

How to use Animoji on all iPhone and Android phones

Thanks to the application of MrrMrr, you can use Animoji on any iPhone (iPhone 5s, 6/6 Plus, iPhone 6s / 6s Plus, iPhone SE, iPhone 7/7 Plus, iPhone 8/8 Plus) and Android running version 5.0 up.

Thanks to the application of MrrMrr, you can use Animoji on any iPhone (iPhone 5s, 6/6 Plus, iPhone 6s / 6s Plus, iPhone SE, iPhone 7/7 Plus, iPhone 8/8 Plus) and Android running version 5.0 up.

Animoji is one of the most mentioned features when thinking about iPhone X. It is indeed an interesting feature, and surely other iPhone and Android users also want to experience this feature. Fortunately, with MrrMrr application you can use Animoji on any iPhone and Android. Mrrrrr also works with the iPad.

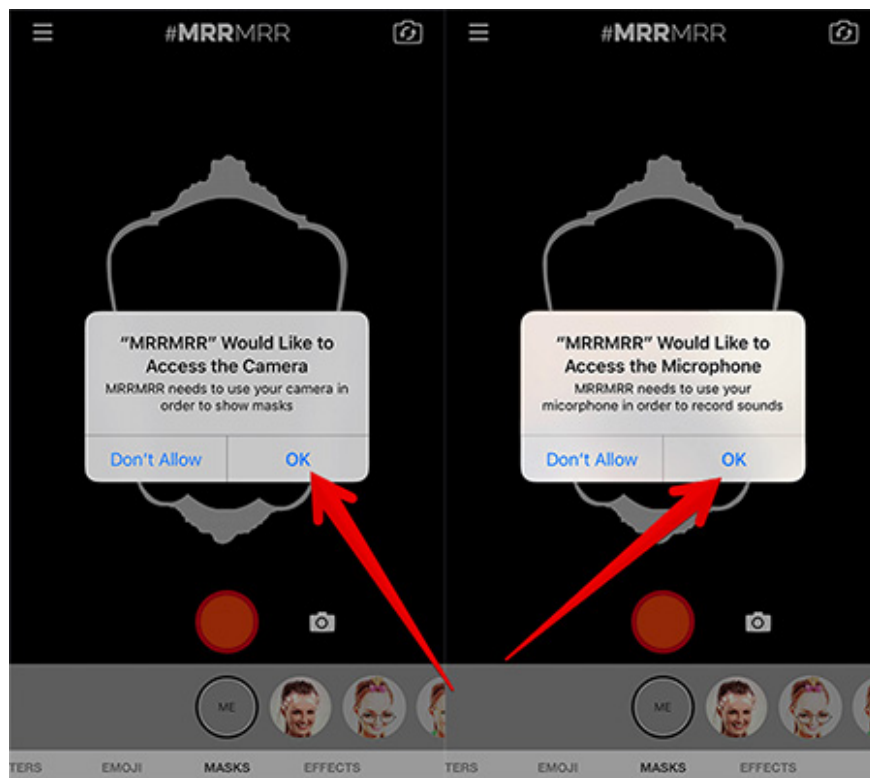

Note: iOS devices must run iOS 11 and above. Android devices must be from Android 5.0 and above.

1. Mrrrrr does not simulate the face perfectly like Animoji with TrueDepth camera.
2. Instead of the TrueDepth camera, the app uses the phone's standard camera to capture small movements on the face.
3. Currently, MrrMrr has only six emoticons: dog, cat, robot . similar to the icon of iPhone X. In return, the application has many masks, filters and effects to choose from.

