## 1. Facebook is locked and requires a password change:

There are quite a few people who get notified that their Facebook account has been temporarily locked and need to be changed to be able to use the account again. This error is because you have logged into many different devices and have suspicious activities, or websites with interfaces like Facebook.

How to fix Facebook Your Account is Temporarily Locked: When the message shown below is displayed, we click **Continue** , then enter the verification code and **change the new password for Facebook** .

## 2. Facebook is disabled (Account Disabled) or locked (Blocked):

In order to resolve the situation that the account is suddenly disabled, we can also restore it by providing the necessary verification information.

### 1. Open a locked Facebook account by phone number verification code:

Adding a phone number to a Facebook account is a step that users should fill out, because account information can be more secure when we have received the activation code. However, some people fill in the phone number but do not activate the confirmation code.

#### Step 1:

A locked message will appear when your Facebook account is locked. We click **Continue** (Next) to proceed to account verification steps.

#### Step 2:

Next, we will **enter the security code** as shown below, then click **Submit** (Submit).

The screenshot shows a Facebook security verification interface. At the top, it says "Enter the text below". Below this is a distorted image of the text "fiscxpw" with a horizontal line to its right. Underneath the image, it asks "Can't read the text above? Try another text or an audio captcha." and "Text in the box:" followed by an empty input field. Below the input field is the text "What's this?". At the bottom right of the form, there is a blue "Submit" button with a red rectangular border around it. At the very bottom of the page, there is a navigation bar with links for "Pages", "People", "Places", "Apps", "Games", and "Music".

#### Step 3:

Then we will **enter the phone number we** are using, then tick the box Send me a text below. Next, click **Continue** to verify the phone number with the code sent to the entered phone number.
