

How to transfer songs downloaded from Zing MP3 to the Music folder

After downloading the song from the Zing MP3 to the device, some people will need to transfer the song to the Music folder on the phone. How to transfer songs downloaded on Zing MP3 to the phone memory is also simple.

Currently, music applications and music downloads for smartphones are quite popular, such as Zing MP3 or Nhaccuatui. You can download songs to your phone, or listen to music online with fast download speeds and good sound quality. However, when listening to offline music on Zing MP3, there are not many options like when we use music player on smartphones.

Therefore, many people choose to download songs to the device and then switch to Music section to make it easier to play music. If you are still struggling to transfer songs downloaded from Zing MP3 to your mobile music folder, please refer to the following tutorial of Network Administrator.

Step 1:

First, download and install Zing MP3 application on Android smartphone to download music.

1. Download Zing MP3 for Android for free

Step 2:

At the main interface of the screen, click on the **Application** icon. Next, we will click on **File Commander** . Depending on some other devices will be your File or File Manager.

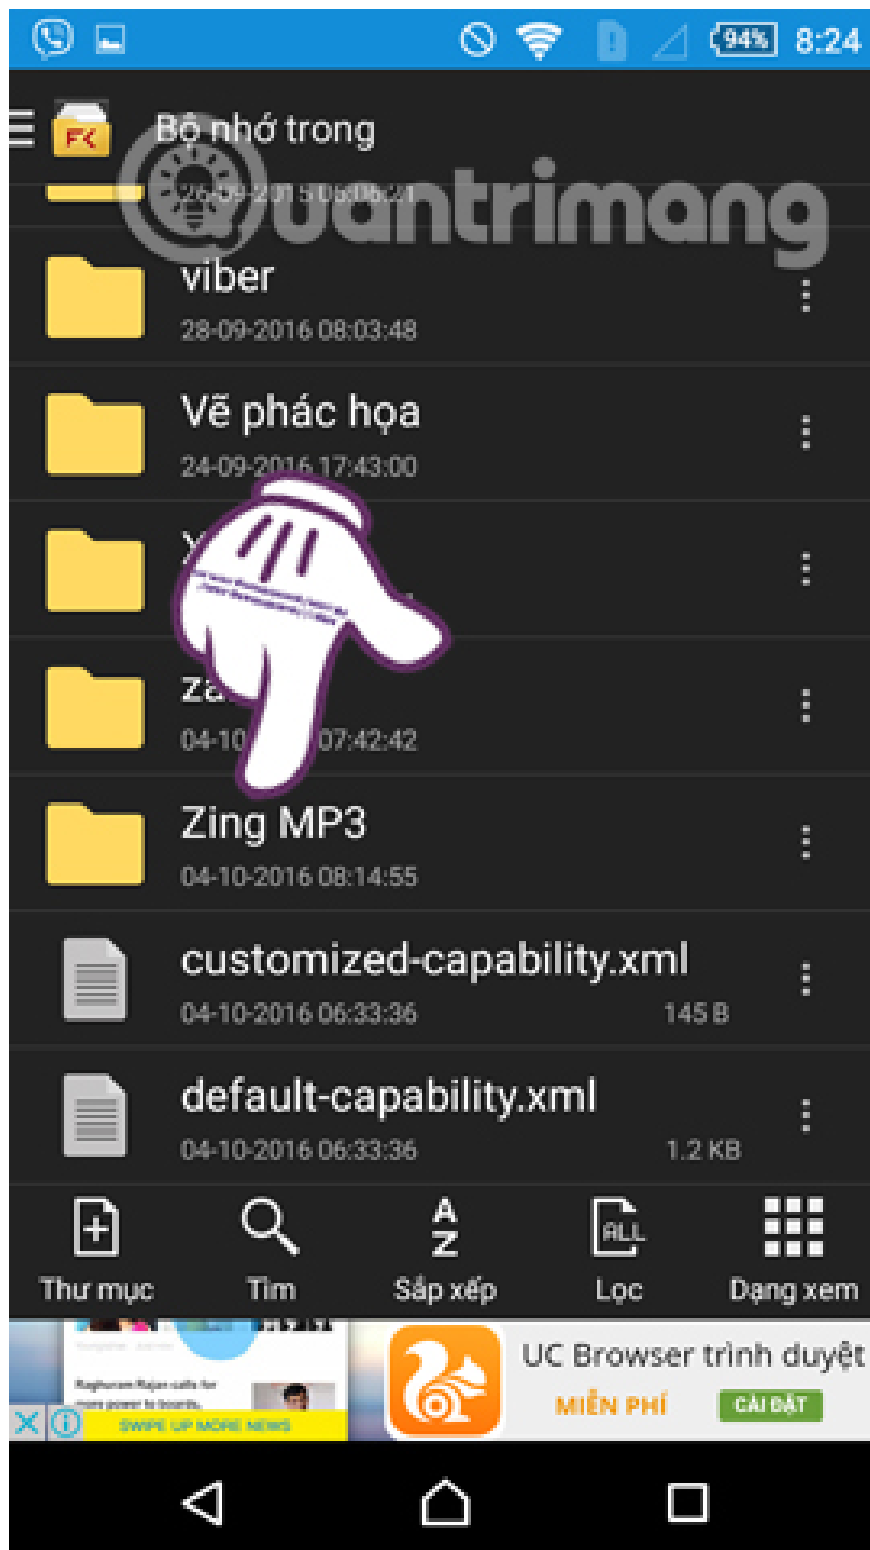

Step 3:

