The beggar in the game

Another quest from the beggar, this is his last, taking place on the 7th day from sleep. The beggar needs 1500 dollars.

## Crypto

Buy or sell at least \$10k in crypto.

## Richest

This is an important achievement. Players need to have \$100,000, then go to sleep. It only activates when the character is asleep. Specifically, how to accomplish this achievement is as follows:

1. At the start of the game everyone will have \$2000. Don't waste this money on PC purchases.
2. Just buy a \$1370 or \$1400 arcade machine on Zamora (both bring in the same \$120 income so just buy the cheaper one).
3. Put it in your internet cafe and open the shop.
4. Every time someone uses it, the player will instantly get \$120 each time.
5. Gamers will get about 600-800 dollars per day.
6. By March 2, buy an additional \$1370 arcade machine.
7. At that time, the player's income will double. Do this 4-5 times until you have 6-7 high end arcade machines.
8. At that time, gamers will earn about 2000-3000 dollars per day. Feel free to save up and buy each of the best high-end PCs, consoles,. Use all your staff and start upgrading your store.
9. After about 5-6 hours in reality, the player will have a full shop of equipment and can afford to buy everything.
