

How to unblock Facebook, remove Facebook block on phone and computer

The unblocking feature on Facebook is one of the powerful tools to help you control your personal page and manage your friend list. They are often used in cases when you mistakenly block an account or want to reconnect Facebook to an account you blocked a long time ago.

By using the **unblocking feature on Facebook** intelligently and purposefully, you and the fanpage administrator can create a positive and thriving social networking environment according to your wishes, bringing benefits, long-term for both fanpage and participating members.

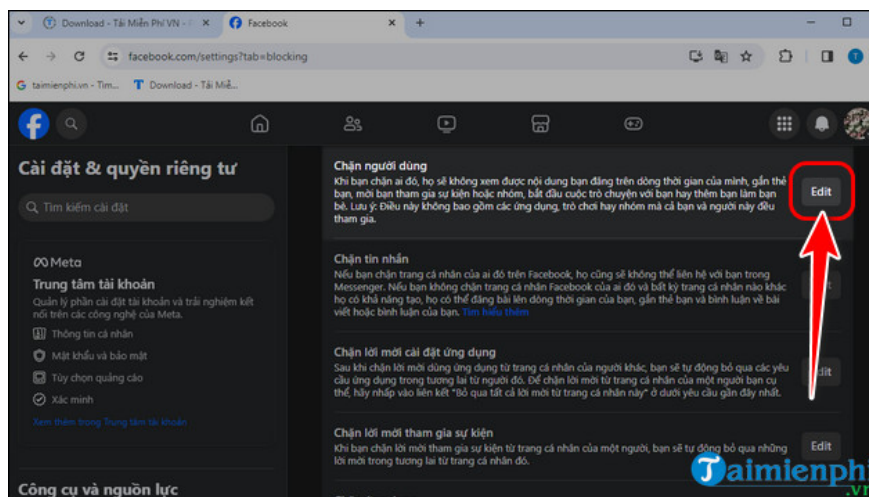

Instructions for unblocking on Facebook for personal Facebook

1. How to unblock Facebook on computer

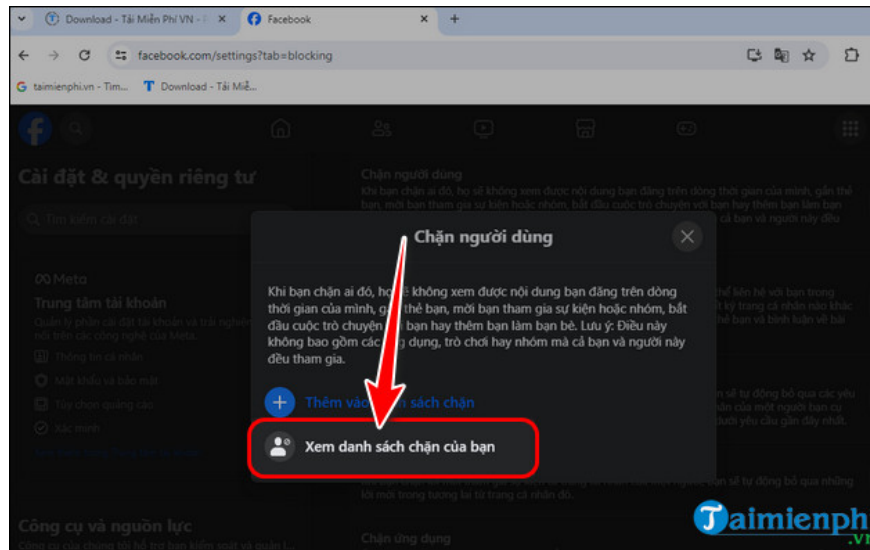

- Unblock FB users:

Step 1: Access the Facebook unblock settings page **HERE** => Log in to Facebook if required.

