

# How to use items in Pokemon GO

PokéBall is one of the most important items in Pokemon GO and this item is used to catch Pokemon in the wild. Players can get free PokeBall at PokeStop. Alternatively, players can use Pokecoins to buy more PokeBall from stores.

PokéBall is one of the most important items in Pokemon GO and this item is used to catch Pokemon in the wild. Players can get free PokeBall at PokeStop. Alternatively, players can use Pokecoins to buy more PokeBall from stores.

## 1. PokeBall

PokéBall is one of the most important items in Pokemon GO and this item is used to catch Pokemon in the wild. Players can get free PokeBall at PokeStop. Alternatively, players can use Pokecoins to buy more PokeBall from stores.

When you level up, PokeBall is also upgraded. There are 3 types of PokéBall: Great, Ultra and Master Balls and when you reach the respective levels of 12, 20 and 30, you will be granted these PokeBall.

## 2. Potions

Potions are used to "heal" Pokemon after every battle in the gym. Standard Potions are unlocked when the player reaches Level 5.

Use Potion to "spray" the wounded Pokemon to restore HP.

Like PokeBall, Potion also has 3 levels: Super, Hyper and Master Potion. You will receive these Potion when you reach the levels of 10, 15 and 25, respectively. Each of these Potion will heal higher HP, while Max Potion is the most effective, able to fully recover Pokemon 'HP' .

## 3. Revives and Max Revives

Revives is an item used to help "revive" the fainted Pokemon after fighting in the gym. Revives will be unlocked at level 5 and the higher Revives version will be unlocked at level 30.

Revive has 2 different levels:

1. Revive: Revive Pokemon and restore half of that Pokemon's HP.
2. Max Revive: Revive and completely restore HP of Pokemon.

## 4. Pokemon Eggs

Pokemon Eggs can "hatch" into a new Pokemon. However, to do this, Pokemon Eggs must be placed in the egg incubator and the player must walk this distance and the distance is calculated to make your eggs hatch.

You can refer to how to hatch Pokemon Pokemon in Pokemon GO here.

## 5. Egg Incubator

Just like the name of the item, egg incubator is used to hatch Pokemon Egg. After buying or 'lucky' getting Pokemon Eggs, choose Start Incubation to put eggs in the incubator.

All incubators are limited to 3 uses. So if you want to hatch many eggs at the same time, you can buy an incubator at the store.

## 6. Lucky Eggs

You can understand na Lucky Eggs as "lucky eggs". And just as its name suggests, Lucky Eggs - lucky eggs will bring users luck. When using Lucky Egg will double XP (experience) that players get within 30 minutes.

## 7. Lure Modules and Incense

Lure Modules and Incense are items used to attract wild Pokemon to your area. However, Lure Modules can only be used in Pokestop to attract many Pokemon "stop" here.

One point to note is that both the Lure Modules and Incense are effective within 30 minutes.

## 8. Razz Berry

Razz Berry is an item used to 'make friends' with wild Pokemon more easily in the process of capturing them, especially when you try to catch Pokemon with high CP that are difficult to catch.

To use the Razz Berry, on the left toss the Pokemon screen, click on your handbag icon in the lower right corner, then press Razz Berry to use.

When start to see the heart icon appear on wild Pokemon, toss Pokeball to win them.

To receive Razz Berry, you can check out the PokeStop points.

## 9. Upgrade bag

The inventory is the place to store items in your inventory and at first the item can 'hold' 350 items. If you exceed the limit, you cannot get more items from PokeStop.

If you want more 'space', you can buy an upgrade bag to increase your inventory size to 50, and a maximum of 1000.
