

# How to update Windows 10 to October 2018 Version 1809

Although the Windows 10 October 2018 Version 1809 update was delayed due to a data deletion error, Microsoft has now officially allowed users to update to Windows 10 1809 again, and it is certain that after upgrading to Windows 10 October 2018 Version 1809, the aforementioned error will no longer exist.

Recently, **Windows 10 October 2018 Version 1809** has officially returned, and users can now update their Windows 10 without fear of errors. There are many ways to update Windows 10 1809. If you're still wondering where to update Windows 10 October 2018 Version 1809, which link to use, and which method is quick, easy, and safe, the following guide will show you.

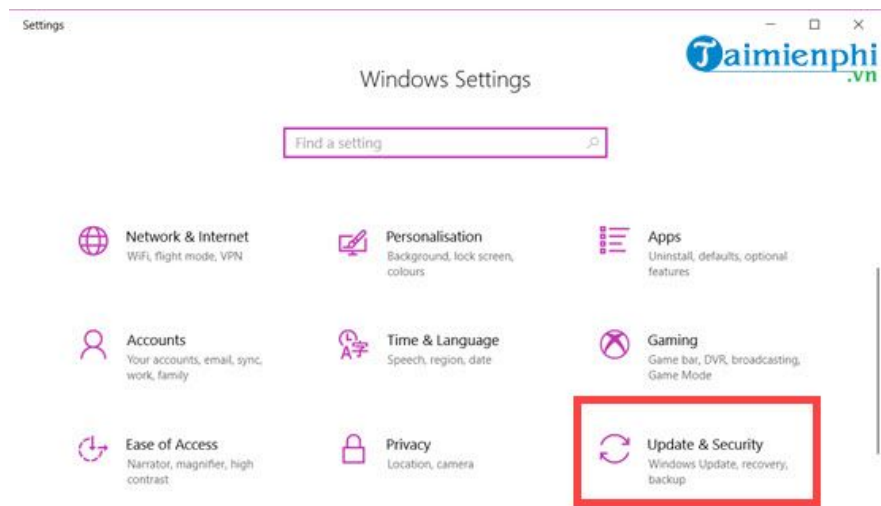

## Ways to update Windows 10 to October 2018 Version 1809

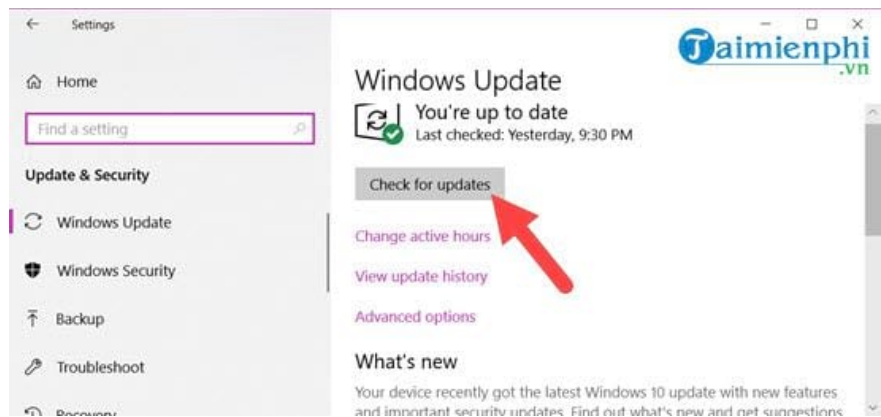

### *1. Use Windows Update.*

Using Windows Update is the most common method because it's a built-in tool in Windows 10. It allows you to update everything related to Windows 10, not just the Windows 10 October 2018 1809 update. Follow the steps below to access Windows Update and proceed with the Windows 10 1809 update.

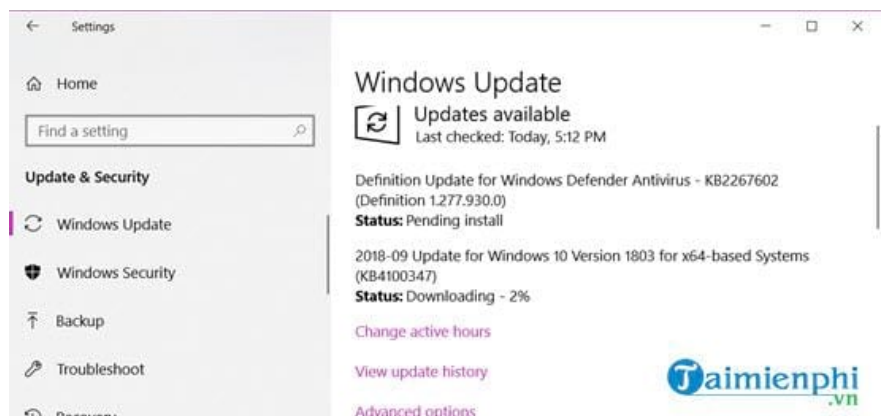

*Step 1:* Accessing Windows Update is quite simple; just press the **Windows keys + I**, then select **Update & Security** when the Windows Settings window appears.

