

How to use Bitmoji in Snapchat

Snapchat integrates a Bitmoji app, which allows users to choose more funny and unique stickers in Snapchat.

The social network application Snapchat has just added Bitmoji's emoticon set, bringing a more enjoyable experience to users. Bitmoji is an application to create a sticker from the user-selected avatar, edit every detail to create your own emoticon. With this combination, Snapchat manufacturer hopes to bring users a comfortable and fun entertainment time.

However, to use Bitmoji in Snapchat, you need to create a Snapchat account on your phone, then download the Bitmoji application to your phone.

1. Download Snapchat for iOS
2. Download Snapchat for Android
3. Download Bitmoji for Android
4. Download Bitmoji for iOS

Step 1:

First, if you do not have a Bitmoji account on your device, when you open the Bitmoji application, the login interface will appear via Email or Snapchat account. We can choose 1 in 2 and also link between Snapchat and Bitmoji.

You can then start creating and editing the Avatar on Bitmoji following the tutorial on Transforming Super-toxic Emoticons with Bitmoji Keyboard.