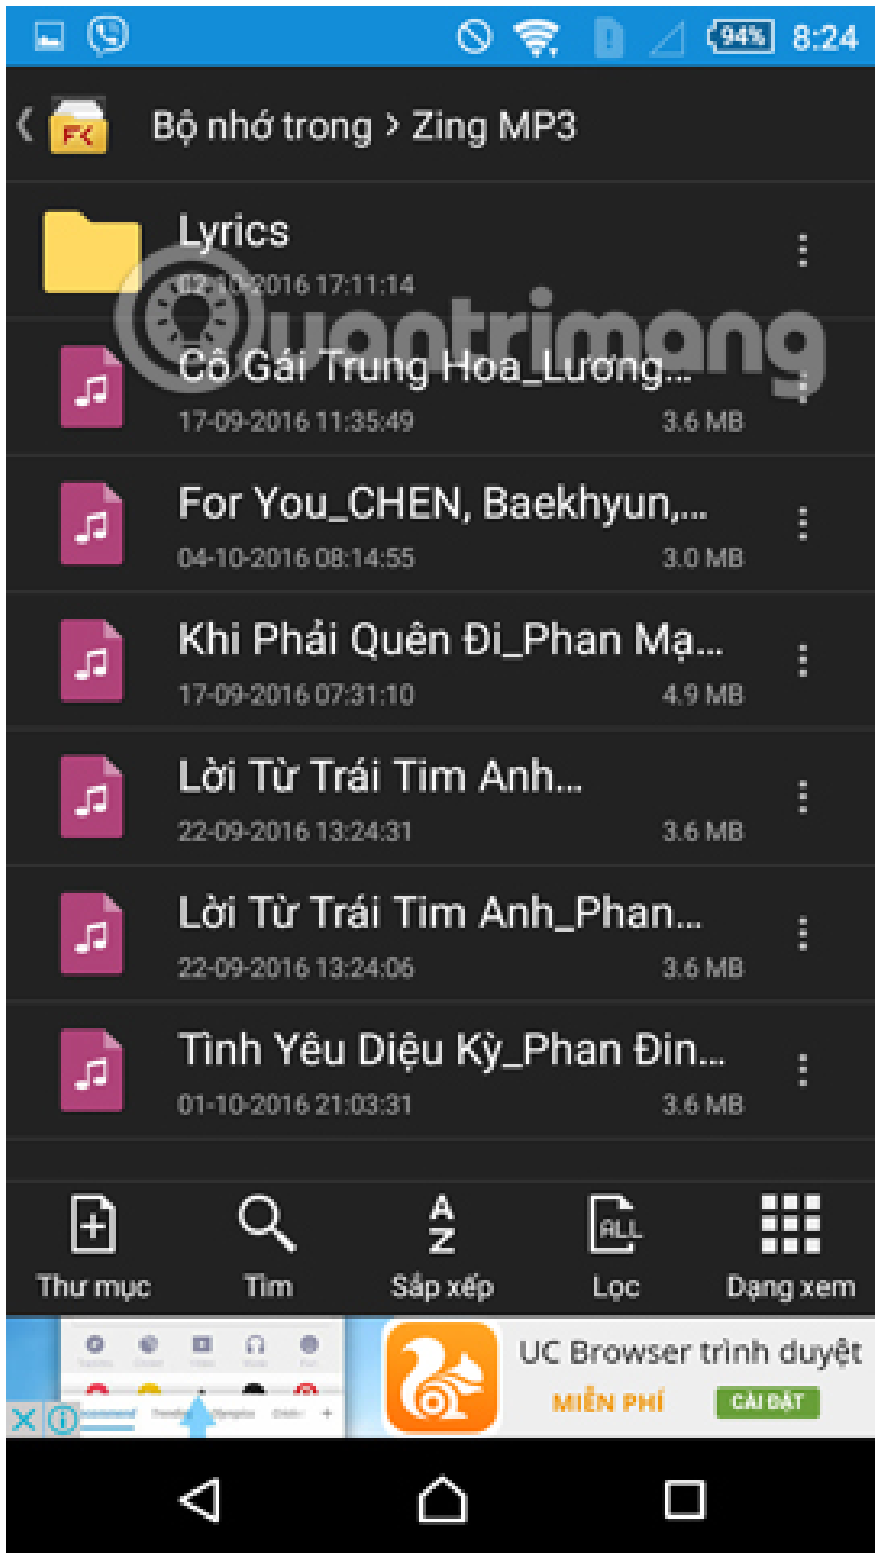

Next, we will click on **Internal memory** , or Memory card depending on where Zing MP3 is located in the device. Soon, you will see a list of all the files in memory on your mobile. Scroll down and find the **Zing MP3** section .

