

How to use the Instagram Reels video editing tool

With these new Instagram Reels video editing tools, users can freely create video recording ideas and re-edit their videos to get a more satisfactory video.

The Instagram Reels video editing tool has changed its interface and is no longer as simple as before. With these new Instagram Reels video editing tools, users can freely create video recording ideas and re-edit their videos to get a more satisfactory video. The article below will guide you how to use the Instagram Reels video editing tool.

Instructions for editing Instagram Reels videos

Step 1:

First, at the Instagram interface, users click on **the Instagram Reels icon** and then proceed to record video as usual.
