

How to use the grenade launcher in Garena Free Fire

The Grenade Launcher or grenade launcher is a heavy weapon in Free Fire that can really deliver great results if used correctly. The following article will guide you on how to use the grenade launchers in Garena Free Fire.

There are many **weapons in Free Fire**, some of which are more useful than others, but none of them are useless. The Grenade Launcher or grenade launcher is the most unique weapon in the game but is often underestimated by their shortcomings. In this article, Taimienphi.vn will join you to learn about 3 types of **grenade launchers** available in **Free Fire** and share with you how to promote their potential.

How to use grenade launchers in Garena Free Fire

1. M79

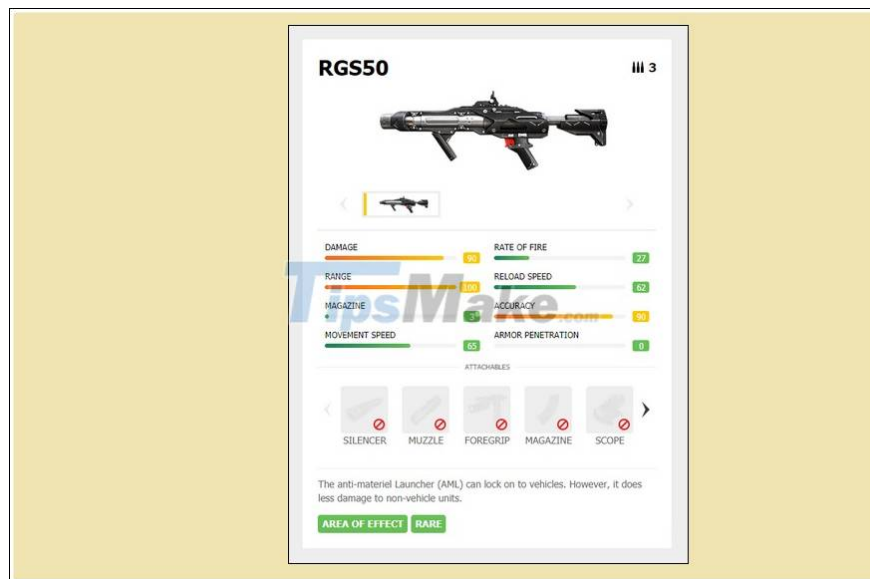

The M79 is the first grenade launcher discussed in this article and also the weakest. The M79 are probably the most found grenade launcher in Free Fire - that's probably the reason why they're the weakest. With 1 ammo count, you must reload after each shot. The other stats of the M79 are similar to the basic characteristics of this weapon class.

2. MGL 140

The MGL 140 with 5 bullets is probably the best grenade launcher in Free Fire. With 5 shots, you will have more chances to destroy the enemy instead of being extremely precise like the M79. The MGL 140 also has a faster rate of fire and reload speed than other grenade launchers. Moreover, you can increase the number of ammunition for this gun with another magazine.

3. *RGS50*

If the M79 is the weakest, the MGL 140 is the best then the RGS50 is the most advanced grenade launcher. It is also known as the Anti Materiel Launcher - the destructive grenade launcher. You can use the RGS50's special ability to destroy or disable vehicles. However, this weapon will deal less damage to targets other than vehicles. In addition, the RGS50 has a range of 100, which is 2 times that of other grenade launchers. This further increases the weapon's accuracy. Along with a 3-round magazine, the RGS50 can bring high combat effectiveness if you have good shooting skills.

4. *How to use the grenade launcher in Free Fire*

These launchers are very rare. It may take a few rounds to get one of them. Using a grenade launcher is similar to how you throw grenades - bullets are fired and exploded on impact.

A grenade launcher can be used in place of a grenade to force an opponent out of hiding places or destroy vehicles. The grenade launcher is powerful, can wipe out an entire team in seconds. For example, destroying enemies hiding in a certain room. You can shoot grenades through the window and destroy everything and destroy anyone in the room. Ammo for grenade launchers is super rare, however, it's best to just dispose of the gun if there is no more ammo.
