

How to Watch Neverthink

This wikiHow teaches you how to start watching the latest and greatest internet videos without having to search using Neverthink, a free video streaming service. Once you set up Neverthink on your iPhone, iPad, Android, Smart TV, or in...

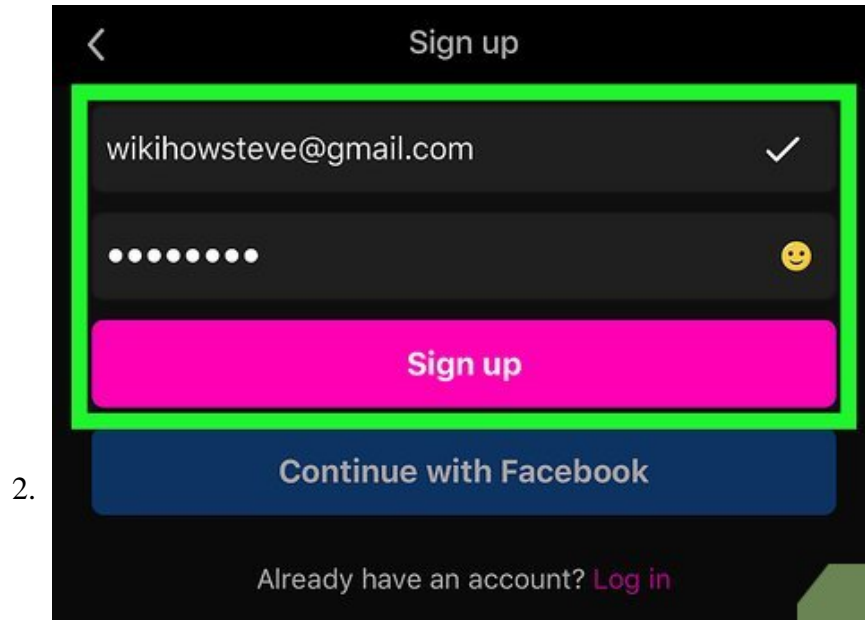

Method 1 of 4:

Using the Mobile App

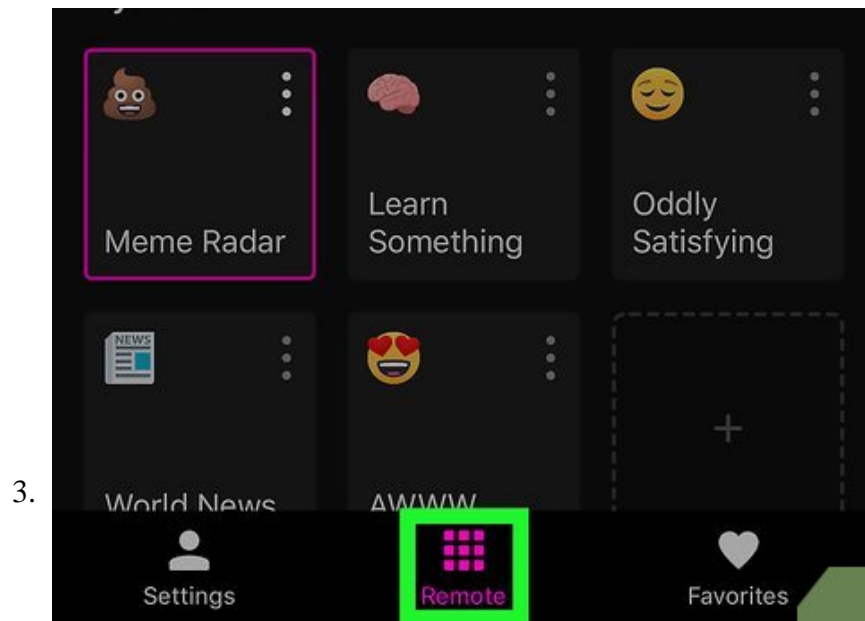

Open the Neverthink app on your Android, iPhone, or iPad. If you've already installed the app, you'll find its multicolored "nt" icon on your home screen, in the app drawer, or by searching. If you haven't yet installed it, you can download it now for free from the App Store (iPhone/iPad) or Play Store (Android).