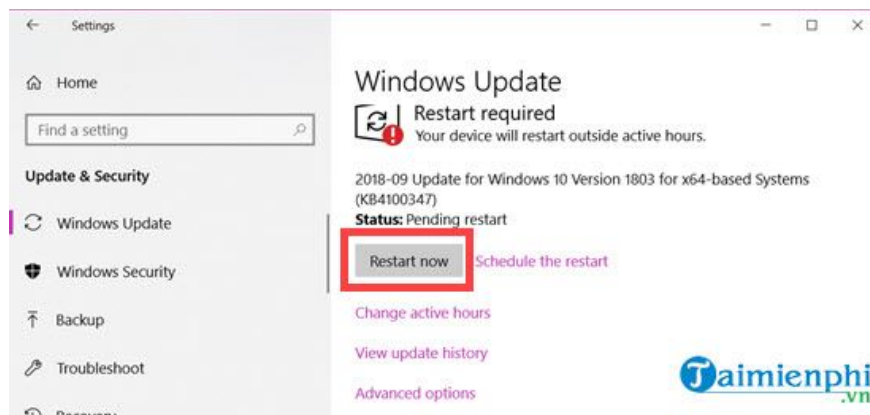

Step 2: Then click on "**Check for updates**" to have the system search for updates for Windows 10.

Step 3: Not only Windows 10 October 2018 Version 1809, but any updates you haven't downloaded yet will be downloaded immediately.

Step 4: After the download is complete, users need to restart their computer to allow **the** system to automatically run the update.

