

How to Upload PowerPoint Files to SlideShark on iOS

SlideShark allows you to use your iOS devices, such as iPad, iPhone, and iPod Touch, to share and deliver professional presentations anytime, anywhere. All you have to do is put your PowerPoint presentation files on your device and use...

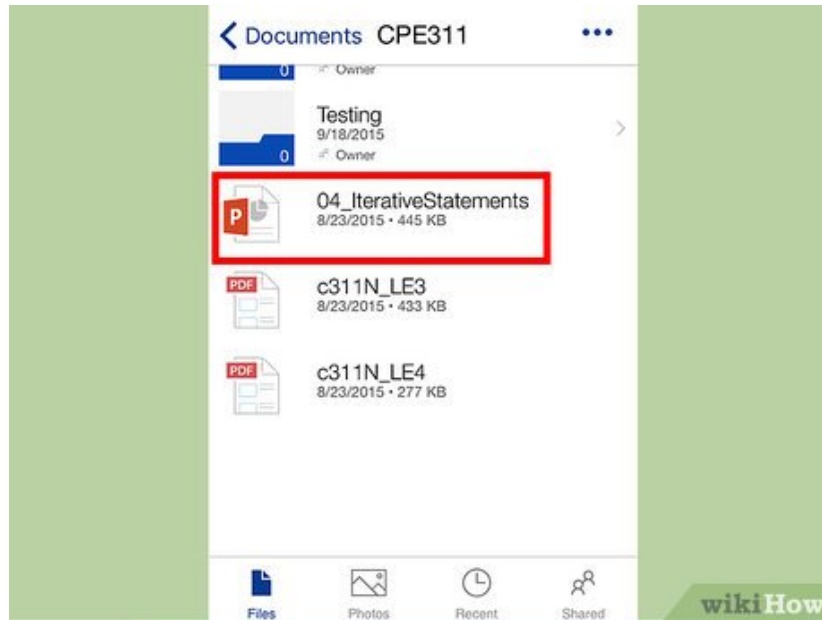

Method 1 of 2:

Uploading PowerPoint Files from a Cloud App

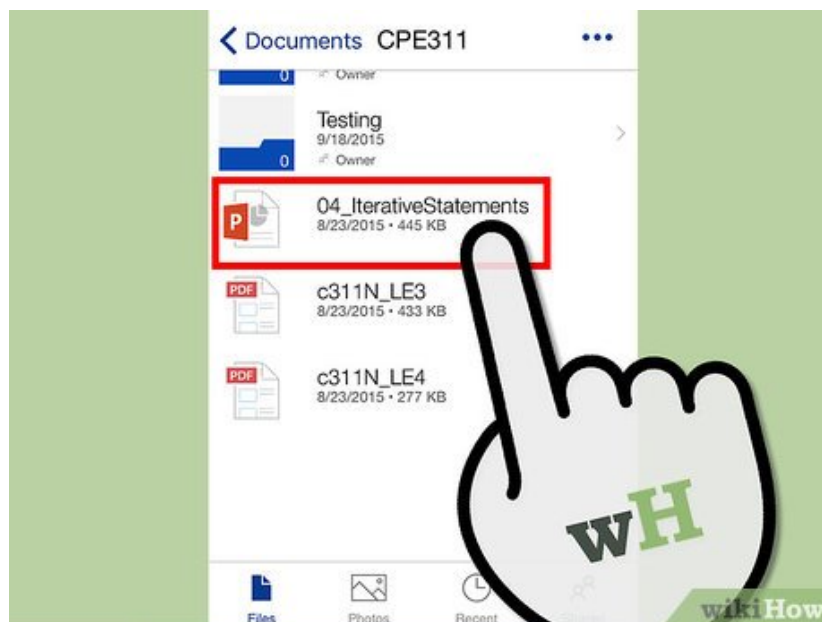

Launch a cloud app. Locate the cloud app on your iOS device. It can be Box, OneDrive, Dropbox, and/or others. Tap on it.

2.