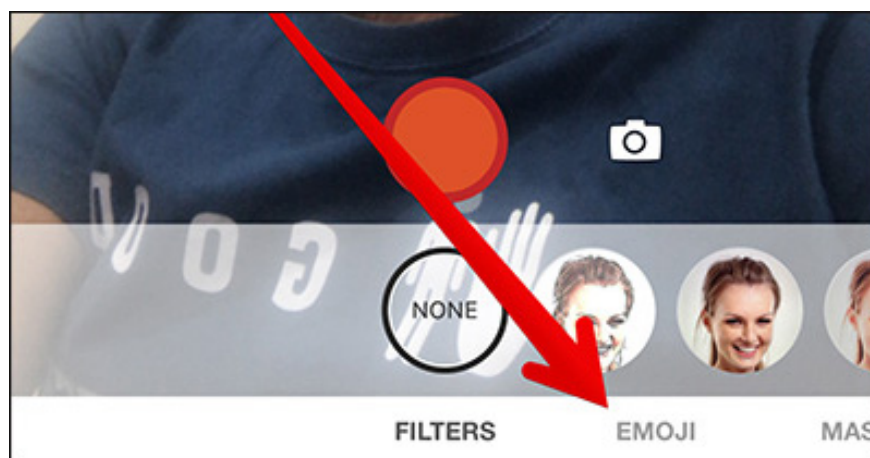

Step 1 . Download the MrrMrr app to your device. It's free.

1. Download MrrMrr for iOS device
2. Download MrrMrr for Android device

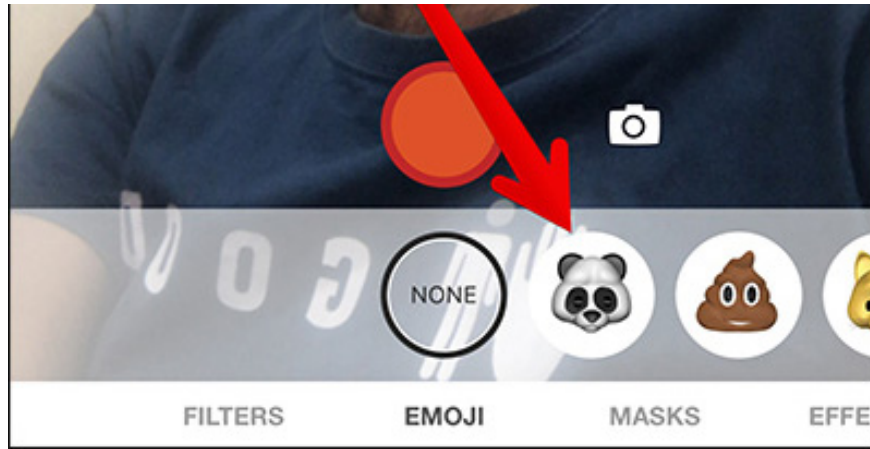

Step 2. Open and allow the application to access the camera and microphone.

Step 3. Touch the **Emoji** tab at the bottom.

Step 4. Select the emoticon you want to use.

