

# How to use Zoom meeting on phone

Zoom Meeting is an online learning application that supports group learning via video on computers and phones by creating a classroom on Zoom.

Studying online on Zoom Meeting helps teachers, students, students easily connect with each other, exchange learning content when they cannot go to class directly. Members of the study group will communicate via video with the automatic mode of turning on the webcam or camera, recording audio directly for teachers or other members to hear. Zoom Meeting is available for use on different operating systems, so you can use Zoom Meeting on your computer or phone. The following article will guide you how to use Zoom Meeting on your phone.
