

# How to turn off smart replies on Gmail

On Gmail Android, iOS has a Smart Reply feature that answers intelligently, giving suggestions when replying to emails. So what if I want to turn off Smart Reply on Gmail?

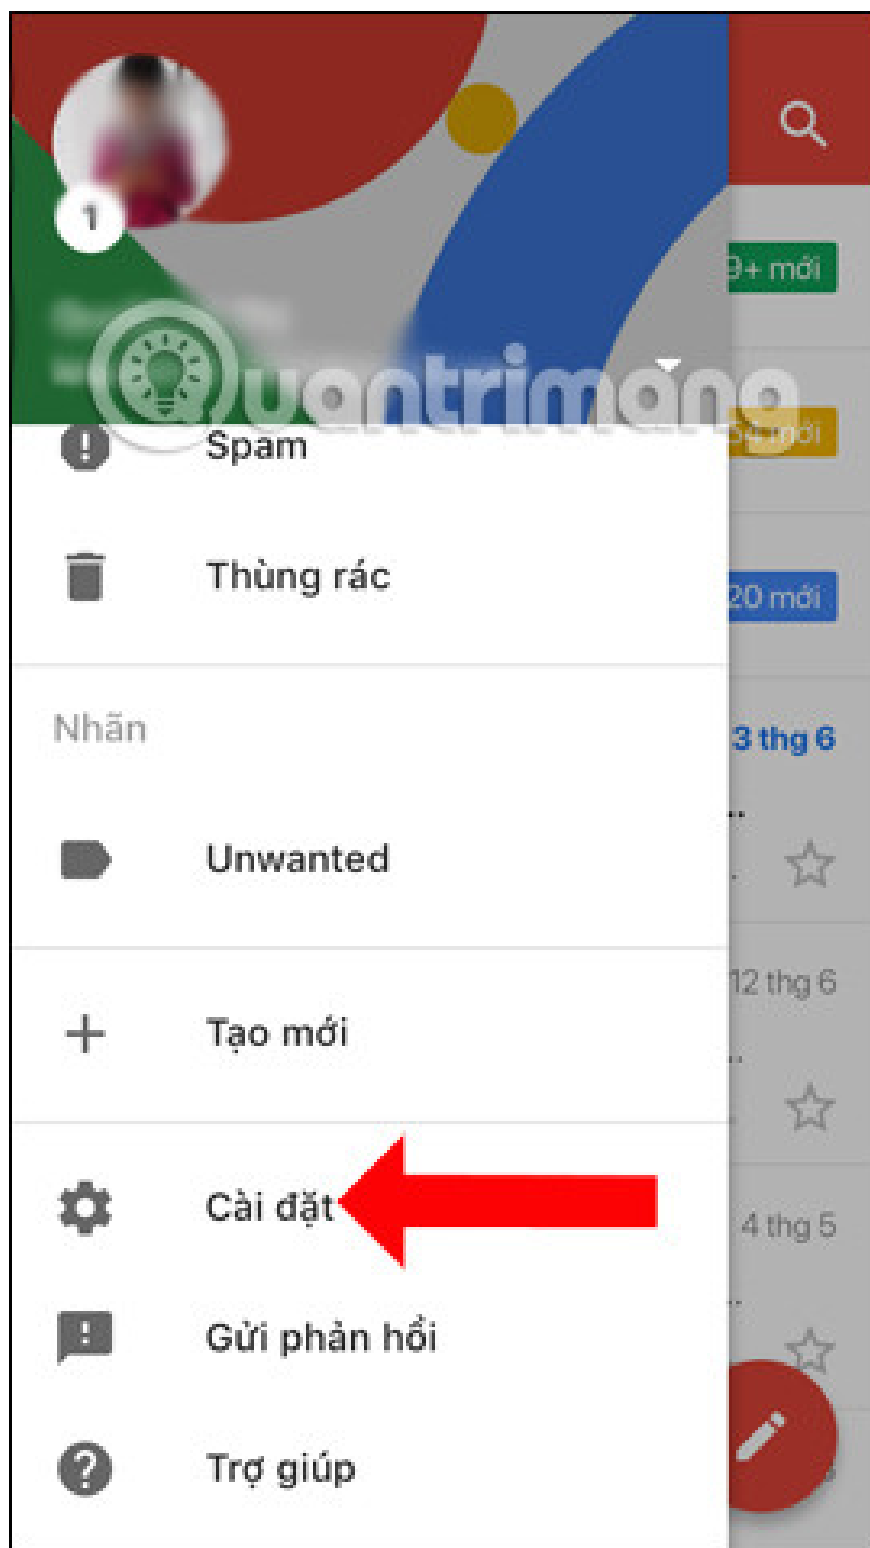

Gmail on Android and iOS is equipped with the Smart Reply feature for smart replies when composing email. The feature will automatically scan the emails that users receive, and suggest answers that match the content. Users will then select the Google suggestions suggested to use for their email, if appropriate. However, not everyone wants to use this feature, when the suggestions appear in the email editor. So how to turn off Smart Reply on Gmail Android, iOS?

