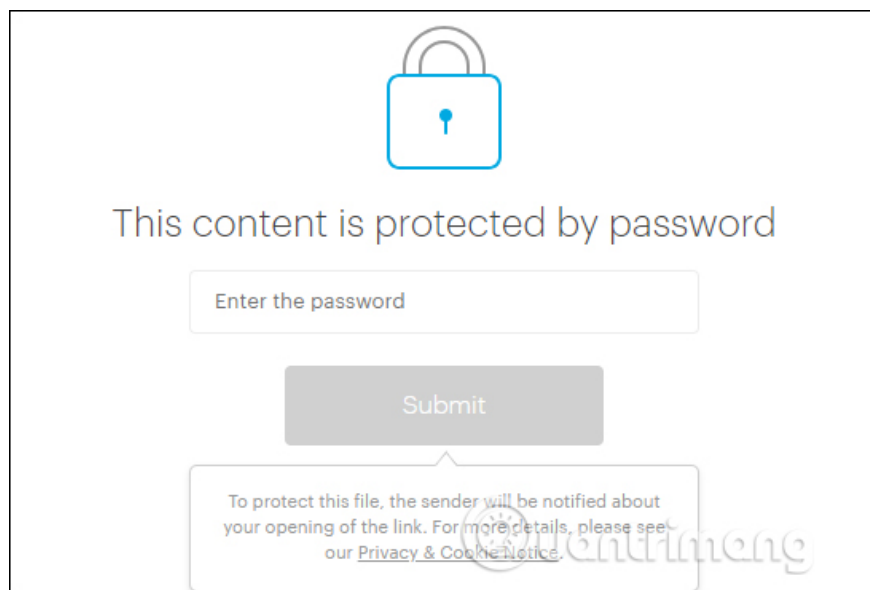

Link will exist for 7 or 10 downloads. If you want to extend the download time, you need to upgrade to the paid version. Click **Copy link** or send via Gmail, Outlook, Office below.

### Step 5:

When other people access the link will be asked to enter the password you set for the download link. **Enter the password** and then click **Submit** to agree.

### Step 6:

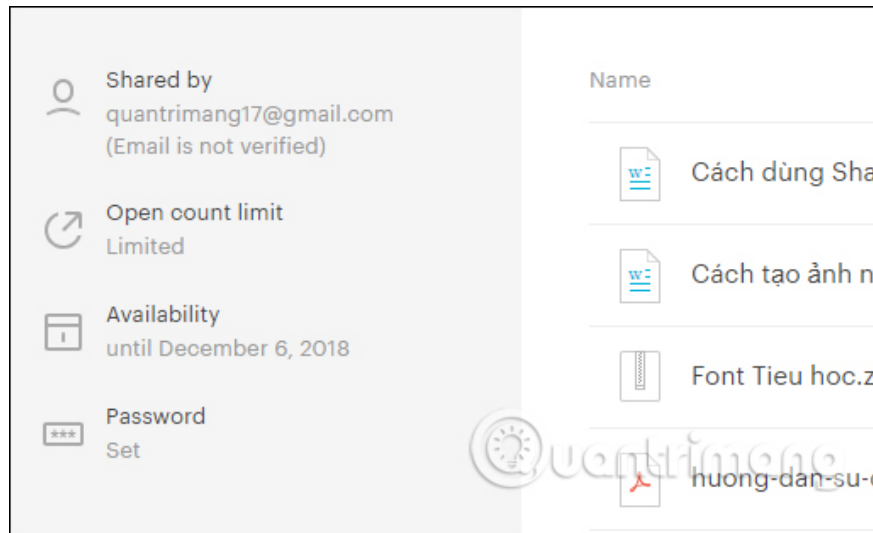

Show all files in the download link. When hovering on each file, there will be a **View button** to preview the content and **Download button** to download the file.

Name	Size		
 Cách dùng Share secret c...	12 KB	<a href="#">View</a>	<a href="#">Download</a>
 Cách tạo ảnh nghệ thuật chồng nhau trên iPhone.docx			
 Font Tieu hoc.zip			
 huong-dan-su-dung-phan-mem-smas.pdf			
 nhung-cau-noi-kinh-dien-cua-jack-ma.pdf			

If you want to download multiple files at once, press **the Download All button** in the top right corner. The files will be compressed into zip files.

Also in this interface, the file recipient will know who the file sender is, the end time of the file download link.

Sharing files online on Tresorit Send is simple and fast, no need to download or verify any information. The file will be encrypted, adding a password to protect your security when sharing.