Locate the PowerPoint file in the cloud app. Navigate through the folders and files in your cloud account until you find the PowerPoint file you want to upload to SlideShark.

3.

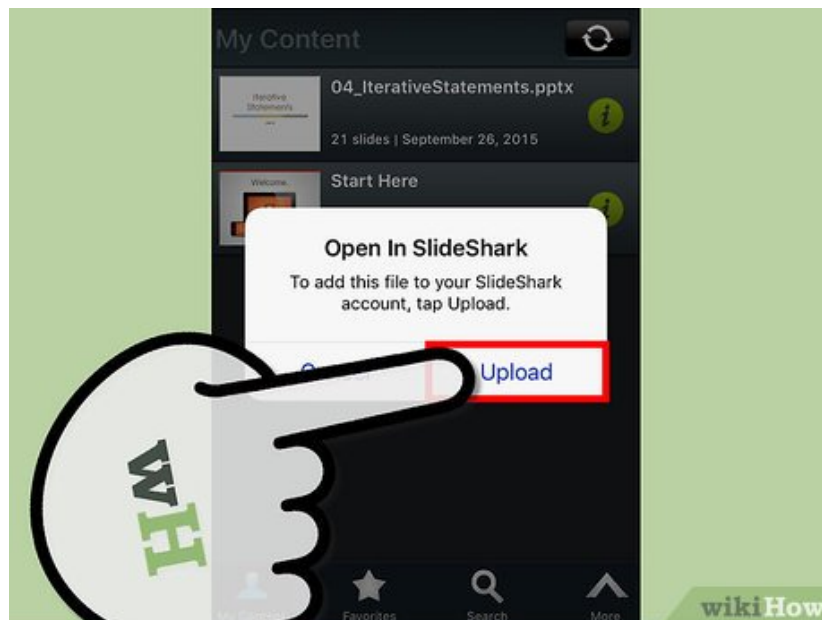

Open the file. Tap the PowerPoint file. If your cloud app supports viewing of presentation files, it will be loaded on your screen.

4.

Open in SlideShark. On the header toolbar, tap the square icon with an arrow pointing up. This will bring out the menu for sharing. Tap the button for 'Open in...' and the file will be prepared for export. A list of apps that can support the PowerPoint file will be displayed. Swipe through them, and tap 'Open in SlideShark.'

5.

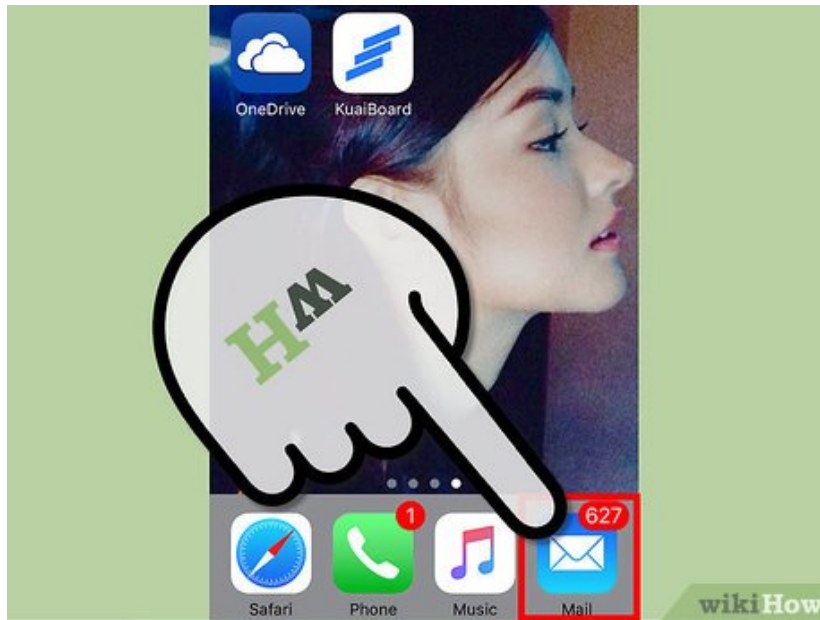

Upload to SlideShark. SlideShark will be launched, and a message box will appear confirming that you want to open the file in SlideShark. Tap the 'Upload' button to upload it to your SlideShark account.