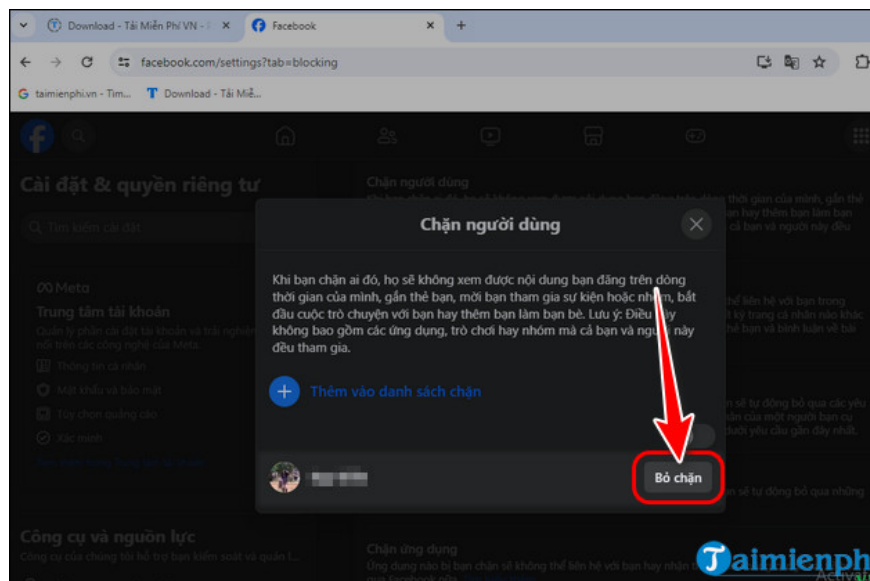

Step 2: In the **Block users** section , click **Edit** .

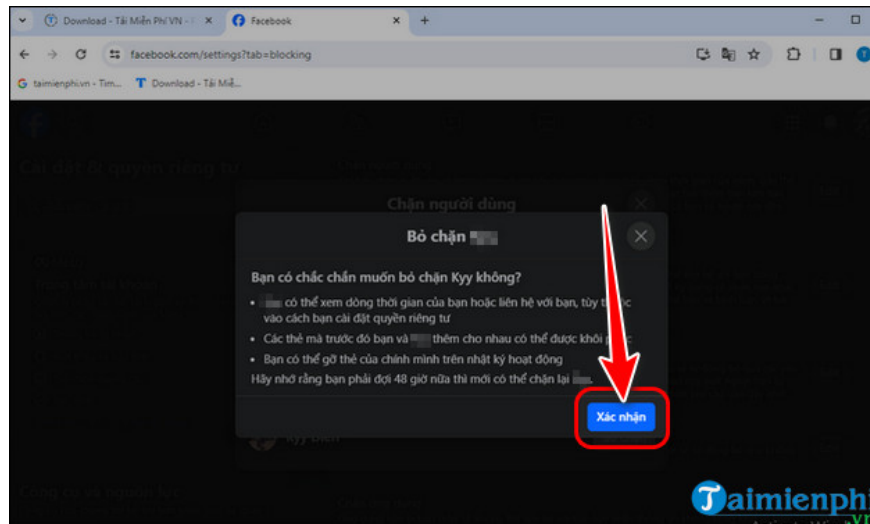

Step 3: Click **View your block list**.

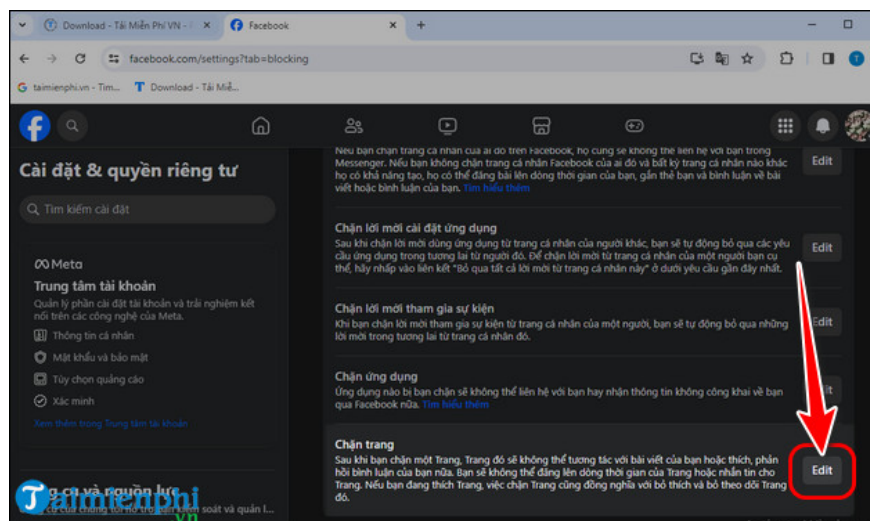

Step 4: At the user you want to unblock FB, click **Unblock**.