1. If it's your first time using the app, follow the on-screen instructions to scroll through the welcome screens and give the app permission to run.
2. If you want to use your phone or tablet to cast Neverthink to a Smart TV or streaming device (including Chromecast), allow the app access to Bluetooth when requested.

Create an account. This lets you sync your favorites and your viewing history if you want to watch Neverthink on a different device. To create an account, tap **Settings** at the bottom-left corner, tap **Backup & Sync devices**, and follow the on-screen instructions.

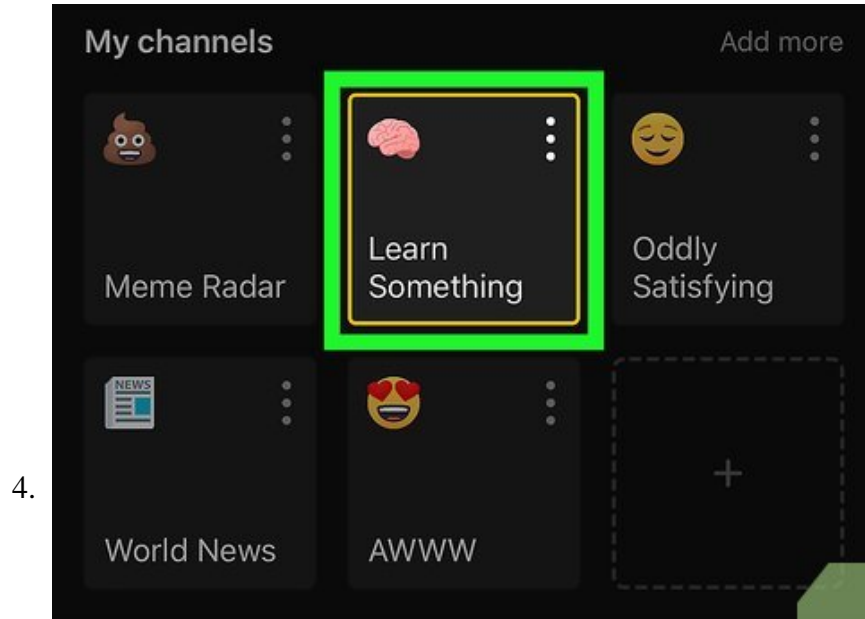

1. If you already have a Neverthink account, go to **Settings** > **Backup & Sync devices** > and tap **Log in** at the bottom of the page.

Tap **Remote to open your remote control (iPhone/iPad only).** This is the 9-square icon at the bottom-center. This displays a panel of buttons along the bottom of the screen (or the side on some larger-screened tablets) that act as your remote control.

1. To add more channels to your remote, tap **Add more** next to "My channels," tap + next to each channel you want to add, and then tap **X** to return to the remote.
2. To delete a channel from the remote, tap the three-dot menu on its tile and select **Remove from remote**.

