

How to sign in to Facebook with Gmail

To register for a Facebook account, we can use the Gmail address and then log in with a Gmail account.

The familiar way to log in to **Facebook** is to use a Gmail address to access a user's personal account. The traditional way to register that Facebook account is through Gmail address and then use that Gmail address to log in to Facebook, besides how to access Facebook via phone number.

The Gmail address is now the most commonly used email account. When registering for a Facebook account with Gmail, you can simply access and manage your Facebook account because all information related to Facebook will be sent to the registered Gmail address. The following article will guide you how to login Facebook account with Gmail.

1. How to get back Facebook is hacked and lose registration email
2. How to permanently delete Facebook account on computer 2017
3. How to turn off / hide Facebook nick even when online

How to access Facebook with Gmail

First of all, you can access the Facebook homepage page below.

1. <https://www.facebook.com/>

Then at this interface you **enter the Gmail address** used to register your Facebook account in the Email or phone box. Then enter your Facebook account password. Finally **click Login**.

Email hoặc điện thoại: quantrimang17@gmail.com

Mật khẩu:
