1. Instructions to hide personal information on Zalo
2. If your Zalo password is lost, try this!
3. Instructions to review old messages on Zalo

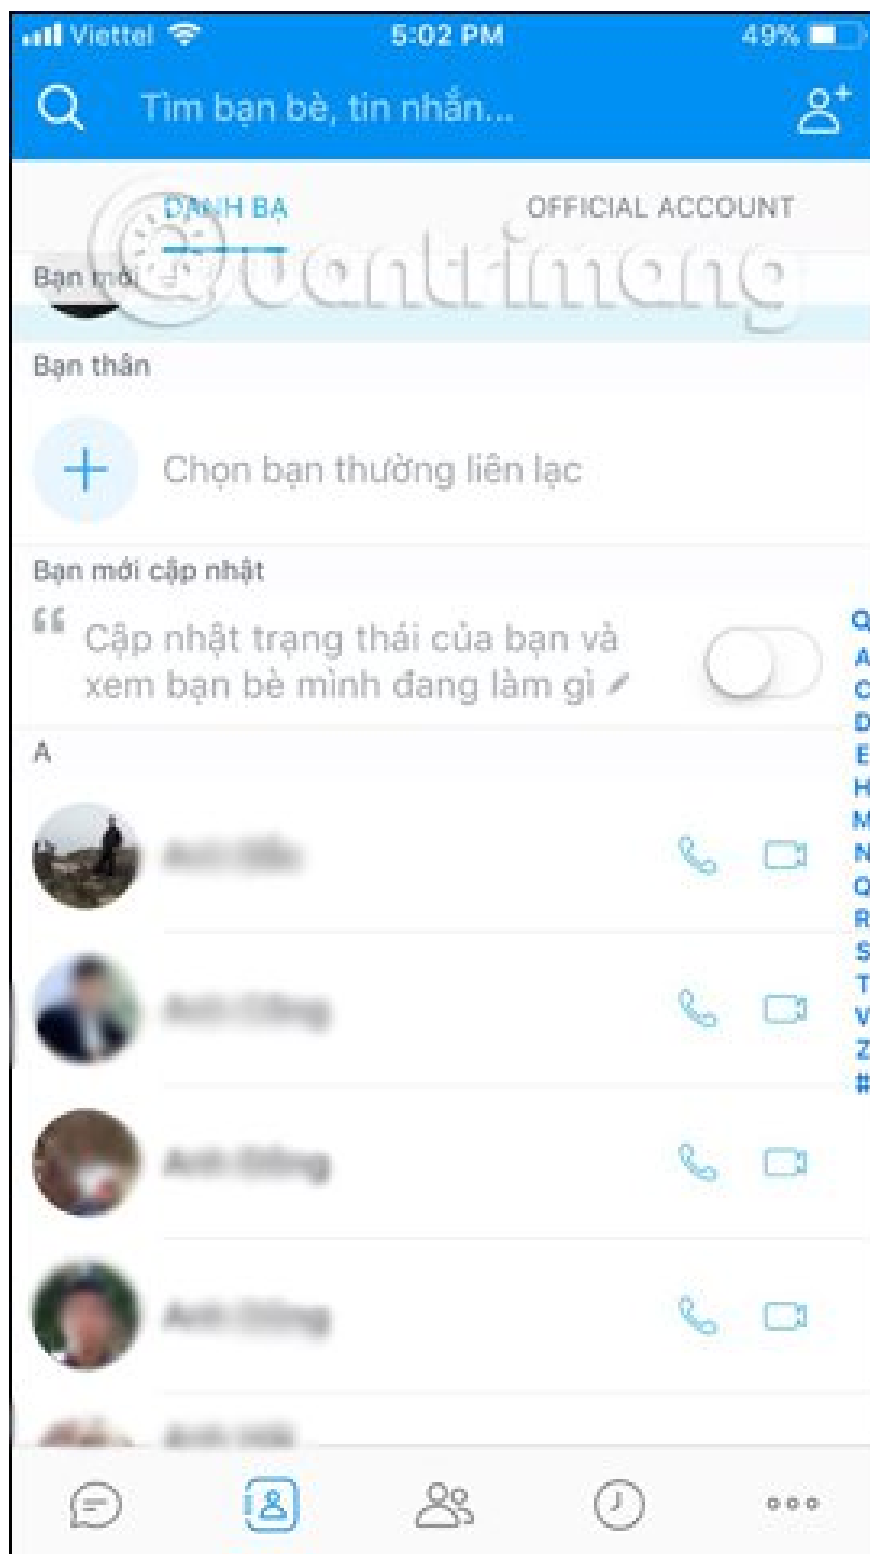

How to get a friend's phone number on Zalo

Users need to note, you save the phone number in the directory, then show the number when accessing Zalo. If a friend does not share a phone number, it will appear with a * sign.

Step 1:

At the main interface of Zalo, click on **the contact icon** at the bottom of the screen. Appear a friend list on Zalo, click on the account you want to see the phone number.