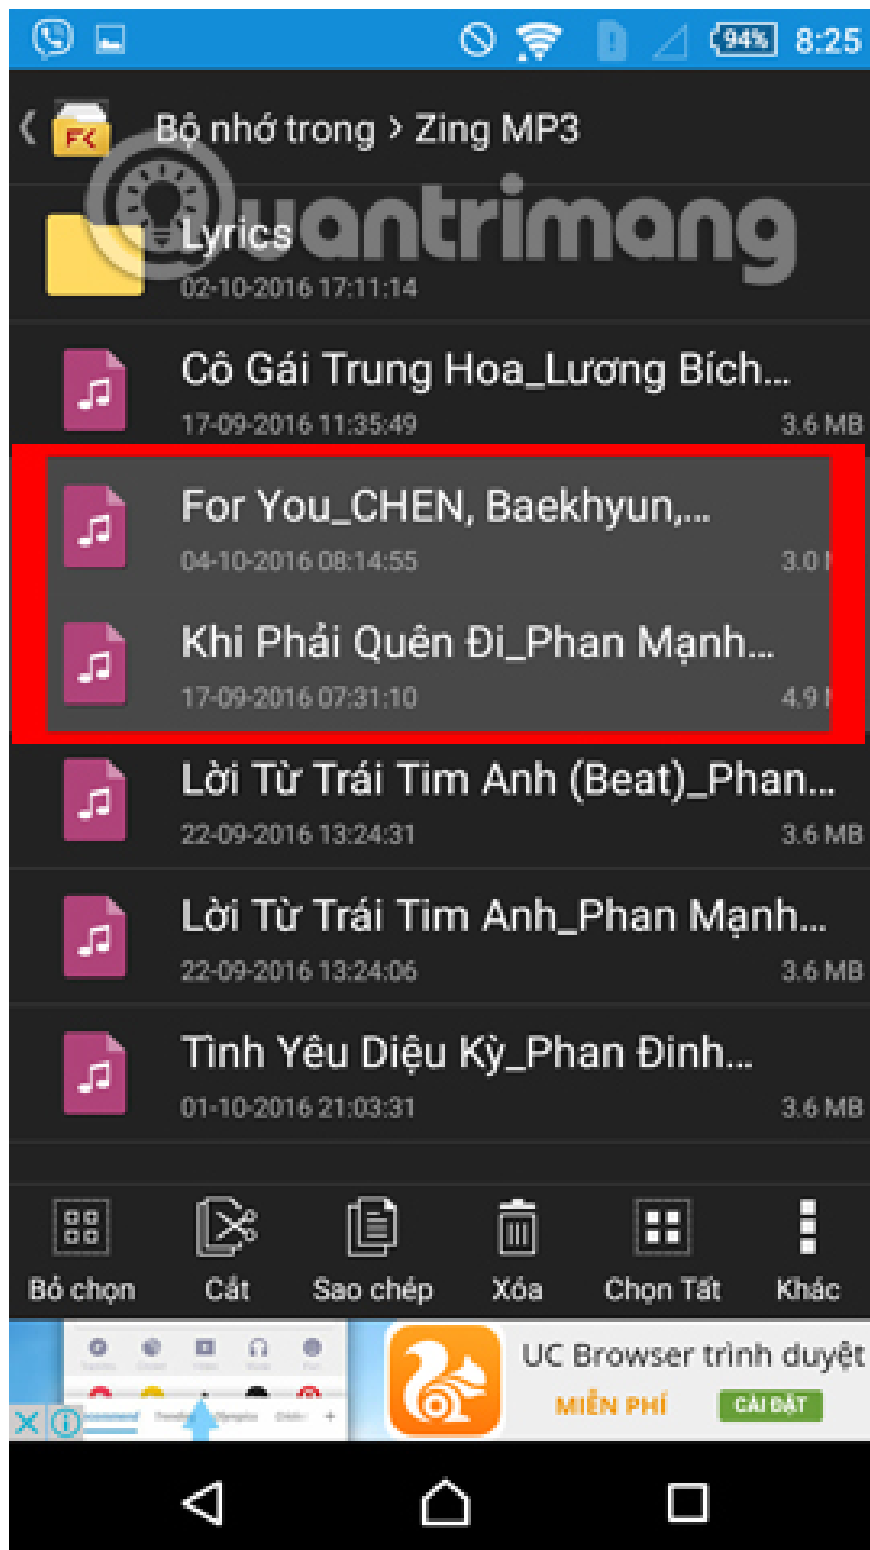

Step 4:

