**Step 3:**

You can record the Tik Tok video as usual by holding down the *Record Video* key .

**Step 4:**

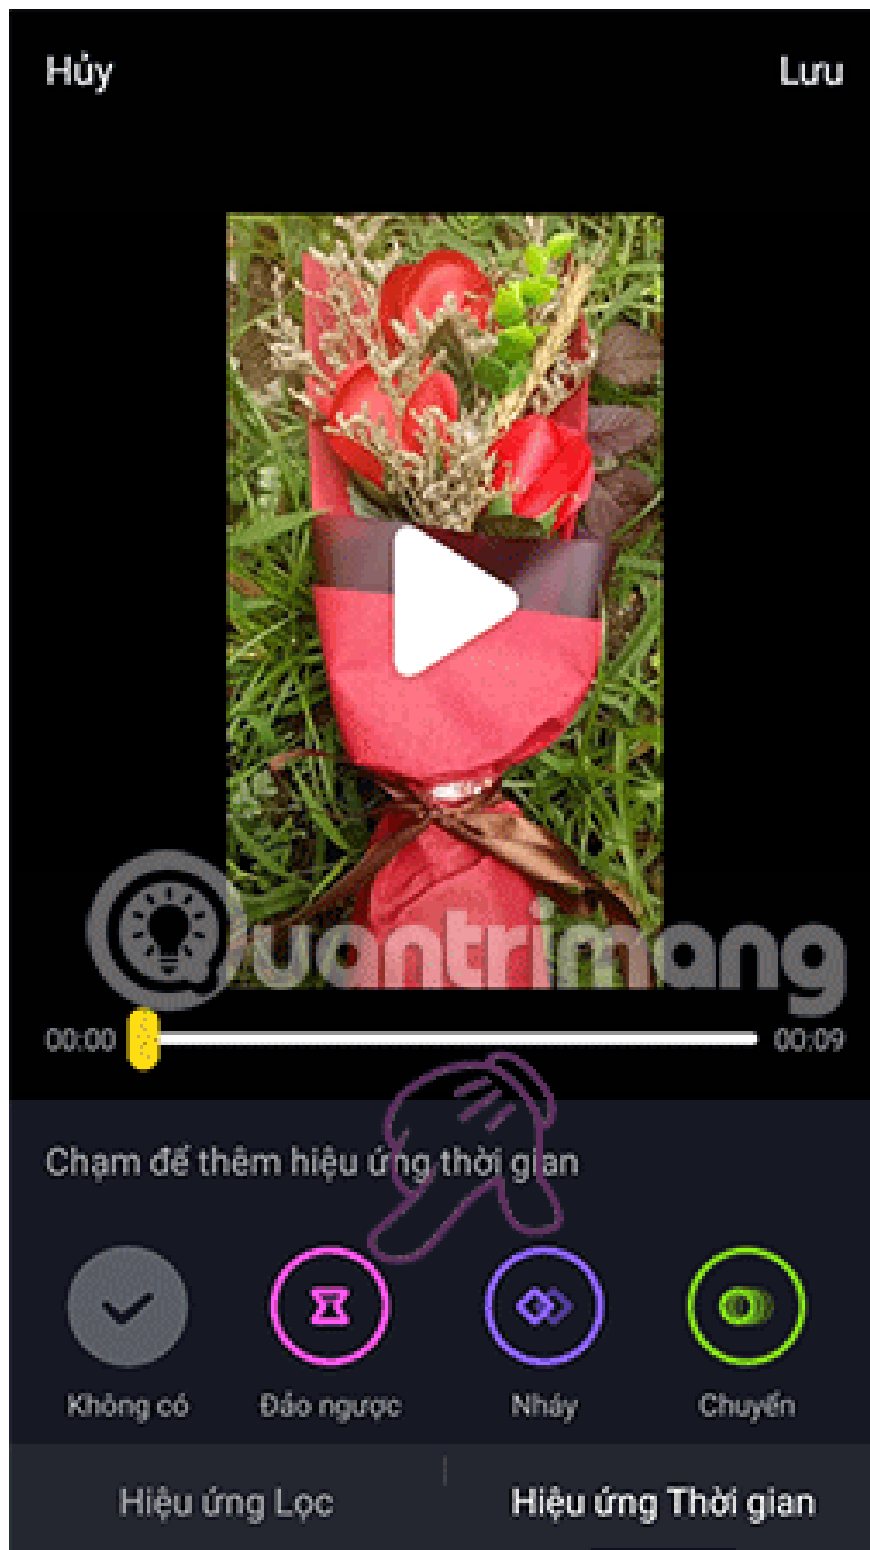

After the video is finished, select *Special Effects* in the lower left corner of the screen and select *Next Time Effect* to create your own "unique" Tik Tok video.