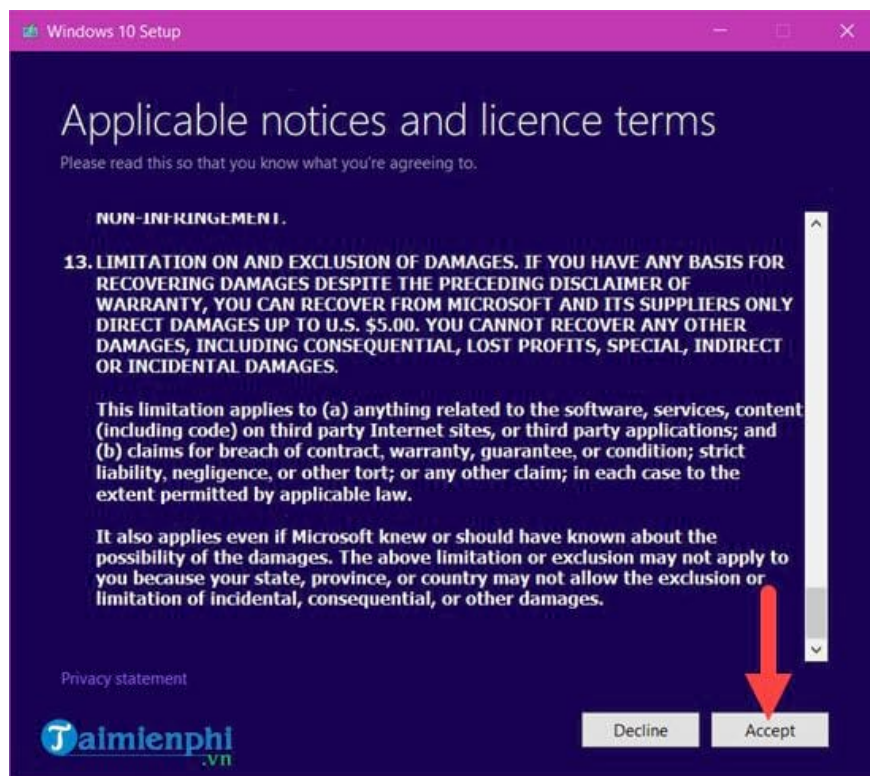

## 2. Update Windows 10 using the Media Creation Tool.

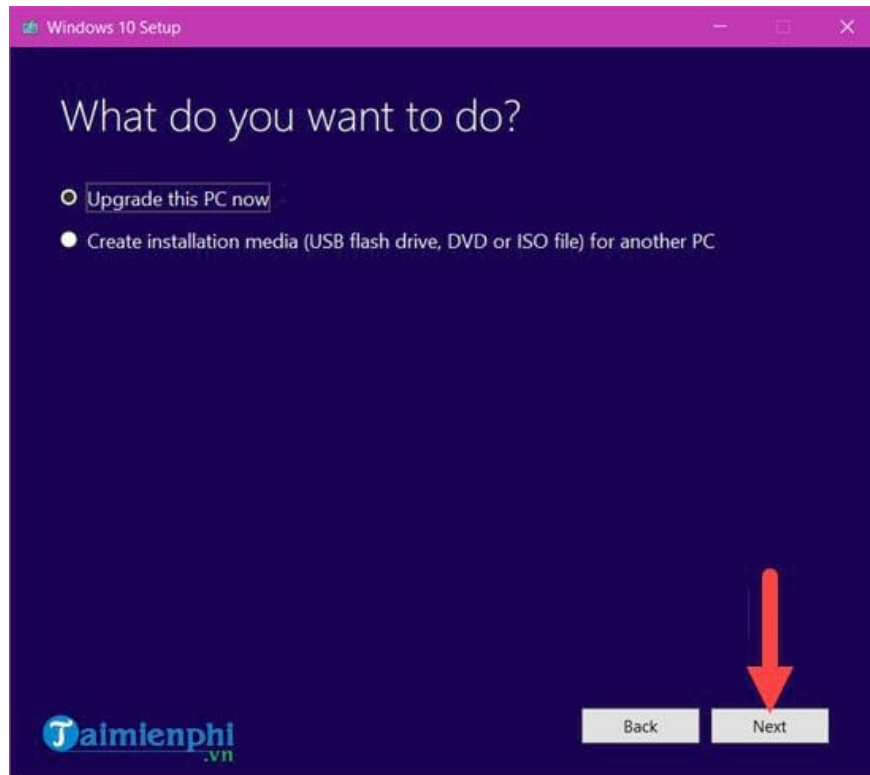

The Media Creation Tool is a standard Microsoft tool that allows users to update Windows 10 1809 or any other version of Windows 10. The advantage of this tool is that it not only helps you install the latest version of Windows 10 but also allows for convenient upgrades or copying to a USB drive for easy portability and updating Windows 10 for friends.

- Download Media Creation Tool to your computer here, download Media Creation Tool .

*Step 1:* After downloading the tool, wait a moment for the system to download it. Then, a list of terms and conditions you need to know before updating to Windows 10 1809 will appear. Here, click **Accept** .

*Step 2:* Here we have two options: Update Windows 10 directly on your computer or copy it to a USB drive. Of course, the first option will allow you **to update directly** .

*Step 3:* The system will then download the Windows 10 October 2018 Version 1809 to your computer. After the download is complete, click **Install** to begin the installation and follow the usual Windows instructions to complete the Windows 10 1809 update.