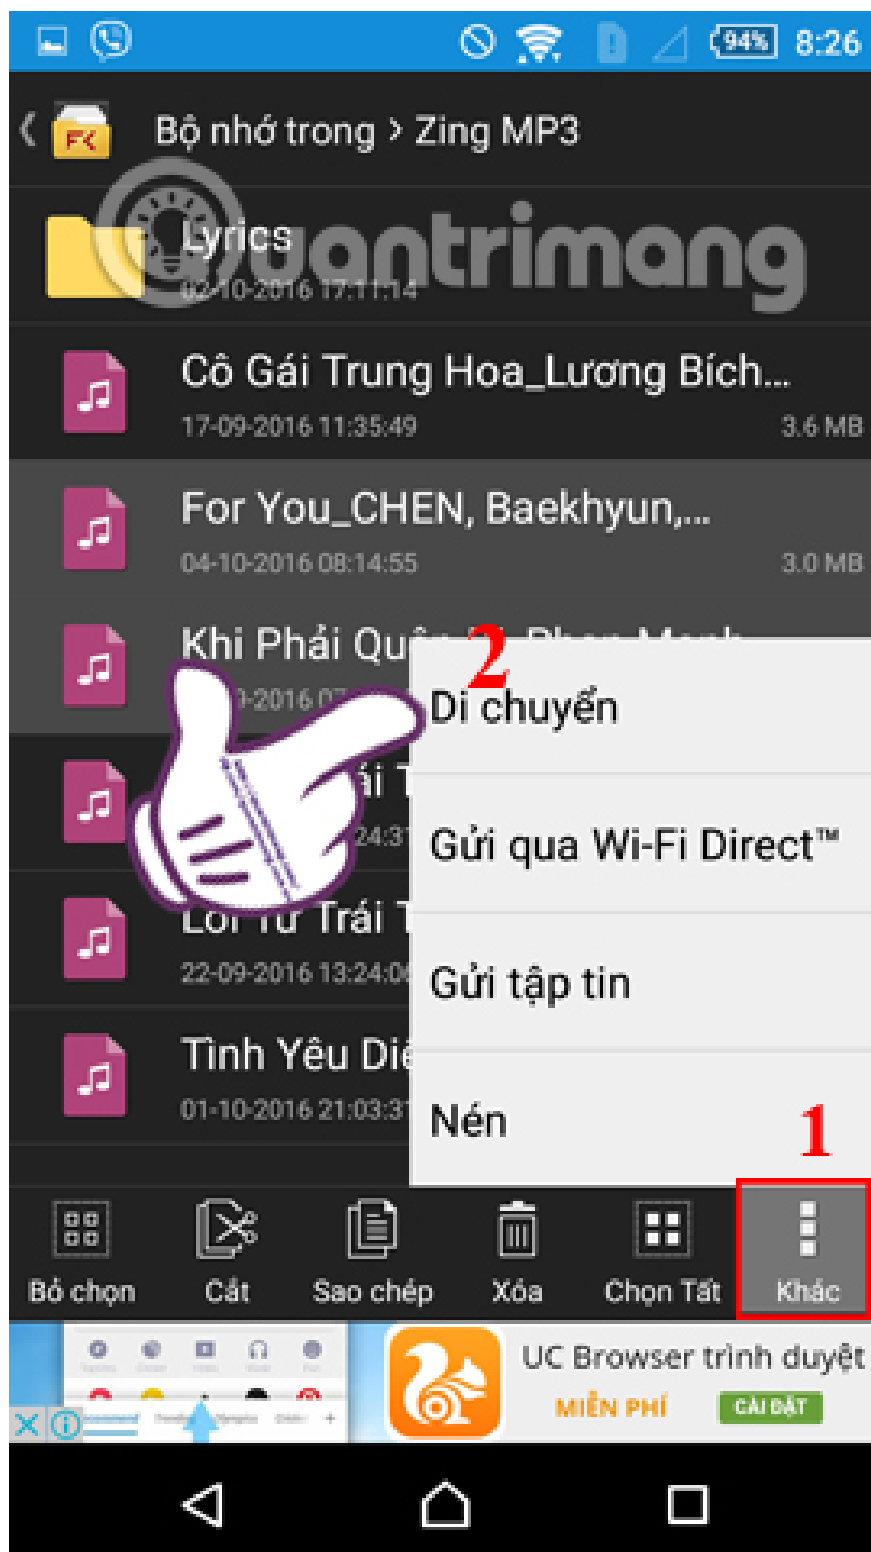

A list of all the songs that we downloaded from Zing MP3 appeared. You drag up or down, then **tick** , or press and hold **the song you want to transfer from Zing MP3 to the music folder on your smartphone** .