3. To move a channel you like to the top of the remote, tap the three-dot menu on its tile and select **Move to top**.

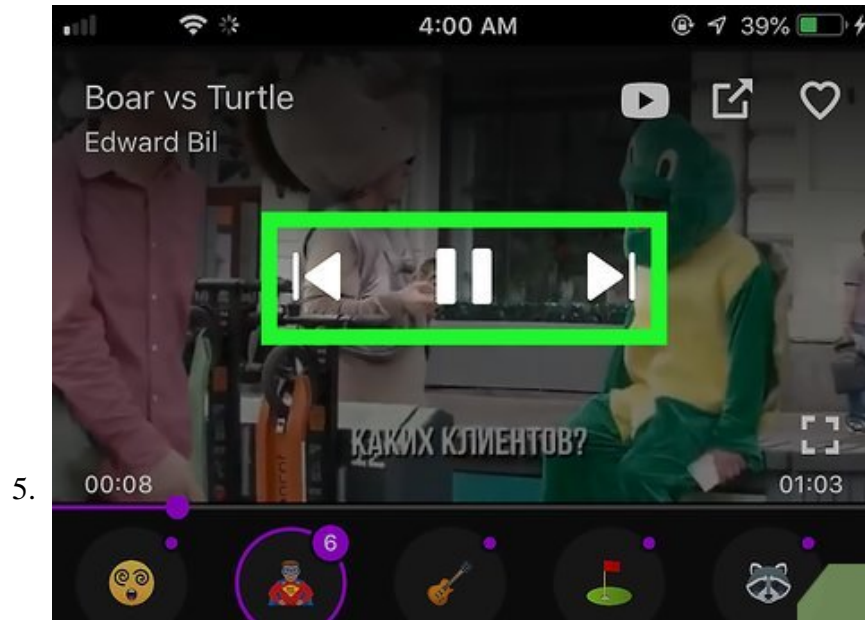

Tap a channel to start watching. Scroll down to check out the channel names and icons, then tap one to start watching.

1. **iPhone/iPad:**

1. Tap the three-dot menu at the top-right corner of a channel tile to view a brief description.
2. The round icons at the top of the remote are called specials, which are similar to the "Stories" you'll find in apps like Instagram and Facebook. When you tap a special, a number will appear at the icon's top-right corner, indicating how many clips remain in that special. Once the special ends, the next special will begin automatically.

2. **Android:**

1. By swiping down the video player, you can go back to the channel menu. In the **Favorites** section you can find your saved videos and channels.
2. To add more channels to your favorites, tap the **+Favorite** button on the top-right corner of the video player. To remove a Favorite, tap the trash icon next to it on the Favorites menu.

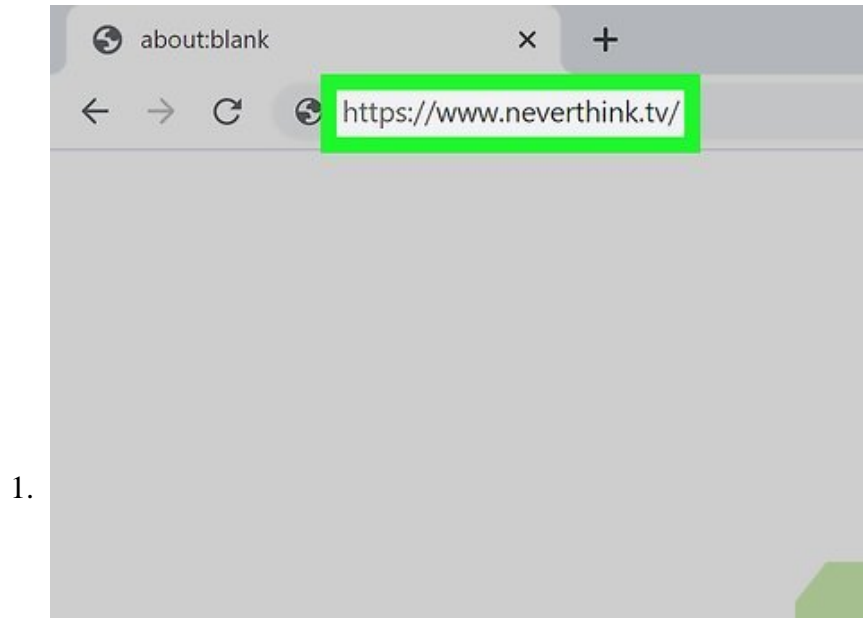

5.

Tap the video to use the video player controls. While a video is playing, you can pause, skip, mute, or restart the clip as needed. Once you bring up the controls, you can do any of the following:

1. Swipe the video left or right to go the previous or next video.
2. Tap the two lines at the center to pause, and then tap the triangle to resume when you're ready.
3. Tap the bracketed square at the bottom-right corner to toggle full-screen mode on and off.
4. Drag the slider at the bottom of the video to move ahead or backward in the current clip.
5. To open the currently-playing video on YouTube, tap the YouTube icon (the rounded rectangle with a triangle inside) at the top-right corner.
6. To save a video to your favorites, tap the heart icon. Your favorites will be accessible in the **Favorites** tab.
7. To skip or go back 10 seconds, double-tap the left or right side of the video player.

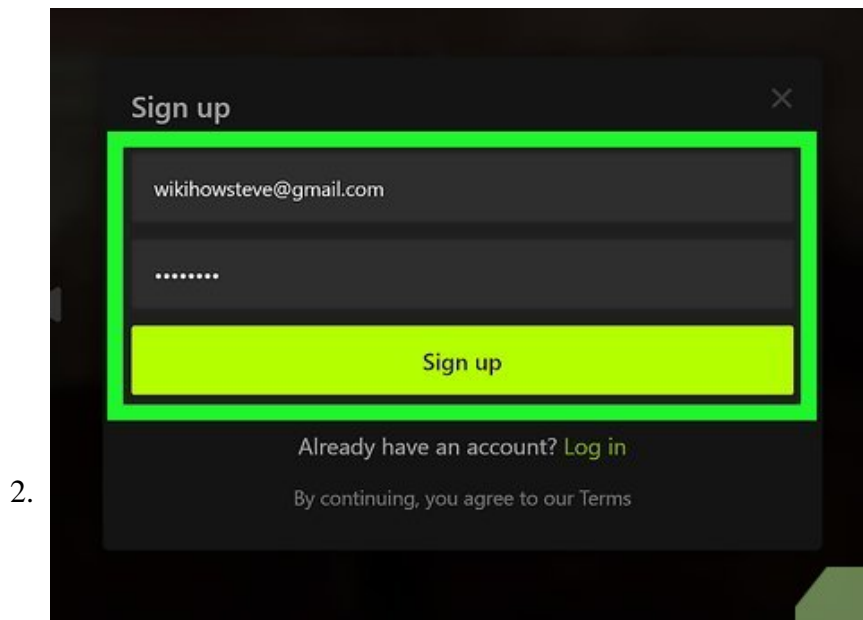

Method 2 of 4:

Using a Computer

Go to <https://www.neverthink.tv> in your web browser. You can watch streaming video on Neverthink in any web browser on your computer without installing any plugins or extensions. Once the page finishes loading, a video will begin immediately.

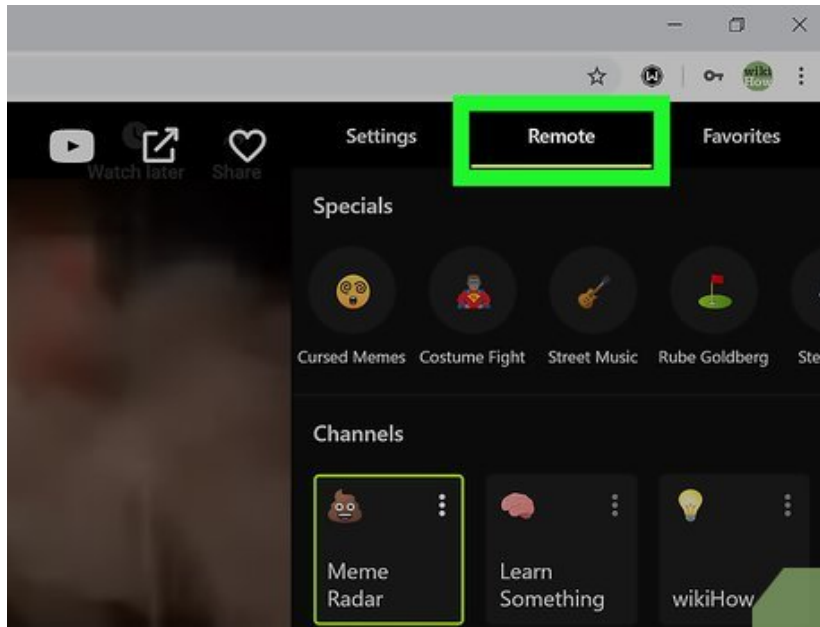

1. Although the video stream begins immediately, the sound will be muted. Click the **Click to unmute** button at the top-left corner of the video stream to unmute the stream.

Create an account. This lets you sync your saved favorites and watched videos anywhere you watch Neverthink. Since Neverthink is available on Androids, iPhones, iPads, and most Smart TVs, this can come in handy! To create an account, click the **Settings** tab in the top-right area of the page, select **Log in**, and then follow the on-screen instructions.