Method 2 of 2:

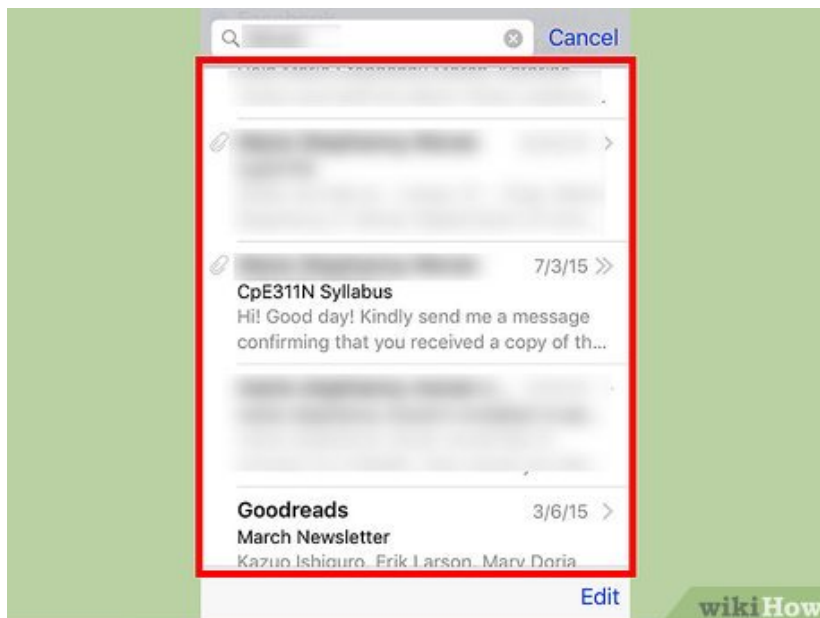

Uploading PowerPoint Files from an Email

1.

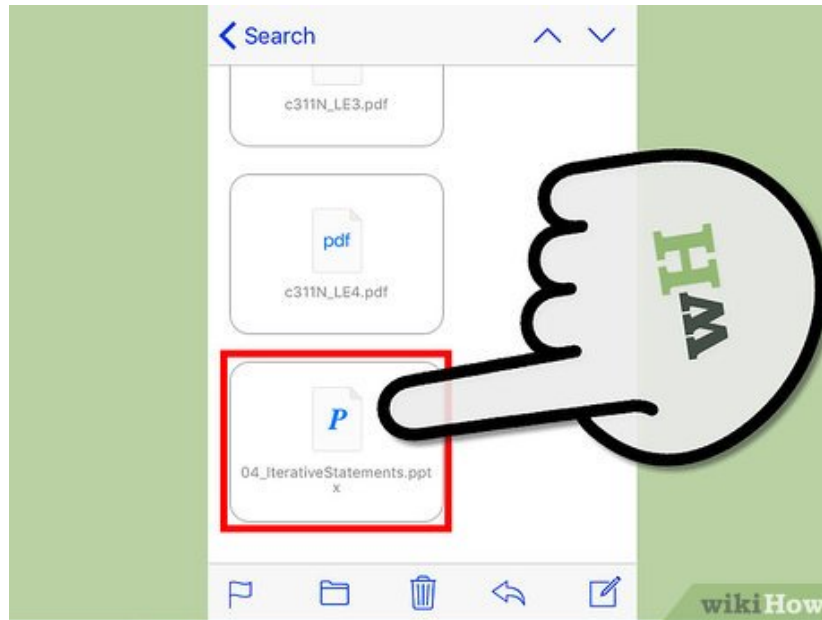

Launch Mail. Locate the mail app on your iOS device. Tap on it.

2.

