

How to tame a camel in Mini World

How to tame a Camel in Mini World, camels are animals that often appear in the desert area of Mini World. You can rely on camels to transport items and furniture.

How to tame a Camel in Mini World, camels are animals that often appear in the desert area of Mini World. You can rely on camels to transport items and furniture.

Of course, they need to be tamed before you can control and use them. So how to tame a Mini World camel, please see the content of the article below.

How to Tame a Camel Mini World

Step 1: To tame a Camel in Mini World, go to the cactus and find Cactus Fruit. This is the only fruit that can make a camel follow you, they usually grow on the trunk of a cactus when they are mature.

Step 2: This fruit can also help you recover 20 stamina after eating, helping you recover your strength after eating.

All you need to do is hold a Cactus Fruit in your hand and lure the camel to follow you. Once their health bar turns green and full and they sit down, you have successfully tamed the camel.

Taming is very easy, the main thing is whether you have enough Cactus Fruit to feed them or not. So if you want to tame a Camel in Mini World, all you need to do is diligently find a large amount of Cactus Fruit.

A few things to note about Mini World Camel

If you attack a Camel in Mini World they will spit in your face and make your screen go black. When you get close to them they will use their front legs to stomp on you.

A Camel kick can take up to 20 health, sometimes 15, but that can be quite dangerous if you can't move to higher ground.

If you want to ride a Camel, all you need to do is buy a saddle for the Camel and climb on its back to ride. In addition, you can also carry two chests on both sides of the Camel's saddle to store your belongings while traveling.

Camels are animals that are very suitable for moving in the desert, so you should prepare a camel. Both to transport things and not have to walk. In addition, you can also build a cage and lock them up, take care of them like many other animals in Mini World.