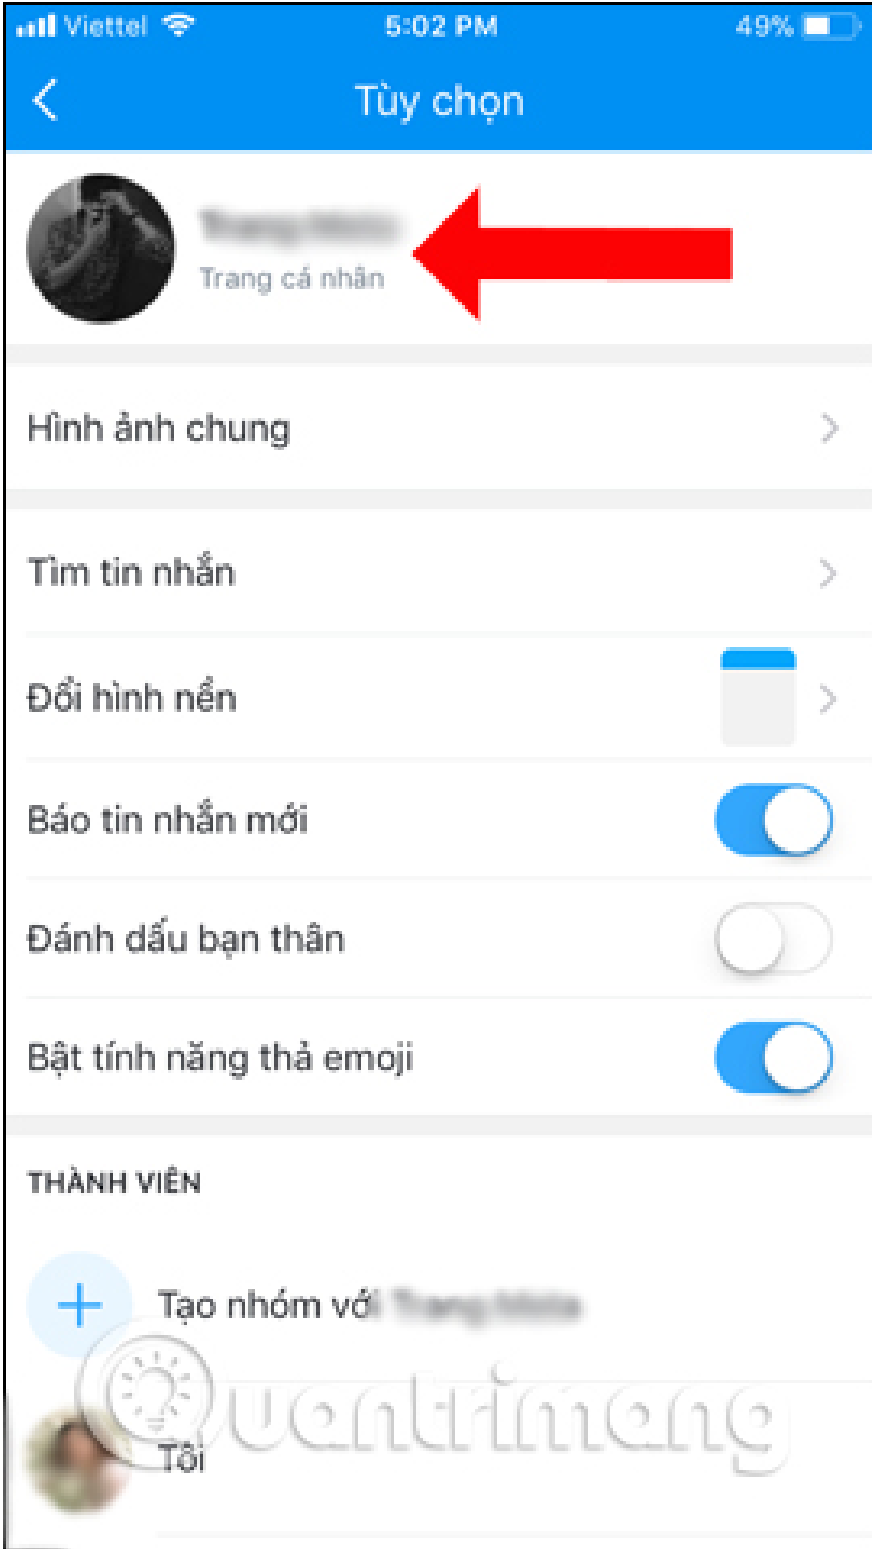

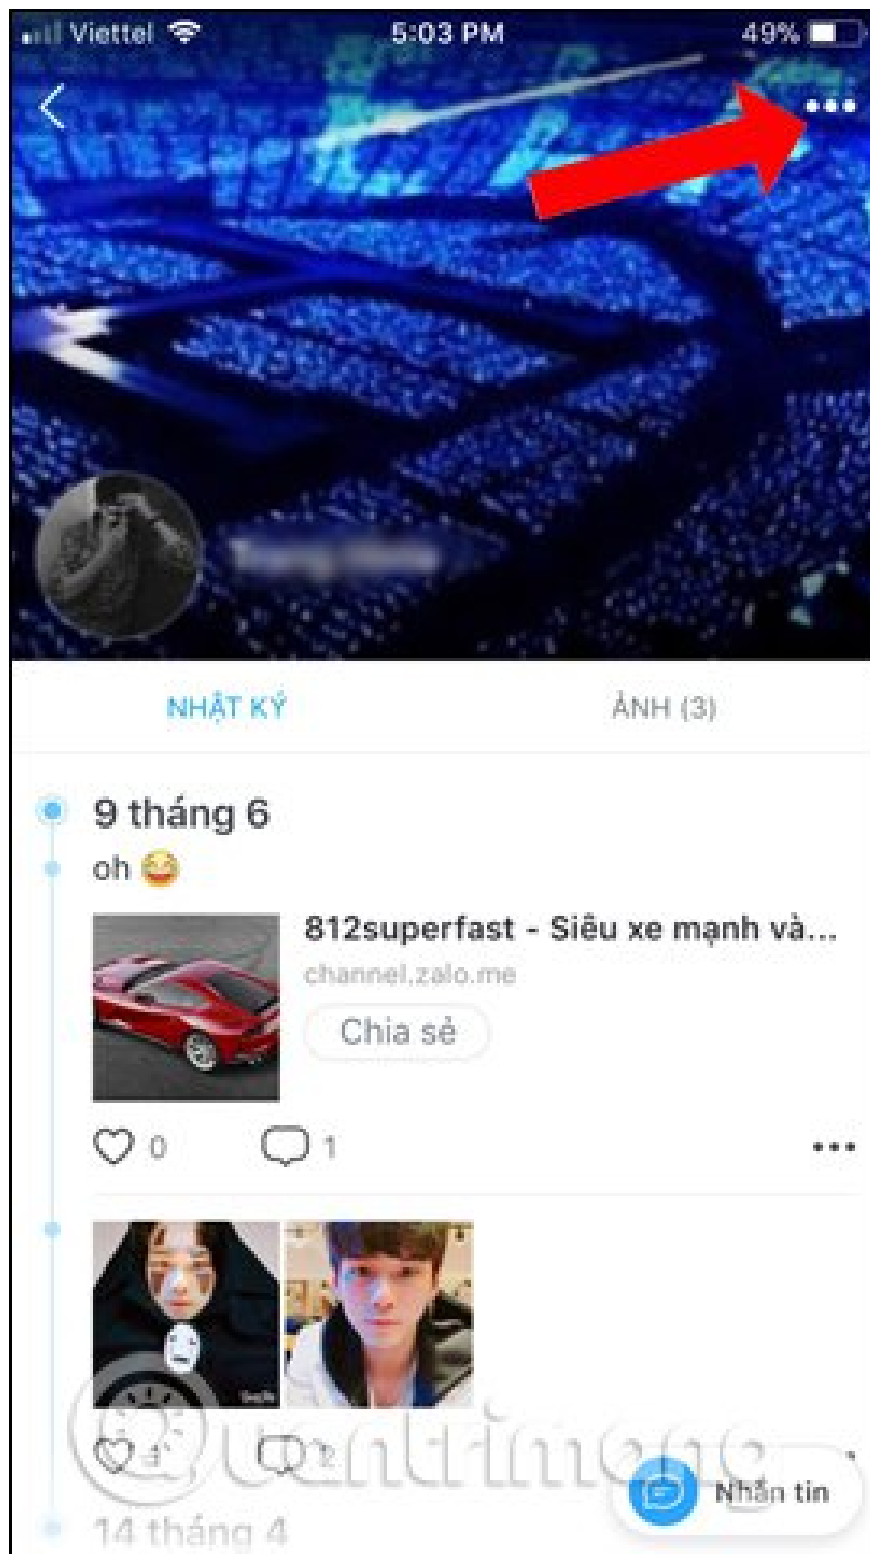

Step 2:

In the interface to send messages to friends, click on **the horizontal dot** at the top right of the interface. Switch to the optional interface with your friends account, click on **your friend's name** .

After that, we will be transferred to that person's personal page interface, also pressing **the icon** on the top **3 dashes** on the right.

