

# How to upgrade your Carry capacity in Escape Tsunami for Brainrots

This guide to increasing your Carry capacity in Escape Tsunami for Brainrots makes it incredibly easy to carry 7 rare items at once.

In the chaotic world of **Escape Tsunami for Brainrots** , simply escaping the tsunami isn't enough. To become a true "player," you need to optimize **your Carry (Capacity)** stat . Carrying multiple Brainrots at once not only makes you rich faster but also offers your only chance to collect rare *Celestial* or *Secret* items in the final areas.

Below is a detailed guide on how to upgrade your storage capacity so you don't miss out on any valuable items.

## 1. How to upgrade Carry stats in the game

To acquire more Brainrot , you need to accumulate a certain amount of money by collecting rare or mutated items.

### Steps to follow:

1. Move to the **Upgrades Shop** area .
2. Step into the cyan circle to open the menu.
3. Find the arm icon and press the green button to upgrade to +1 **Carry** .

## 2. Details of upgrade milestones and costs

The Carry stat can be upgraded up to 7 times. Note that the cost will increase very rapidly after each upgrade.

Upgrade milestone	Maximum capacity	Estimated cost	Advice
Default	1 Brainrot	Free of charge	You should only start at this point when you're just beginning.
Upgrade 3	3 Brainrots	~ \$1 Billion	<b>Sweet spot:</b> Suitable for efficient farming.
Upgrade 7	7 Brainrots	Extremely expensive	This is only for the wealthy who want to sweep the entire map.

### 3. Tips for optimizing game capacity for gamers

Upgrading your Carry should be done strategically to avoid wasting resources:

1. **Correlation with Rebirth:** When performing **Rebirth** , all Carry upgrades will be completely erased.
2. **Upgrade strategy:** Only upgrade your Carry enough to meet the requirements for the next Rebirth. Don't waste money upgrading to level 7 if you're planning a Rebirth soon after.
3. **Combine Speed ??stats:** Upgrade both Speed ??and Carry stats simultaneously. This will help you outrun tsunamis while also having enough power to collect rare Lucky Blocks or Brainrots in *Admin Abuses* or *Wave Wednesdays* events .
4. **Recommended Carry rating:** A Carry rating of **3 to 4** is ideal for balancing cost and the ability to collect rare items.

### 4. Summary

Upgrading your capacity is key to breaking through in **Escape Tsunami for Brainrots** . Carefully consider your available money and Rebirth goals to make the most informed upgrade decisions.