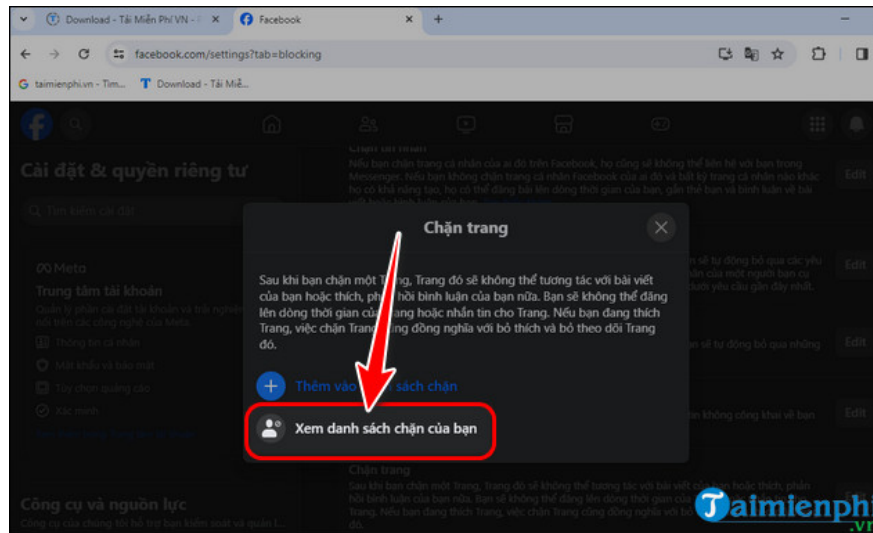

Step 5: Click **Confirm** to accept unblocking Facebook.

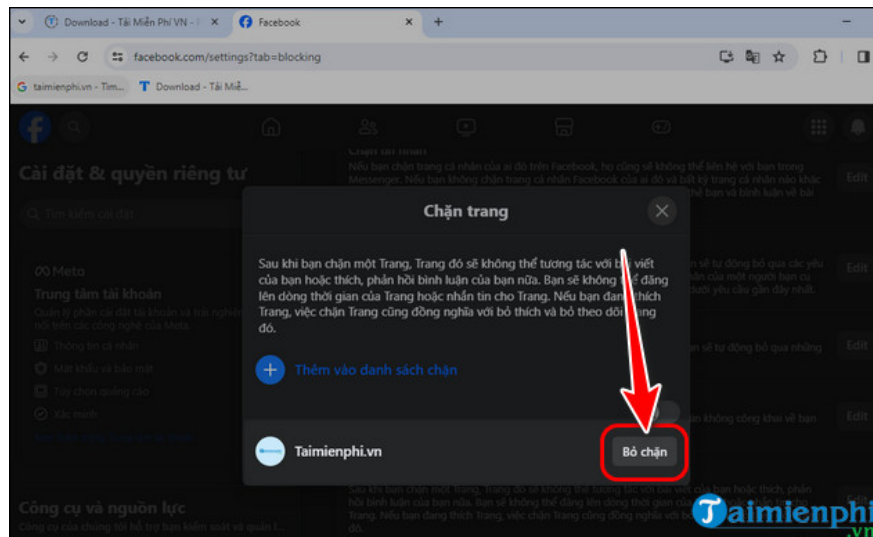

- Unblock Facebook Fanpage:
Step 1: In the **Page Blocking** section , select **Edit**.

Step 2: Click **View your block list**.

Step 3: Click **Unblock** on the Facebook Fanpage you want to unblock.