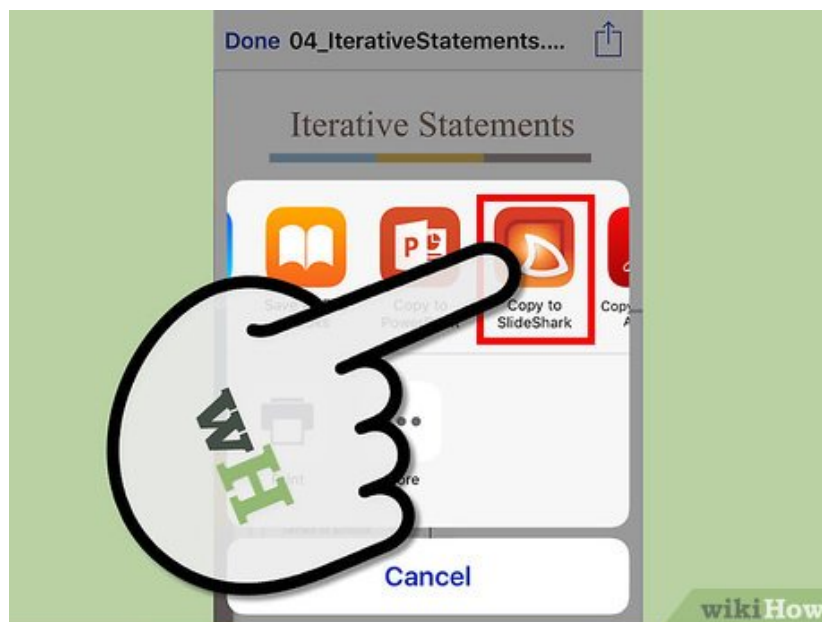

Open the email with the PowerPoint file. Look through your email inbox until you find the email that contains the PowerPoint file you want to upload to SlideShark. Tap on it. The email will be loaded, and you can see the PowerPoint file attached to it.

3.

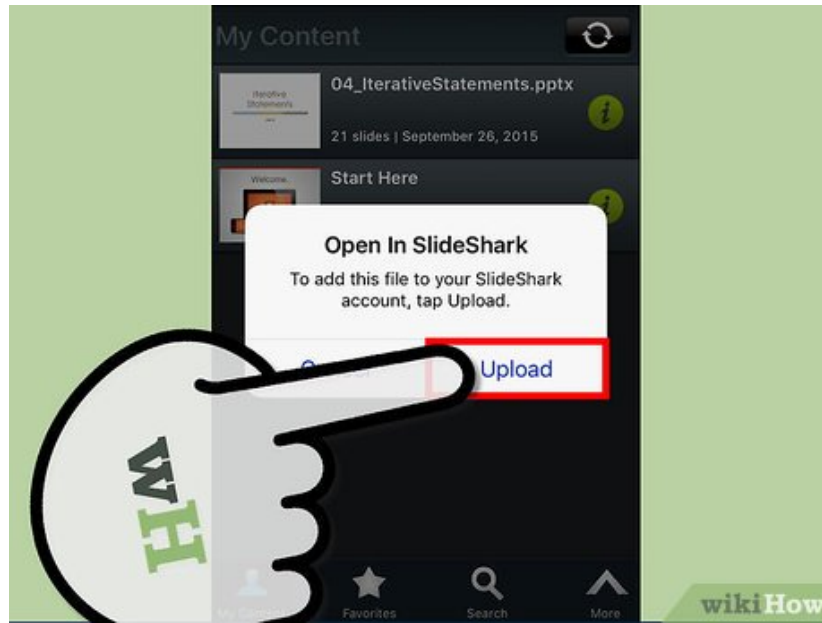

Open the file. Tap the PowerPoint file attachment. Most email apps support viewing of presentation files. If yours does, it will be loaded on your screen.

4.

Open in SlideShark. Tap anywhere on the screen to bring out the toolbars. Tap the square icon with an arrow pointing up from the top right corner. This will bring out the menu for sharing. A list of apps that can support the PowerPoint file will be displayed. Swipe through them and tap 'Open in SlideShark.'

5.

Upload to SlideShark. SlideShark will be launched, and a message box will appear confirming that you want to open the file in SlideShark. Tap the 'Upload' button to upload it to your SlideShark account.