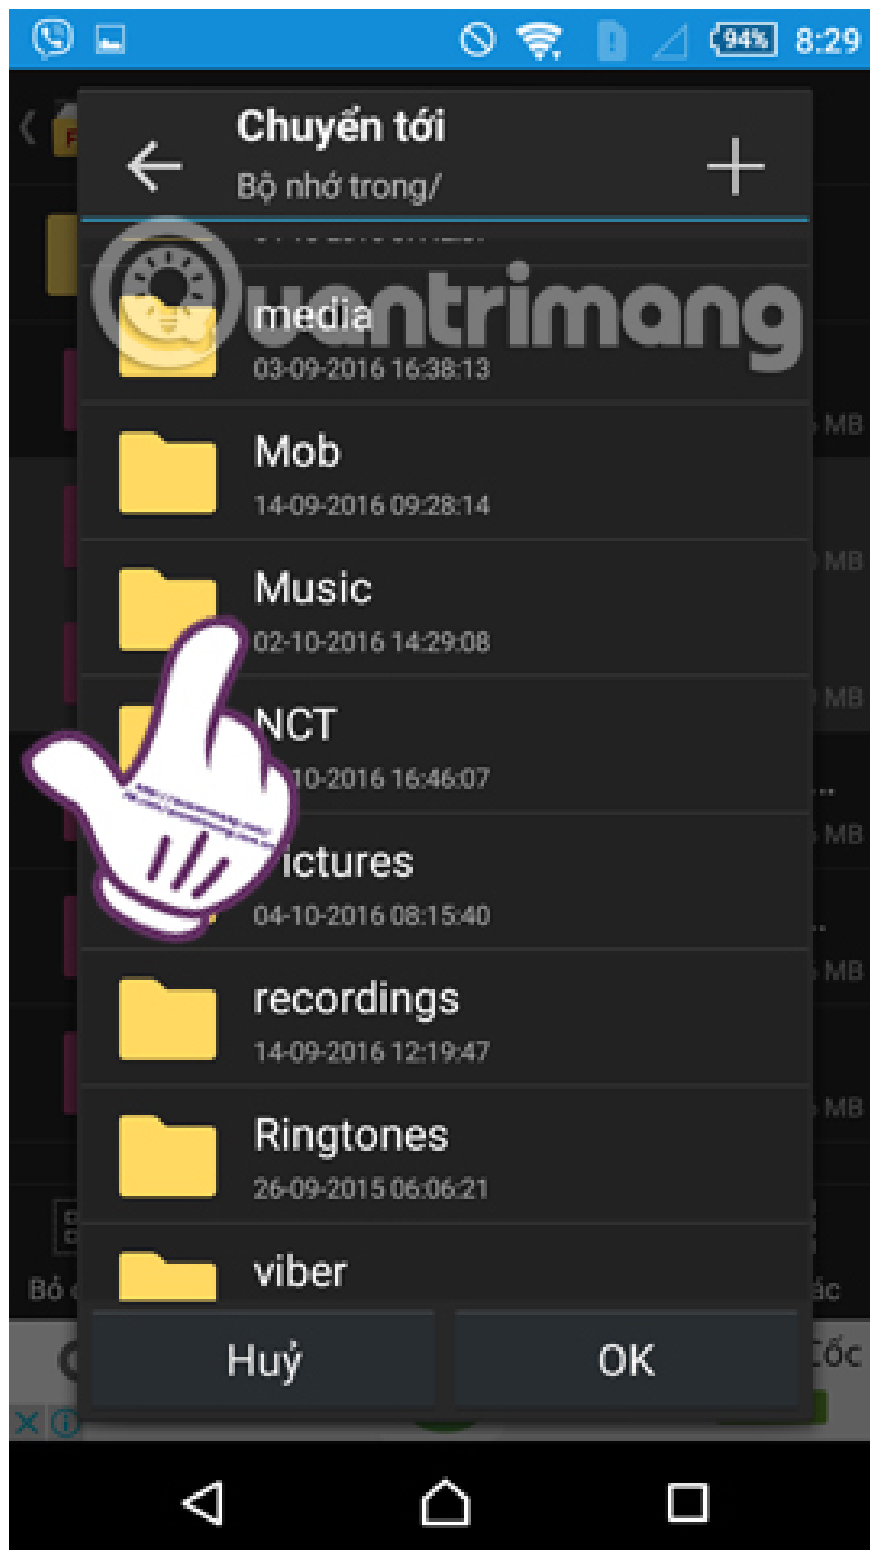

Step 5:

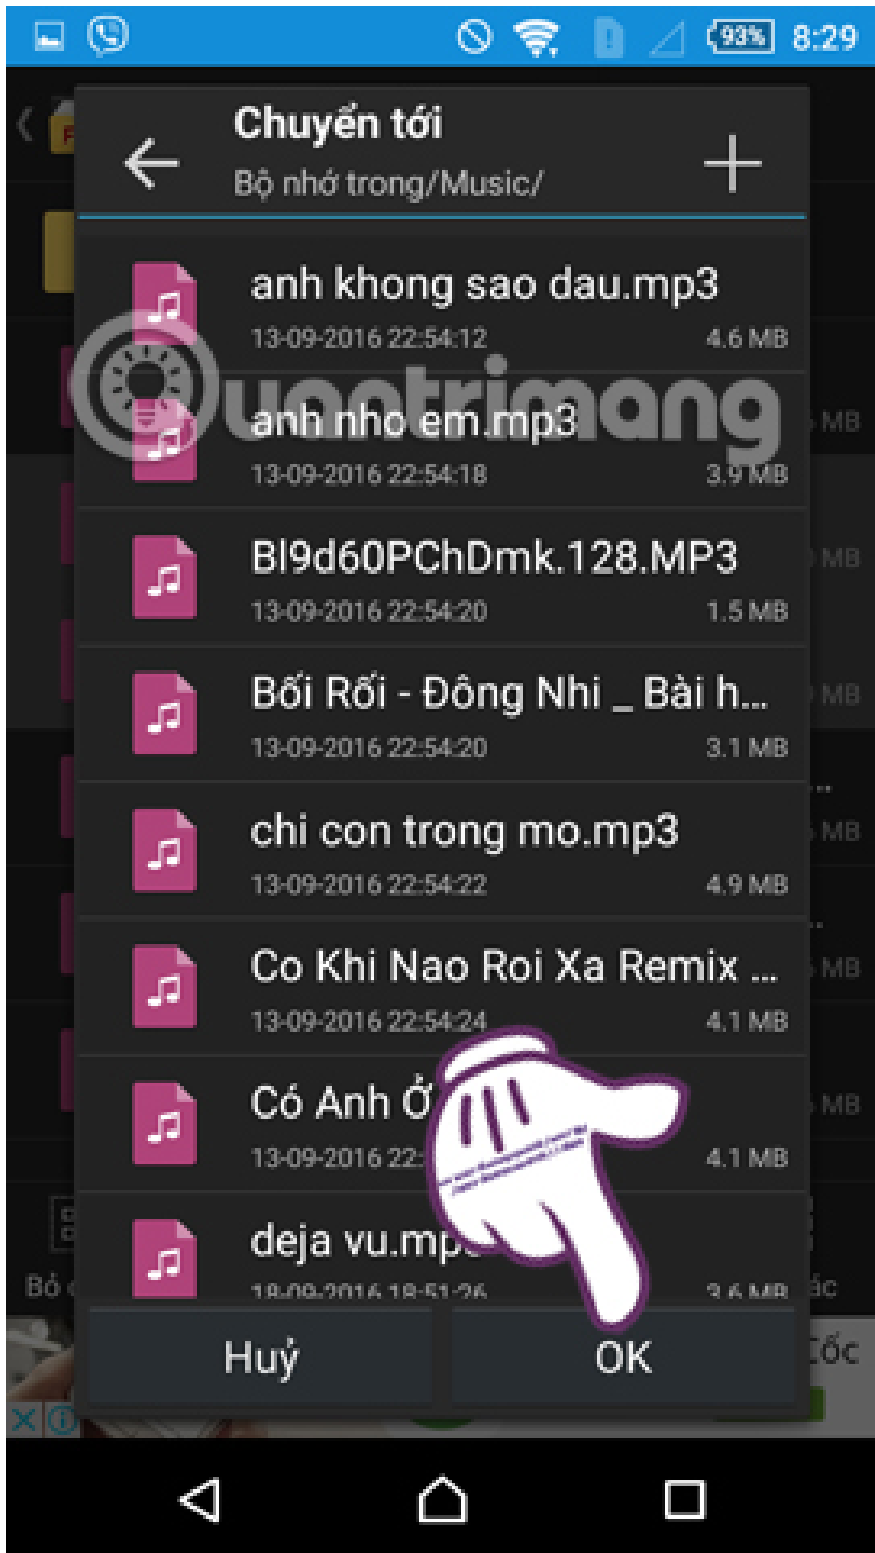

After selecting the song you want to move, click on **the 3-dot icon** , or 3 dashes depending on the model, select **Move** . You find the memory containing **the Music folder** in the device and click on the music folder.

Step 6:

Open the Music folder and then click **OK** to proceed to **transfer the song downloaded from Zing MP3 to** . You will see the song in the Zing MP3 folder will disappear. Instead, they will appear in the Music folder in the device.
