

How to Uninstall WhatsApp on Android

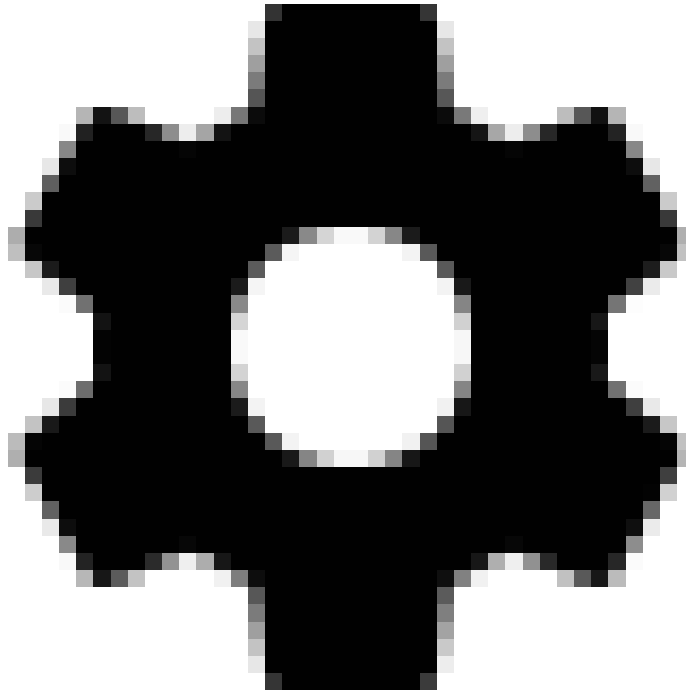

This wikiHow teaches you how to delete the WhatsApp Messenger app from your Android. Open your Android's Settings app. Swipe down from the notification bar at the top of your screen, and tap the icon to open Settings.

Steps

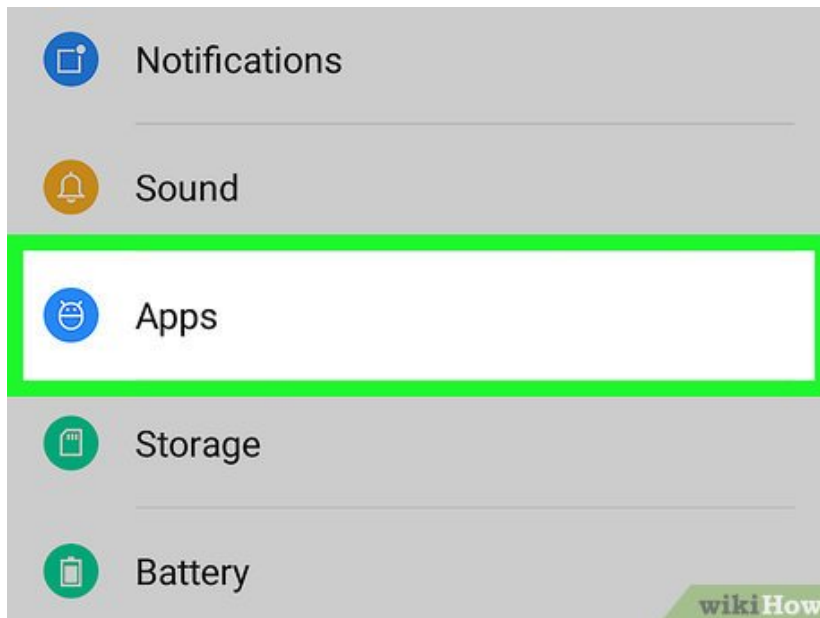

1.

Open your Android's Settings app. Swipe down from the notification bar at the top of your screen, and tap the

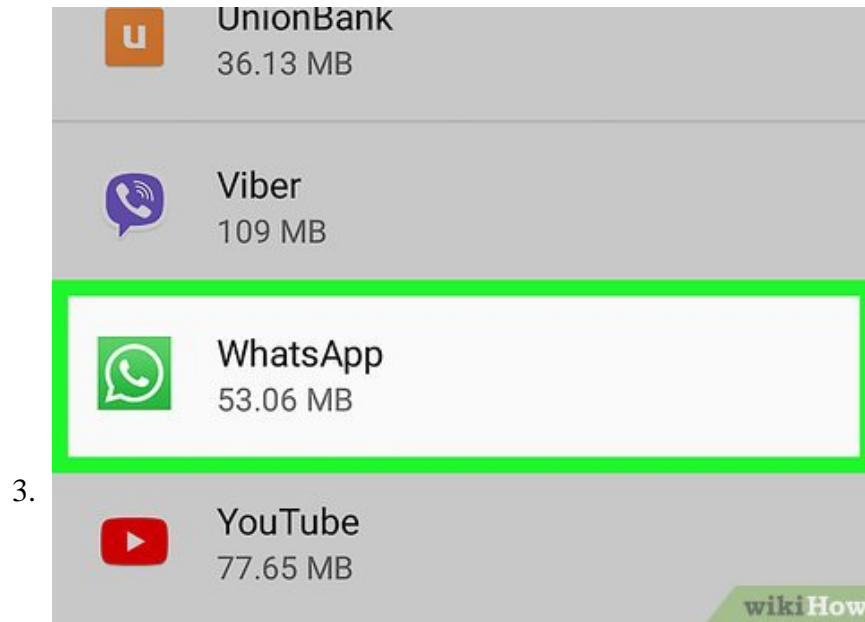

icon to open Settings.

Scroll down and tap on the Settings menu. This will open a list of all the apps installed on your Android.

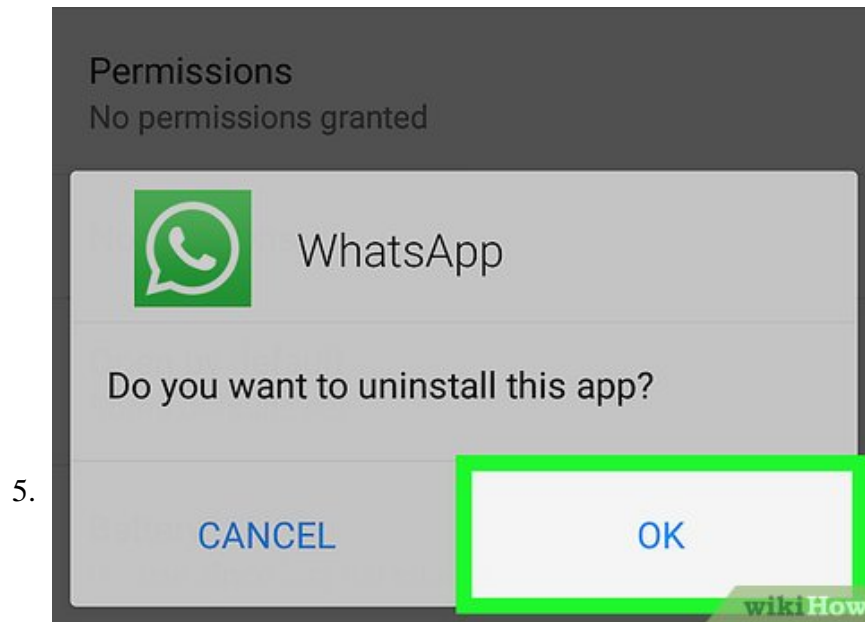

1. Depending on your device, this option may be labeled **Applications** instead of Apps.

Find and tap **WhatsApp** on the Apps list. This will open the App info page for WhatsApp.

Tap the **Uninstall** button. You will have to confirm your action in a pop-up window.

Tap **OK** in the confirmation window. This will uninstall WhatsApp from your Android.