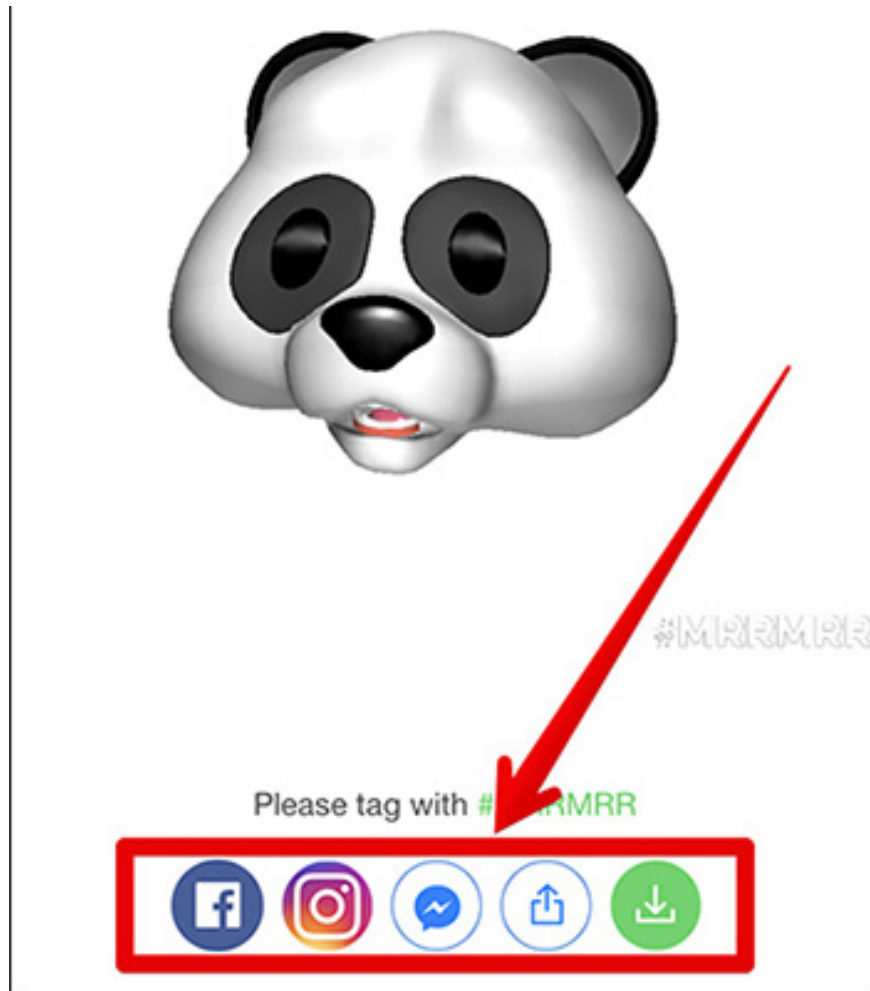

Step 5. Touch the red shutter button to record a video.

Step 6. Record your emoticons.

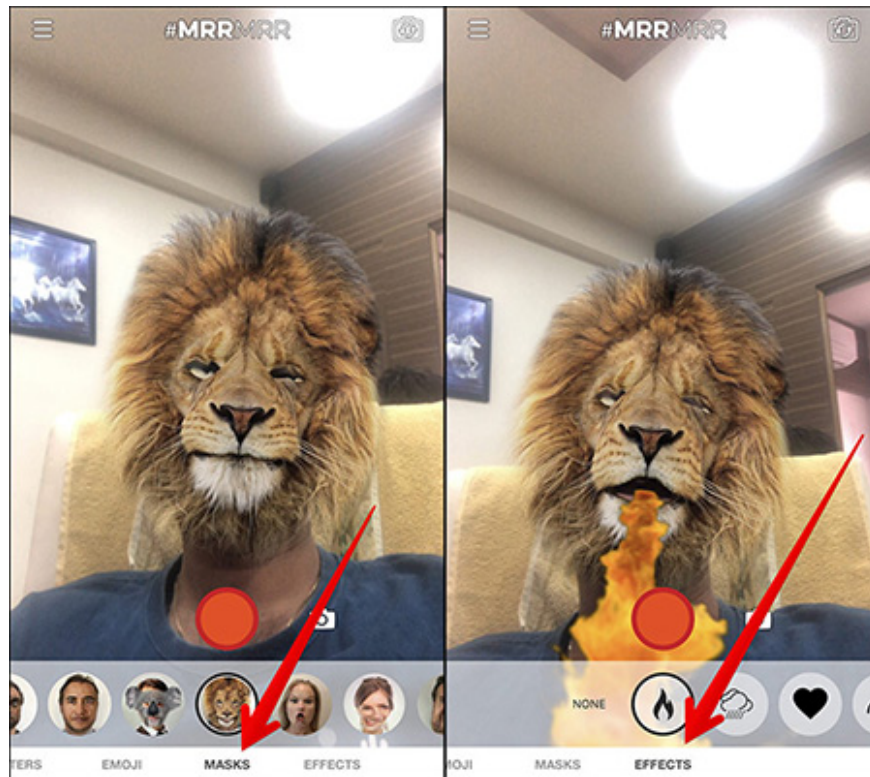

Step 7. After you finish recording the video, you can share it on Facebook, Messenger, or Instagram. Choose where you want to share> write caption / message then share it.

Use the **Save** button to save the video to the Gallery. When saving to the library, you can use the editing tools to tweak the video then share it on social networks, share it via email or the Messages application.

In addition, you can also check other effects such as masks, filters.