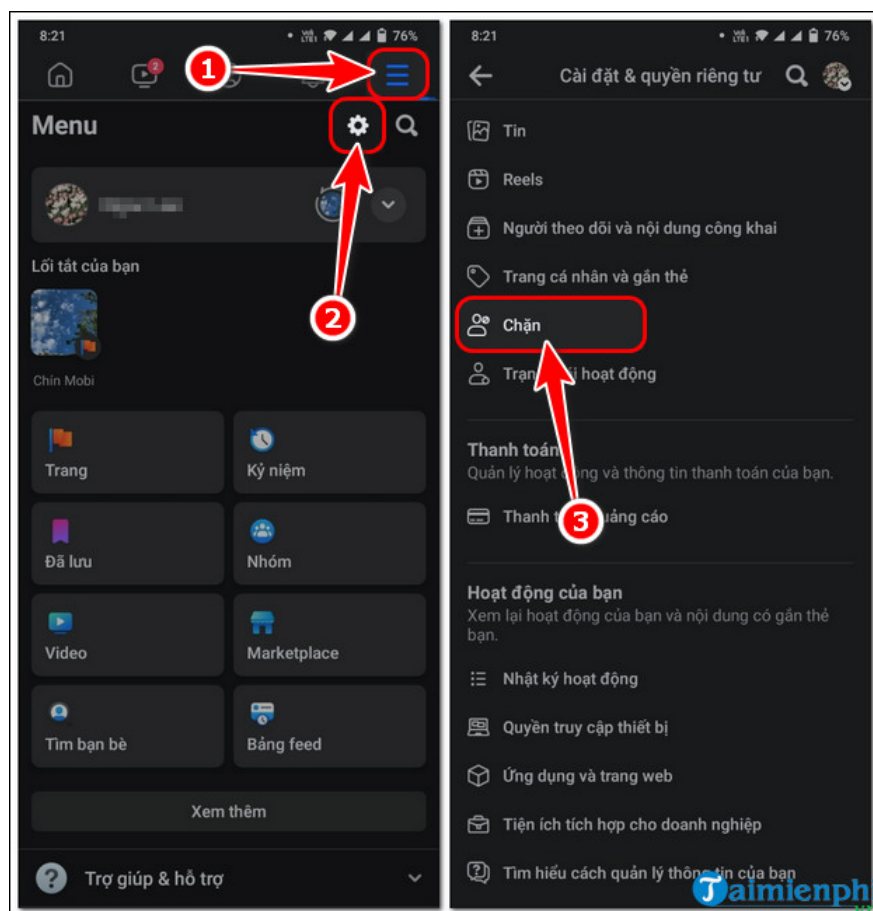

2. Instructions for unblocking FB on your phone

Step 1: Open the Facebook app, select **the three horizontal bars icon** => Click the Settings **gear icon** .

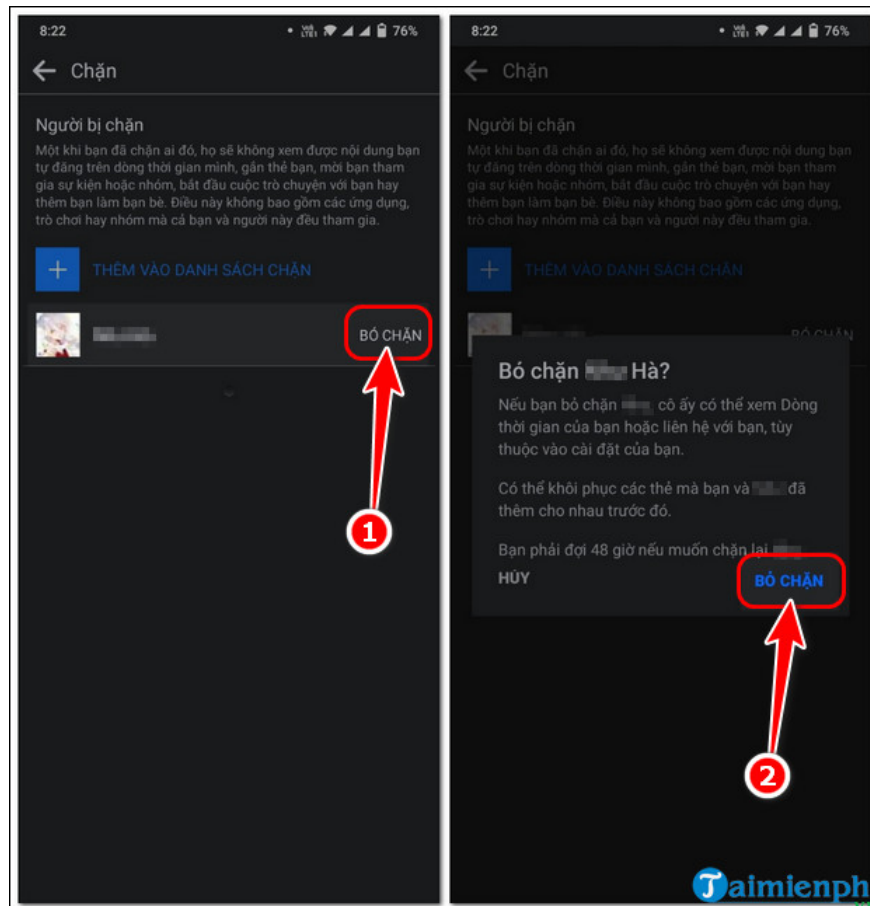

Step 2: Select **Block** .

- At this time, the list of users and FB fanpages that you blocked will be displayed

Step 3: Click **Unblock** at the user/page you want to unblock on FB.

Step 4: Click to confirm **Unblock** and complete.

After successfully unblocking on Facebook, you will also remove the permission to **block the tag on Facebook** that you previously performed. However, to interact and update each other's posts, you will have to send a friend request and start chatting and following each other on FB.
