**Step 9.** You will see the location listed in the new collection and its location on the map. To add multiple locations to the collection at any time, simply select the named list (found in the Collections section), drag the panel onto the map, and then touch the plus sign in the corner. lower right of the screen.

When you finish adding a new collection address, you can share it with your friends, just touch the **Share** icon (square with the arrow indicated) at the bottom of the collection panel and choose the sharing method from **Share Sheet** .

I wish you all success!