**Step 5:**

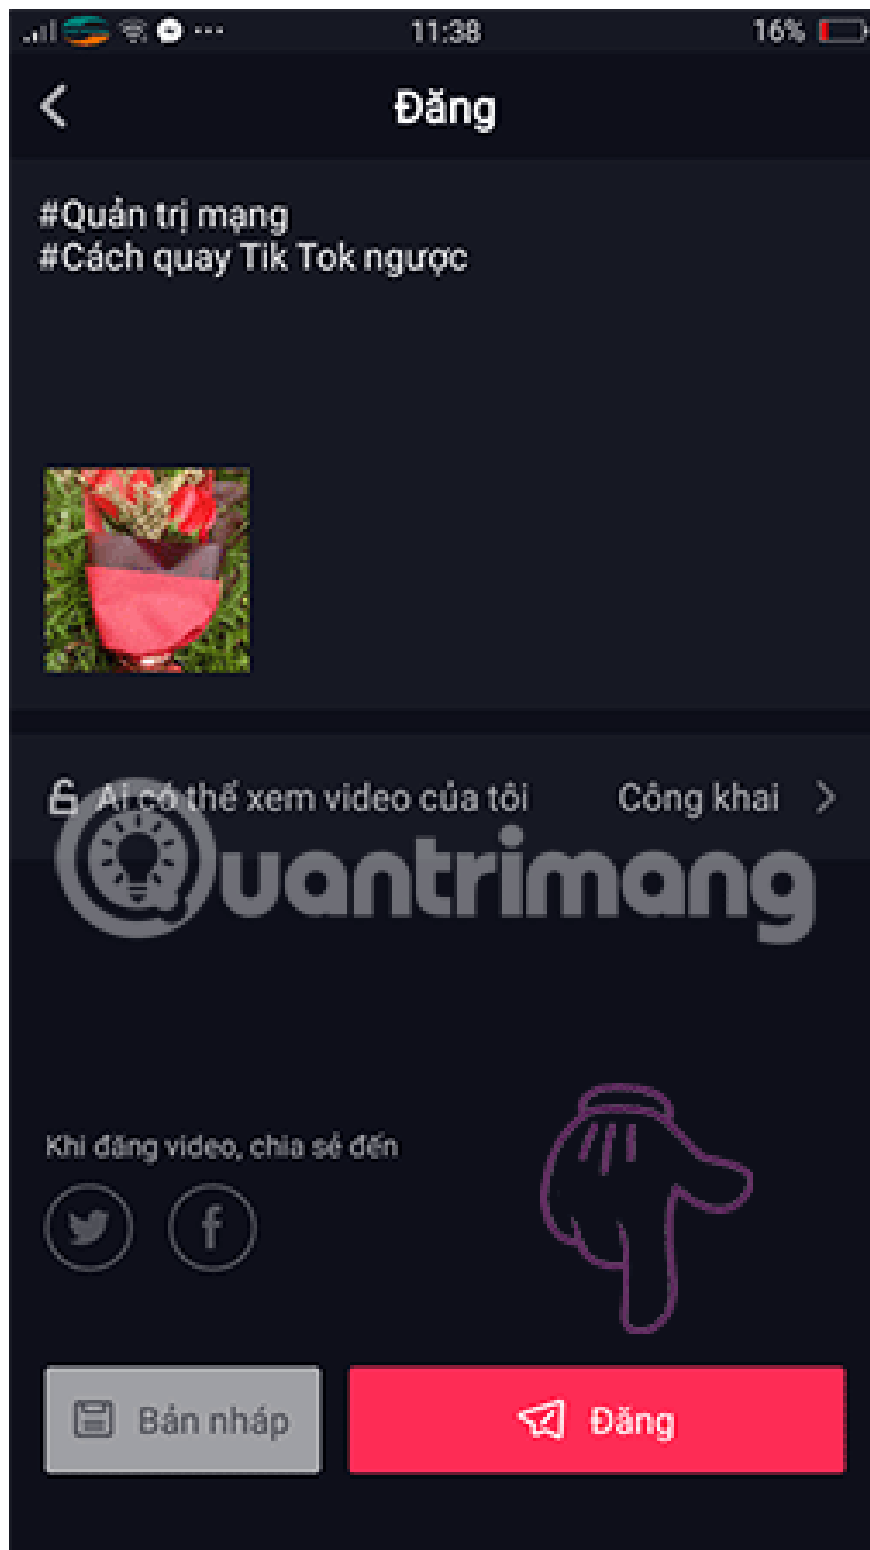

Next, if you select the *Reversal effect* as shown below, there will be an extremely interesting reverse Tik Tok video. Soon, the application will display the preview now, if you like, just click *Save* to confirm with this effect.

**Step 6:**

Finally, to upload the newly created Tik Tok video, click *Next and confirm Posting* is complete. In addition, you can also share them to your friends and relatives through application icons such as Facebook, Zalo, .

Wish you have an enjoyable experience!