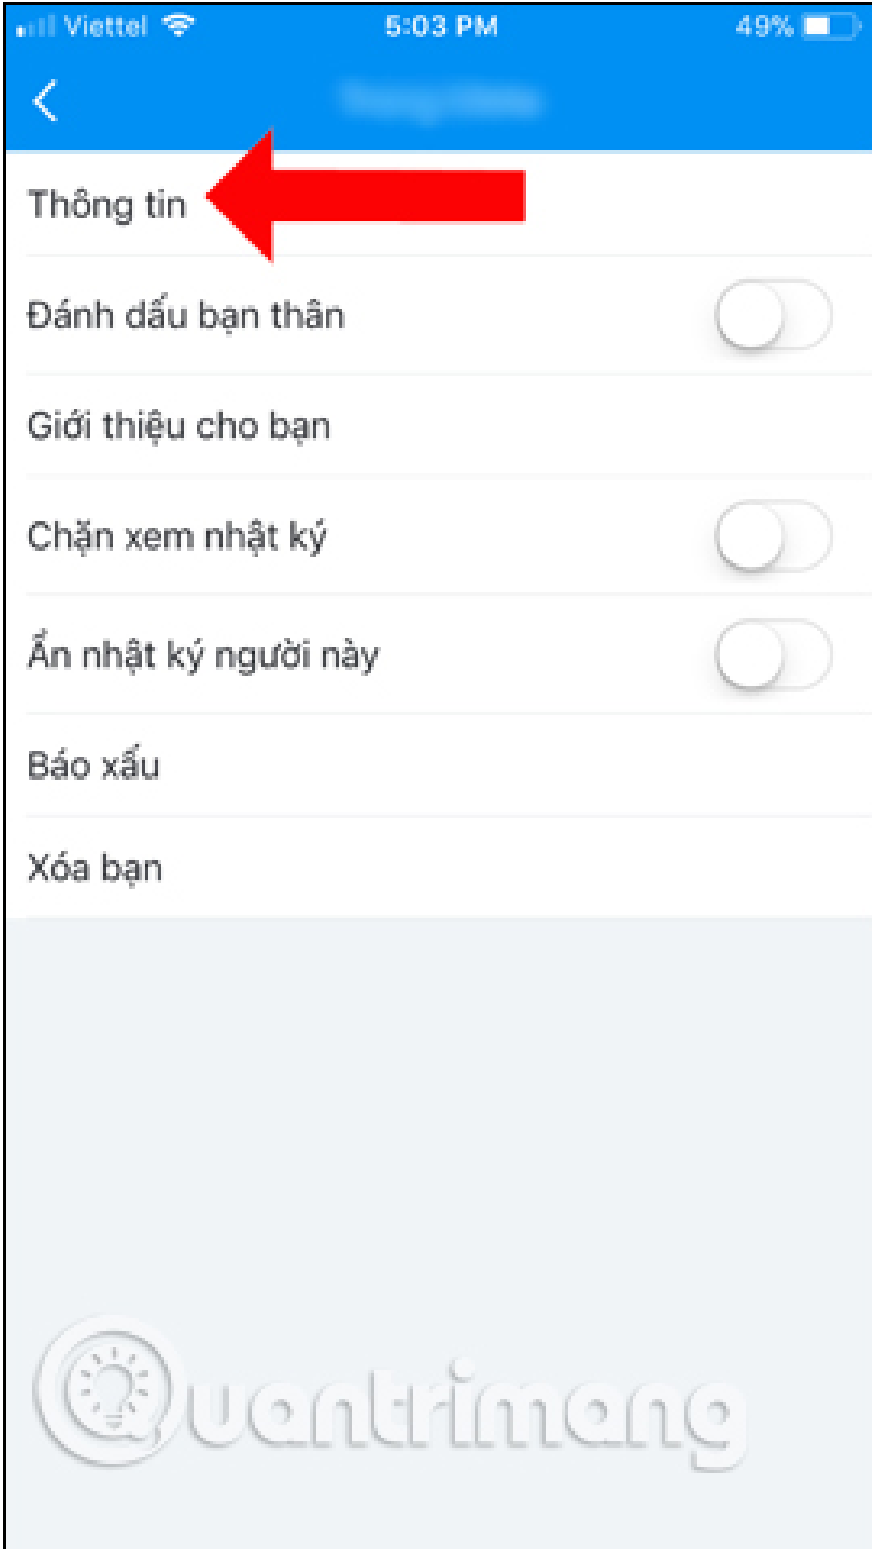

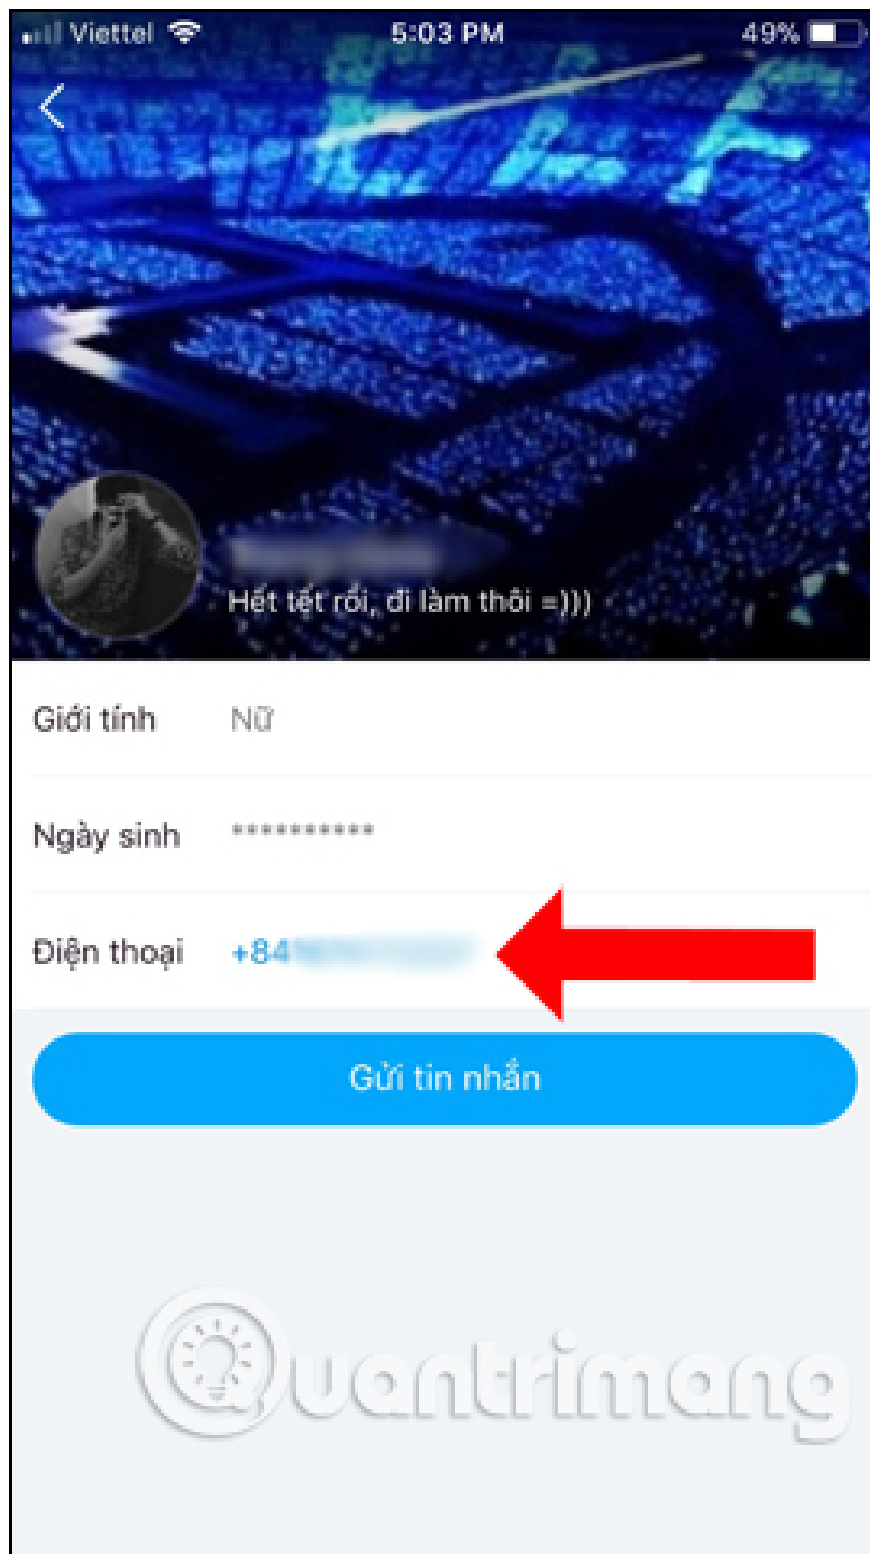

Step 3:

Click on **the Information** in the list and you will see **the phone number of the friends who** registered Zalo.

So, with a simple implementation, we know the phone numbers of any Zalo friends in the Personal Information section of their account interface. However, when your friends leave public mode on Zalo, we can see the phone information, but if you leave private mode, you can not see their information.