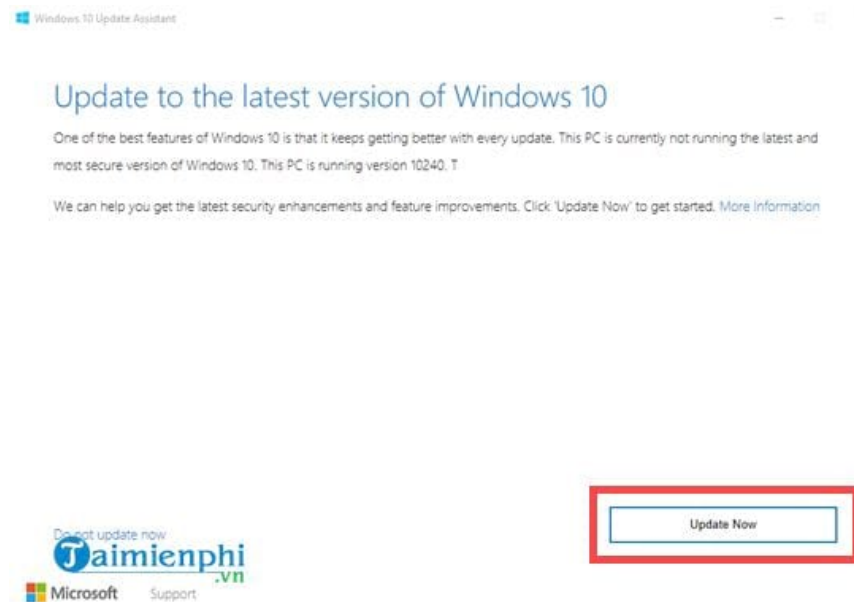

### 3. Update Windows 10 using Windows Update Assistant

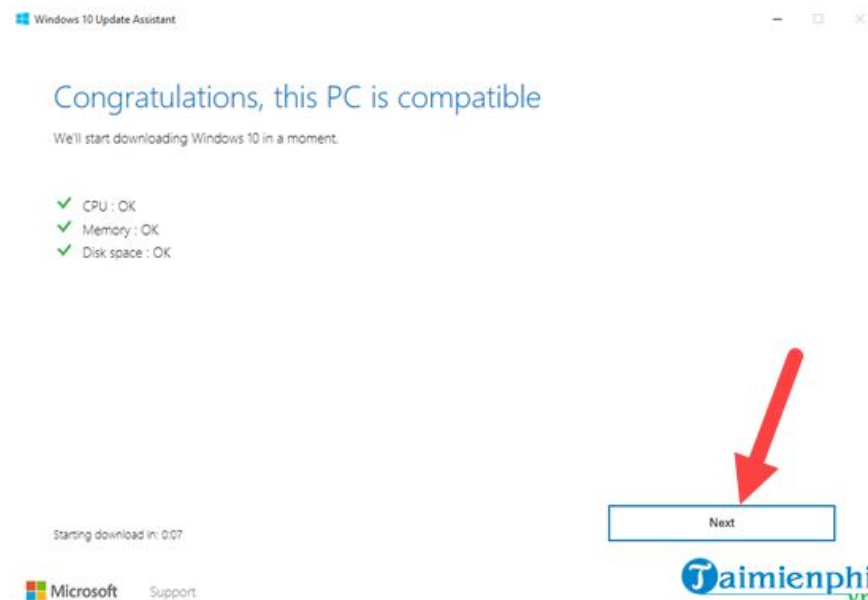

The Windows Update Assistant is also a Microsoft tool that helps users find and update to the latest version of Windows 10, and in this article, TipsMake will use it to update Windows 10 1809.

- Download Windows Update Assistant here, download Windows Update Assistant .

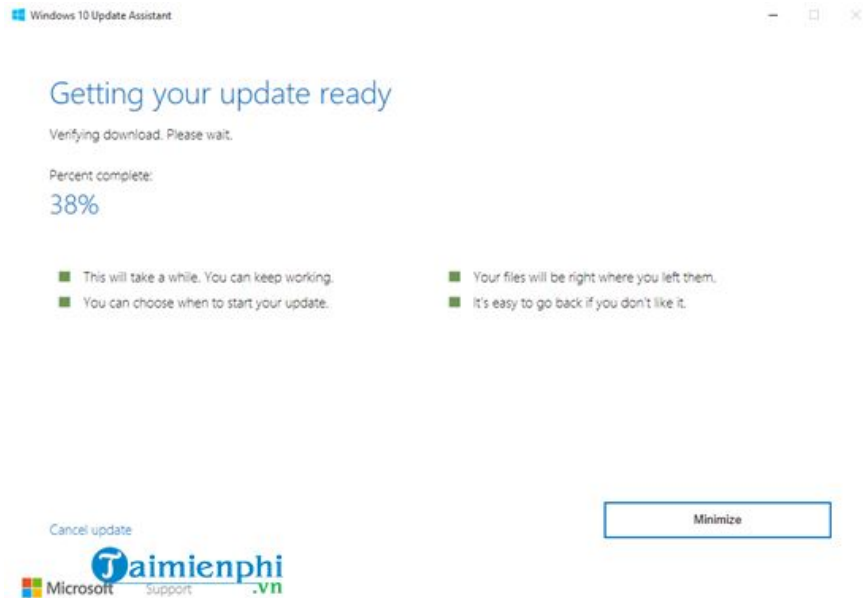

*Step 1:* After downloading, launch **the Windows Update Assistant** . The system will check which version of Windows 10 you are using. If it's not Windows 10 October 2018 Version 1809, you can update it for free.

*Step 2:* After verifying that your system meets the requirements, click **Next** .

*Step 3:* Finally, just wait for your download to complete, then click **Install** to update to Windows 10 1809.

The three methods above will help you easily update to Windows 10 1809. During the Windows 10 October 2018 Version 1809 upgrade process, if you have any questions, please leave them here. The TipsMake administration team will help answer your questions.

Besides the update method above, if you want to perform a fresh install of Windows 10, you can create a Windows 10 October 2018 Version 1809 installation USB drive using the instructions we provided earlier. Refer to the instructions for installing Windows 10 October 2018 Version 1809 here and follow the steps.