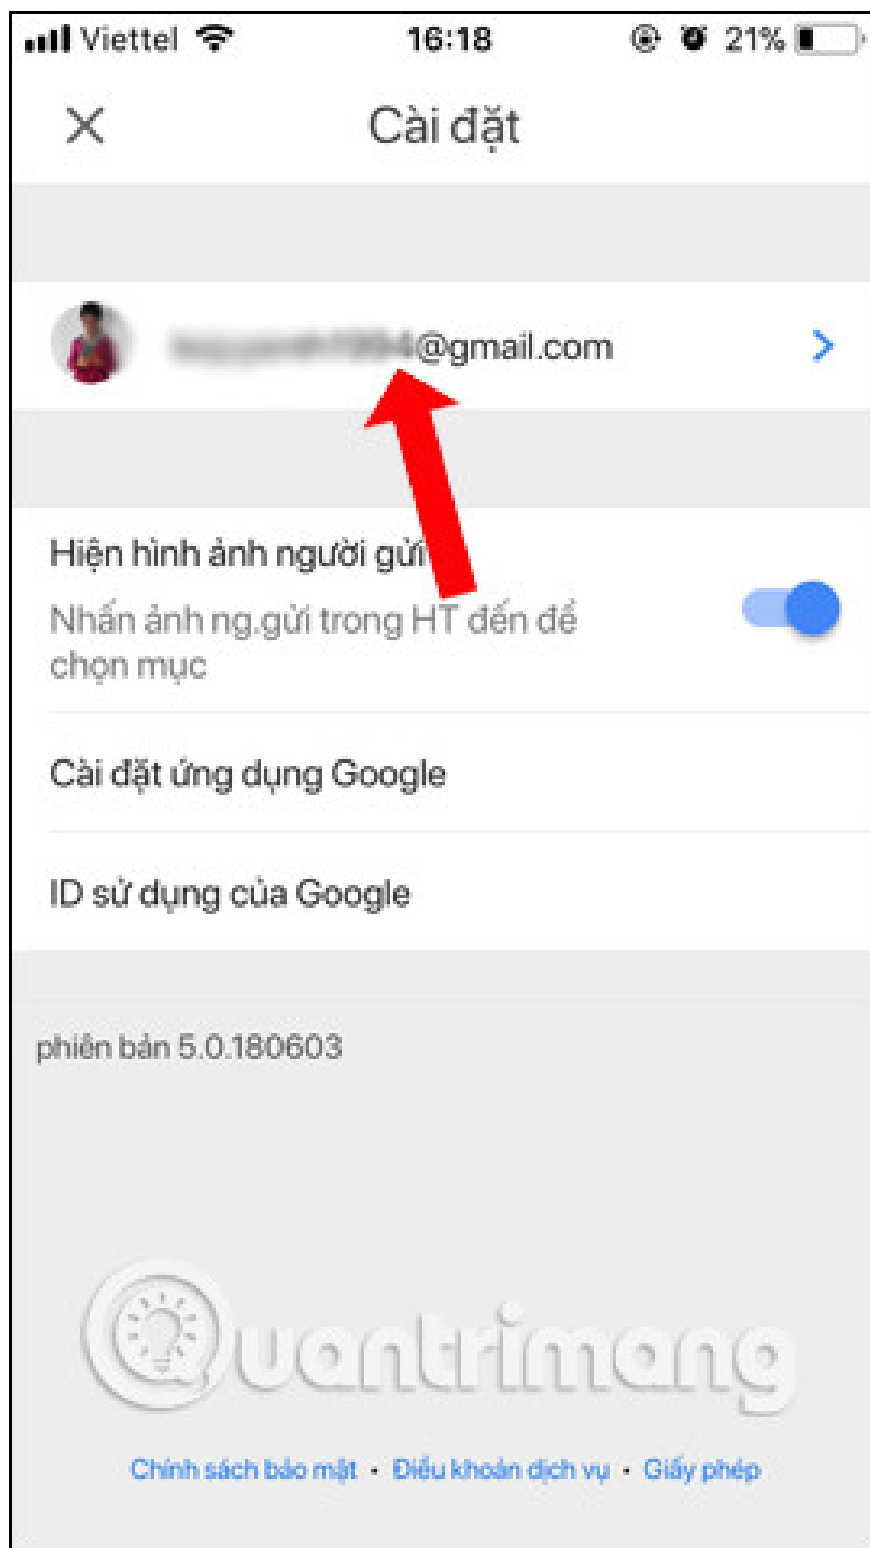

1. Instructions for using the auto-reply feature on Gmail
2. How to set up automatic replies on webmail Outlook
3. Set up auto-sending, Forward email to another account in Gmail?

## Instructions to turn off Smart Reply on Gmail

### Step 1:

At the Gmail interface click on **the 3 dash icon** , then select **Settings** (Settings) in the management list. Next, click **on the email account you** want to turn off the Smart Reply feature, in case the user logs in to multiple Gmail accounts on the device.

## Step 2:

In the account management interface go to **the General section** (General) you will see the Smart Reply (Smart Reply) feature, the proposed answer display when available (Show replies when available) is automatically turned on. Put **the horizontal bar to the left** to turn off Smart Reply on Gmail.