1. If you already have a Neverthink account, go to **Settings > Log in > Log in**, enter your email address and password, and then click the yellow **Log in** button.

3.

Click the [Remote](#) tab to open your remote control. This tab is near the top-right corner of the page. This displays a panel of buttons along the right side of the page which acts as your remote control.

1. To hide the remote, hover your mouse cursor over the video, then click the small icon of 9 squares on the video's rightmost edge. Unhide the remote control by clicking the icon again.

4.

Click a channel to start watching. Under the "Channels" header, you'll find a list of tiles displaying icons and categories. Scroll down to check out the channel names and icons, then click a channel to start watching.

1. To view a brief description of a channel, click the three-dot menu at the top-right corner of its tile.
2. To move a channel you like to the top of the remote, click the three-dot menu on its tile and select **Move to top**.
3. The round icons at the top of the remote are called specials, which are similar to the "Stories" you'll find in apps like Instagram and Facebook. When you click a special, a number will appear at the

icon's top-right corner, indicating how many clips remain in that special. Once the special ends, the next special in the list will begin automatically.

5.

Hover the cursor over the video to access the video player controls. While a video is playing, you can pause, skip, mute, or restart the clip as needed. Once you bring up the controls, you can do any of the following:

1. To go back to the previous video, click the arrow pointing left. To skip to the next video, click the arrow pointing right.
2. Click the two lines at the center to pause, and then click **Play** to resume when you're ready.
3. Click the bracketed square at the bottom-right corner to toggle full-screen mode on and off.
4. Drag the slider at the bottom of the video to move ahead or backward in the current clip.
5. To open the currently-playing video on YouTube, click the YouTube icon (the rounded rectangle with a triangle inside) at the top-right corner.
6. To save a video to your favorites, click the heart at the top-right corner. Your favorites will be accessible in the **Favorites** tab.

Method 3 of 4:

Using the Smart TV App

1. **Install the Neverthink app from your TV's app store.** For example, if you have an Apple TV, you can find Neverthink in the App Store on the main menu—just tap **GET** once you find the app. If you have a Samsung Smart TV, open your TV's Apps page, and then select the magnifying glass to search for the app, and then tap **Install** to get it.^[1]
 1. The Neverthink is available for all of the following Smart TVs: Apple TV, Android TV, Portal and Portal TV from Facebook, Amazon Fire TV, Oculus TV, and Samsung Smart TV.^[2]
2. **Open Neverthink from your TV's Apps menu.** Its icon contains many multicolored squares and displays the word "neverthink" or the letters "nt" in pixelated letters. Once you launch the app, the video stream will begin to play.
3. **Browse for a channel.** Running along the bottom of the screen is a scrollable list of channels that offer different types of video content. Scroll across the categories to see what's available, then select the channel

you want to watch.

4. **Use your Smart TV's remote control to control playback.** While a video is playing, you can pause, skip, mute, or restart the clip as needed using your regular remote control.

Method 4 of 4:

Using a Chromecast

1. **Open Neverthink on your phone or tablet.** If you have a Chromecast-capable TV (or have connected a Chromecast streaming device), you can use your phone or tablet to cast Neverthink to your TV. If you're using a computer, you can cast Neverthink to your Chromecast using the Google Chrome web browser. If you don't have Chrome, download it now from <https://www.google.com/chrome>.
2. **Tap the video to bring up the screen controls (mobile).** If you're using the Chrome web browser on a computer, click the three-dot icon at the top-right corner of Chrome to open the browser menu instead.
3. **Tap  or**

Picture 11 of How to Watch Neverthink

. You'll see the cast icon, which looks like a computer monitor with curved bars, near the top of the video. If you're using Chrome, **Cast** is near the middle of the menu. Your phone, tablet, or computer will begin scanning for Chromecasts on the network.

1. You will only be able to connect to the Chromecast if you've connected your phone, tablet, or computer to the same Wi-Fi network. If the Chromecast doesn't appear as an option, double-check your Wi-Fi connection.
4. **Click your Chromecast to start casting.** Once selected, Neverthink will appear on your TV screen as well as in the mobile app or in Chrome on your computer. Use your phone, tablet, or computer to control Neverthink instead of your TV remote.
